LOUP CITY CHAUTAUQUA BEGINS AUGUST 17 PROGRAM

The Enthusiasm of our Homeland MALE QUARTET is contagious. They start the program off right. You will be sorry if you don't hear both their concerts.

Along with the Quartet the first day we have an unique story of the PAGODA land; slides and moving pictures help impress DR. SUMNER VINTON'S experiences in INDIA ON YOUR MIND.

PIETRO VERDI—PIANO-ACCORDEON and electric drums—A "One Man Band." He plays a piano duet alone. Can you beat it? Watch him. After his music, DR. GEORGE GIBBONS YARROW presents "The Culture of Personality" in a new way; sounds interesting, doesn't it? It is! Second day.

More of VERDI and then: JESS PUGH! Here we all get aboard the BIG JOY NIGHT SPECIAL! Pugh is the conductor. It's one night in a lifetime; join us.

We have waited three years to have the MILITARY GIRLS with us again. Thou sands of friends welcome their return. The entire evening will be too short, and the happiest you ever spent: a medley of Orchestral selections, Drill, Impersonations, Readings, and Songs galore. They are here the third day.

After our trip to the clouds with this sextette of delightful young ladies we are brought to earth by Dr. C. C. WILSON. His lecture is of things fundamental: "The Coming Community" or the "Lure of the Web."

The BONNIE BROOKE Company will delight you in their dainty, artistic way: singing, reading, violin music.

Then we have a new feature on our program: a PLAY teeming with human interest—"On the Wings of Melody."

"A Message From Mars" has charmed hundreds of thousands of people. Each time it is better—a wonderful story superbly told! ADRIAN NEWENS has made this story famous. In the world of monologists he stands without a peer.

A few of Mr. Newen's other monologues are: "The Sky Pilot"; "A Singular Life"; and "To Him That Hath." He comes the fourth day.

The big week's program reaches its climax on the last day with two full concerts by THURLOW LIEURANCE and his ALL AMERICAN BAND.

This is a band in action—a singing band—a rare treat—for it's under the personal direction and supervision of Mr. Lieurance, himself.
