A LIVE NEWSPAPER PUBLISHED IN A LIVE TOWN

VOLUME XXXV.

LOUP CITY, NEBRASKA, THURSDAY, JUNE 29, 1916

NUMBER 28

## BALL TEAM LOSE GAME

The Loup City ball team went to St. Paul Sunday and played the fast aggregation of that town. The boys made a very creditable showing and with a little more practice we believe they can defeat some of the best ones.

The score was 13 to 11 and if our boys had not gone up into the air in the fourth inning and allow St. Paul to run in nine scores with two men out, would have won the game by a big margin.

The box score:

ST. PAUL		ab	r	h	po	a	e

**BOOSTER TRIP PLANNED.**  
 There has been considerable talk the past few days of organizing a booster trip to advertise the fourth of July celebration at Jenner's park. If the plans are carried out, and we believe they will be, the trip will be made Friday and Saturday of this week. The trip will be made in autos and the band will be taken along to furnish music at the towns visited. All the neighboring towns will be visited and be given a hearty welcome to attend the celebration at the park in Loup City. The booster trip should be made and as many as can do so should go. Let the people know that we are to have a real celebration and give them a genuine invitation to attend.

Mrs. Harry Roberts, daughter of Mr. and Mrs. Charles Bass, who was injured in an accident at Sweetwater a couple of weeks ago, was injured much more seriously than at first supposed. The injured girl was opera-

ted upon to relieve her suffering, Sunday, and is still in a serious condition.

**SPECIAL SERVICE POSTPONED.**  
 Porter Lodge No. 16 A. F. and A. M. and Oriental Chapter No. 78 O. E. S. will meet at the Masonic hall on Sunday, July 2, at 7:30 o'clock p. m. From there they will go the M. E. church where Brother Sloumb will deliver a special sermon pertaining to the anniversary of St. John's day. This meeting was to have been held last Sunday evening but was postponed on account of the rain.

**BIG GAME THURSDAY.**  
 The Loup City ball team will play a matched game of ball with Guineas' Giants on Thursday evening at seven o'clock. The game will be played at the park and the admission will be free to all. No doubt this will be an exciting game and the free admission should be inducement enough for all of us to attend. Go out to the game and see how the boys will perform on the fourth.

**FOR SALE CHEAP.**  
 One set of dishes, 1 good cook stove, wringer and wash boiler, kitchen cabinet and bedstead. Call L. B. Polski residence, Black 118.

Mrs. Mary A. Gardner, who has been visiting her daughter, Mrs. A. L. Watson, of Wood River, Neb., for the past two months, returned to her home in Loup City Tuesday. She was accompanied by her daughter, Mrs. Mary Twist, who with her little son, Lawrence, recently arrived from their home at Bremen, N. D. for a visit with old friends and relatives at this place and in the surrounding country.

Mrs. Lawrence Costello and baby who have been here the past month visiting with her parents, Mr. and Mrs. M. C. Mulick, returned to her home in Grand Island Tuesday.

L. G. Arnold, of Arcadia, passed through our city Wednesday enroute for Hudson, Colo., to attend the funeral of his brother who was killed by lightning.

John Blaschka has resigned his position here with Zimmerman & Waite and will leave next week for Haxton, Colo., where he has accepted a position in a garage.

Robert E. Woody and Miss Julia A. Holmes, both of Arcadia, were married by Rev. J. L. Dunn, on June 20, at the parsonage.

Mr. and Mrs. C. E. Fraser arrived here Tuesday evening from North Yakima, Wash., for a visit at the A. L. Zimmerman home.

Mrs. A. E. Bruce arrived here Tuesday evening from Omaha for a short visit at the R. F. Campbell home.

Mrs. R. F. Campbell was a passenger for St. Paul Tuesday, returning in the evening.

Richard McDonald, of Boelus spent the day visiting in our city last Sunday with friends.

## CHERRIES ARE RIPE

**CLERK OF COURT TO MOVE.**  
 The committee appointed by the board of supervisors to rent suitable quarters for the clerk of the district court has rented two rooms in the upper story of the First National bank building for his occupancy. Furniture and two new steel fire-proof cabinets have been ordered and as soon as they arrive Mr. Bass, the clerk will move into his new quarters. Now three county officers are located in rooms outside of the court house besides the storing of county records. As business increases a couple of more rooms will have to be rented. The county has also made arrangements with Hall county for the keeping of its prisoners, which will materially add to the expense, but something had to be done as the county jail cannot be used any longer.

