LIFE OF OUR SAVIOUR

A DRAMATIC MASTERPIECE IN SEVEN REELS PATHE COLORED

COME two thousand years ago there was born at Nazareth, He whose teachings have enlightened the world. The events of Jesus' life, from the manger to the ascension, make the most stirring story of all time to all the races of mankind. The Pathe Company, to fill a long-felt want, organized a company of the best actors and produced THE LIFE OF OUR SAVIOUR, an accurate, superbly acted, visualization of Jesus' journey on earth. The compilation of this chronology of Jesus is truly an achievement worthy of the highest praise as it truthfully and geographically portrays with grace and dignity His sufferings and final achievement. This work represents a lifetime of careful study and an immense financial outlay, and because or its tremenduous subject is THE WORLD'S GREASEST DRAMA. The picture is Colored and exquisitely arranged so as to bring to the vision a graphic realization of the infinite simplicity, yet monumental strength of Jesus.
