Miss Nellie Erickson, of Michigan, and Miss Amanda Carlsen, left Saturday for Darr, Neb., for a few days' visit with Mr. and Mrs. Henning Clausen.

Chas. Lindell lost a good steer last week from the much dreaded corn stalk disease. There has been several other losses in other localities. It would be best for everyone to use the best prevention known.

Workmen have started the erection of a new house on Mrs. Liebhart's farm on Cole Creek, now occupied by Wash Peters. It will not only be a comfortable apartment for Mr. Peters, but an improvement to the place.

Mr. and Mrs. Richard Baily of North Dakota, arrived here one day last week for a few days' visit with James Turvey, and family. Mrs. Baily is a sister of Mrs. Turvey and they had not seen one another for twelve years.

Edgar Fowler left Sunday for Gillette, Wyo., to visit relatives and look over the country. Edgar gave us no information as to his intentions, but we hope we don't lose our good neighbor within the next year at least.

"Ye Scribe" noticed an article in one of the Loup City papers where a certain party states that every school boy should be taught to take off his hat to the United States flag. Well, I am with him there and also that every one should arise to their feet when the national hymn is sung or played, so if some of our older citizens would practice what they preach, I am betting dollars to doughnuts that the school boys would soon get the habit.

Wm. Anderson was defeated in the automobile contest given by the Arcadia Champion, but he came out second and as a prize he received a good deal of experience and an opportunity to become better acquainted with the people of this and several other communities.

Don't forget that Christmas days are again drawing near. Don't forget that merchants in this town have the goods that you want to buy for those Christmas days. Don't forget that every dollar you spend with a local merchant remains in local circulation and enriches the community just that much. Don't forget that every dollar you spend outside of this town remains outside and decreases the money in local circulation just that much. Don't forget that an advertisement of a local merchant in this paper is an indication that the merchant is prepared to "make good" or he would not resort to publicity in soliciting your trade. Don't forget the good advertiser is generally a "live wire," and that live wires are better than dead ones.

The announcement that Attorney John C. Martin of Central City, a prominent member of the Merrick county bar, has entered the race for judge of the supreme court is meeting with a response throughout the state that tends to strengthen daily the confidence of his many friends deeply interested in his selection for this high office. Mr. Martin is well known in Nebraska, having for many years been engaged in a practice that has served to identify him as an exceptional man. He has never been classified as an office seeker. His devotion to his work commanding his concentrated effort, and his present entry may well be termed compulsory on the part of those who believe he is the man for the place. Naturally endowed with the qualities of a leader, he has taken an active interest in all local, state and national questions, with the result that the people of Merrick county find deep gratification in the knowledge his competency is recognized throughout the state as well as at home. Fifty-six years of age, he has acquired that efficiency that comes only with a life of active practice, and yet he retains that vitality essential to the full performance of the high office to which he aspires.

## Arbitration

is the twentieth century means of settling disputes.

In time, Arbitration should supplant war in deciding differences between great nations. Acceptance of the principle of Arbitration will render great industrial strikes impossible—and even minor differences will come to be settled by this means. Impartial judges can be counted upon to render fair decisions.

To impartial judges of roofing, we will always be willing to leave decision as to the comparative merits of roofings, confident that intelligent investigation will result in a decision for

# Certain-teed Roofing

An investigation into methods of manufacturing would show that only the best quality of roofing felts is used in CERTAIN-TEED roofing. This is thoroughly saturated with a blend of soft asphalt—the formula of the General's Board of Expert Chemists. It is then coated with a blend of harder asphalt, which forms an impervious coating and prevents the inner saturation from drying out.

This explains why CERTAIN-TEED outlives ordinary roofing, and why it is possible to guarantee it for 5, 10 or 15 years, according to ply (1, 2 or 3). The responsibility of the world's largest manufacturer of roofings and building papers is behind this guarantee; which is conservative, as experience proves that CERTAIN-TEED outlives the period of guarantee.

The General makes one third of America's supply of asphalt roll roofing. His facilities are unequalled, and he is able to produce the highest quality roofing at the lowest manufacturing cost.

CERTAIN-TEED is made in rolls; also in a slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

## JOHN C. MARTIN

Central City, Neb.

Candidate for Election on the Non-partisan Judiciary ballot For Supreme Judge

MR. MARTIN is 56 years of age, was born and reared at Pittsburg, Pa., where he read law for four years prior to coming to Nebraska. He was educated at Wooster University, Wooster, Ohio, and Lafayette College at Easton, Pa.

He came to Nebraska in 1883 and first located at Columbus, where he practiced law until 1885 when he moved to Merrick County, Neb. He has devoted his entire time and energy to the practice of the law in this state ever since, excepting during the years of 1899 and 1900 when he was legal adviser of the auditing department of the United States located at Havana, Cuba, under the military occupation of Cuba.

As evidence of his conception of the duties of the office to which he aspires, and for the purpose of advising the electors of Nebraska as to his conduct in that office if elected, he announces the following

- PLATFORM
- Equality before the law.
  - Remove the law's vexatious delays.
  - Substantial justice unhampered by technicalities.
  - Purify the courts by severe punishment for perjury.
  - No politics or favoritism known on the bench.
  - "To do the right as God gives me to see the right."

That campaign claptrap about President Wilson "keeping us out of war" is more or less ridiculous in the face of known facts.

After President Wilson had sent the American marines to Vera Cruz, actually invading that country and having several of our soldiers murdered, General Carranza, cool and deliberate, made this announcement to the world: "I wish to keep Mexico out of war, but above all I am determined to keep the United States out of war. I will not let the innocent Americans be dragged into war by Mr. Wilson."

So there you are. All this time an effort has been made to convince the people that Woodrow Wilson had "kept us out of war" when it was that bewhiskered old denizen down in Mexico that kept Mr. Wilson from dragging us into war.—Pawnee Republican.

We did a little blinking the other day when the Germa U-boats kicked up the spray on the Atlantic coast. But life is so short for blinking, and here's for another snooze.