**CORN BEEF NAMED.**  
 In an "Encyclopedia of Military Terms," just published by Canadian troops serving in France, an old staple army article, corned beef, is given the name of "bully."

Members of the United States marine corps, who publish an encyclopedia, call the same thing "canned Willie," and they point out that troops all over the world have different and expressive terms describing the tinned corn beef product.

Our marines give no reason for their "canned Willie" version of the corned beef affair, other than that they try to be original in all things, and that, in going about the world in performance of duty, they learn what the other fellow is doing in a nicknaming way and are thus able to keep right up to the minute.

**FINED FOR SPEEDING.**  
 Ira Hull, a traveling salesman, was picked up by Marshal Reynolds for speeding his auto on the streets of Loup City yesterday. Mr. Hull was taken before Judge Smith, pleaded guilty to the charge and was fined \$5.00.

County Judge Smith issued a marriage license on June 26 to Frank A. Golka, of Valley county and Miss Anna Silver, residing north of Loup City. We understand that this young couple will be married by Rev. Father Jarka at the Catholic church on July 4th.

Some folks would give anything if they could get rid of constipation. Hollister's Rocky Mountain Tea will do the work and do it quick. Take it once a week to be regular, happy and free.—Graefe's Pharmacy.

It is the popular fad now to attack a small American flag to the goat end of your automobile. Ordinary humans, however, can still fall back upon the buttonholes in the lapels of their coats.

Miss Nellie Stanczyk went to Rockville Wednesday noon to visit with her sister, Mrs. John Dietz and family.

Miss Helena Janulewicz went to Rockville Wednesday for a couple of weeks' visit with her cousin.

Mr. and Mrs. Fred Wilkins, of near Cairo, came up Sunday and visited at the N. A. Steen home.

Mrs. Wilbert Morris has been suffering the past week with a very sore toe.

M. Levy came up from Hastings on Tuesday evening on a business trip.

T. W. O. Wolfe made a business trip to Comstock Tuesday evening.

Master Tommy Willis is reported on the sick list with the measles.

J. S. Pedler was a business passenger to Broken Bow Monday.

**THE FUNERAL.**  
 Following the reading of Colonel Roosevelt's letter reiterating his declination of the nomination for the presidency and giving his unqualified endorsement to Justice Hughes, the progressive national committee devoted a little time to an expression of their inmost thoughts on the whole it was rather a lively funeral. A show of keeping up the fight was made in the attempt to secure the nomination of Victor Murdock for the presidency, but everybody knew that the jig was up when the colonel stepped out, and there was nothing more to do but get the remains out of the way as expeditiously as possible and begin talking about something else.

Colonel Roosevelt's letter had been adhered completely tipped off in advance through his numerous conversations with his followers, and his attitude created no surprise. The refusal of Mr. Parker of Louisiana, who had been honored with the nomination for the vice presidency, to assent to the burial of the progressive party can be marked down as coming from a genuine desire to see the third party succeed and not from a desire to run for office. The south is full of able and public spirited men who have become tired of the bossism of the democratic party and sincerely want to see it defeated. Because of its history and its necessary attitude on the race question the republican party cannot command strength enough in the old solid south to unhorse the democratic organization. When the progressive party was founded these southerners rejoiced that at last a national party had been born. Mr. Parker and others who felt with him may be excused for showing some temper over the proposal to turn the progressive organization over to the republicans. In the south that means another long period of democratic control, with political conditions of a discouraging and demoralizing nature. To the progressives from the south the funeral of their party was a real tragedy. It had none of the comical features that appealed to the visibilities of northern republicans.—State Journal.

**OUR NEW SERIAL.**  
 Our new serial story "The Auction Block" commences in this week's paper. This is a highly interesting story by Rex Beach and we know all who read the story will like it. Turn to the story and read it now. Do not miss the opening chapters.

**THE CHURCHES.**  
 Presbyterian.  
 The communion of the Lord's Supper will be observed at 10:30 o'clock Sunday morning. The session will be convened at the church at 10:00 o'clock to receive any who may care to unite with the church. An opportunity will be given parents to have their children dedicated to the Lord in baptism.

In the evening at 8:00 the pastor will preach from the subject: "Wars and Rumors of Wars," a discussion of the European and Mexican troubles. This will be the last service before the pastor goes away on his vacation, and if for any reason he should be needed during the month of July, he can be reached by mail or wire at Glenhaven, Estes Park, Colo.

