A Letter.

Red Creek, N. Y., Sept. 6, 1916. Mr. W. H. Rightenour, Litchfield, Nebr.

Dear Sir:—I will try and tell you something about my trip to New York state. Left home August 5th. Stopped off in Lincoln and had a nice visit with my son, George A. Miller, and also with Wm. Frederick, an old time friend of mine. Left Lincoln August 7th for Toulon, Illinois, and had a nice visit there with my brother, Rev. J. L. Miller. While there I met a Mr. Grange, who lived near Summer, Neb., when a boy and when he heard I was from Nebraska he took me out in his car and showed me his fine farm. This is a fine country and crops look good around Toulon. August 11th, left Toulon for Fairbury, Illinois. The Walton Bros. farm are still doing business in Fairbury. August 12th went to Saunemin, Illinois, where Mr. and Mrs. Money Fieldcamp met at the train.

Mr. Fieldcamp worked for Dr. Goff in 1885. Money is the same jolly boy that he was years ago, but some older.

They fed me on milk and honey and even made me sleep in the ryed bed. On Sunday, the 13th I drove old Charley, the old horse, over to the old church I used to go to when I was a boy. It seemed as though I had come home and I just felt like a boy again. I met a few of my old youthful associates and had a good time with them.

August 16th, left Saunemin for Red Creek, N. Y. I went on the Wash through Indiana, and Detroit, Michigan, crossed over into Canada on the ferry boat at 10 o'clock p. m. It was a beautiful sight to see the lights along the shore on both sides of the Detroit river. Corn is very poor east of Chicago.

I arrived at Arthur and Ellens safe and sound, found them all well and doing fine. They have a very fine country here with a fine climate. Arthur is situated upon a hill overlooking Lake Ontario, and they have a fine view of the surrounding country.

August 26th Ellen and I went up to Niagara Falls and had a fine time. Some nice country up near the Falls.

It is a great fruit country all along the shore of Lake Ontario. I went in the lake twice bathing and it sure is fine and the water is clear. Arthur and I went to Fairhaven and went across Fairhaven Harbor out to the Lighthouse in a motorboat, got into some very rough water so we turned back. It took us nearly one hour to make the round trip. We saw some beautiful sights while out on the harbor.

September 7th, I am leaving for Elgin, Illinois, today. Best regards to you and all my friends.

Yours truly

A. H. MILLER.