**Baptist.**  
 Another great day at the Baptist church next Sunday. President G. W. Taft, of Grand Island college will speak both morning and evening. Everybody cordially invited.

Mrs. Victor Johnson, who has been here visiting with her parents, Mr. and Mrs. W. H. McLaughlin, returned to her home at Harvard Wednesday morning.

**CARD OF THANKS.**  
 I wish to thank the people of Loup City and vicinity for their patronage in the past and solicit your patronage in the future. I will leave for market next week to buy new fall and winter goods. Come in and see my new line of felt hats and sport tams just received.

**BUSY BEE HAT SHOP**  
 HATTIE FROELICH  
 With Prices & Co.

Plan to spend the fourth of July at Jenner's Park in Loup City. The eagle will scream on that day.

## HAIL AND WIND STORM

The hail and wind storm on last Thursday night did considerable damage throughout the country. A. R. Jack's corn was beaten down and damaged, in the vicinity of Austin as were the fields of many others in the same neighborhood. Mike McKeon's barn and windmill were blown down. Mr. McKeon reports that seventeen windmills were torn down in his neighborhood. The crops in most instances will come out alright, though somewhat damaged. As corn is not very far advanced the damage will not be so great. Several small cyclones and tornadoes were reported throughout the county and a great many people took refuge in their caves. Citizens at Rockville on last Thursday evening witnessed a rather peculiar sight, as there were three separate attempts of a tornado to strike the little town. A twister formed immediately over the village and a tail descended downward, after whirling a moment it reascended. A few seconds later it again came down a little farther than before, but again went back to the cloud from which it came. The third time it descended, however, it struck the ground on the place of Oscar Hanish, residing in the northeast part of the town. While the twister to look at appeared innocent enough, its strength may be surmised from the fact that seventeen fruit trees were instantly uprooted and the windmill immediately went out of commission.

Peculiar antics of the wind are reported from all parts of the county. Hail in some parts of the county fell for an hour and thirty minutes, most of the time coming down slowly and doing little or no damage.

The storm on Sunday night lasted only a few minutes with but little hail. Vivid lightning accompanied the storm and some damage resulted from that source. Ignatz Janulewicz lost a mule and two cows by lightning and John Pointkowski lost one of his best horses.

While the storm period is about over, it is believed that small disturbances may be looked for until about the middle of the first week in July.

**LOUP CITY MAN APPOINTED.**  
 It is with pleasure that The Northwestern announces the appointment of Col. E. A. Keeler as one of the judges of the Wagon Horse Association of America, with headquarters at Kansas City, Mo. This appointment is quite an honor in that it recognizes the ability of Mr. Keeler in the horse jud-

ging line and places him among the leading horse men of the United States.

The object of this association will be to co-operate with the farmers and horsemen in establishing a new breed of horses to fill the missing link between the automobile and the draft horse.

The wagon horse from a farmer's standpoint, must have weight enough to pull the plow and not too heavy for the harrow and cultivator on soft ground. Active for the mowing machine and wagon and to take the place of the auto on muddy or rough roads, and above all, must have flesh-carrying qualities, thus having the commercial value at any time the farm can spare him.

Wagon horses for city use would include a group of which are used principally where the business requires a quick delivery. Such horses must be closely coupled, compactly built, with plenty of constitution and stamina. They must be good actors, have a good clean set of limbs with good quality of bone and foot that will stand the wear of paved streets. In this case are express, delivery wagon, artillery and fire horses. All of these must have depth and roundness of body, smoothness and finish of conformation and be of rich solid color (star in the forehead and one white foot preferable). Height, 15-1 to 16 hands, weight, 1,100, to 1,400 lbs. (Horses weighing 1,250 standing 15-2 preferable). Stallions to weigh 300 lbs. more than mares, 1,400 to 1,700 or 1,800 lbs., height, 15-2 to 16-2 (preferably weight 1,550 and 16 hands high). Stallions must be registered Percheron. Mares' off-springs, thus registered, will be eligible when mated with registered wagon horses or registered Percheron of above quality. No ancestry requirements will be made in the selecting of dams for registration, it is quality that they want. It has been said that with horses very much depends on the dam, far more so than with other breeds of stock, hence we are particular in getting good quality with the dams. If you have an animal filling these requirements and wish to register same, write today for application blanks to Mr. Keeler at Loup City. The registration fee is \$2.00, due when animal has been accepted for registry.

The road to success is a hard one to travel, but we'll get there just the same if we keep right on stumbling along.
