Chief Justice Andrew M. Morrissey

Non-Partisan Candidate to Succeed Himself.

The judiciary has been taken out of politics. Judges are not nominated by political parties, but are voted for on a separate non-partisan ballot. Judge Morrissey's work as Chief Justice has been heartily commended by those having business before the Supreme Court. In the April primaries the voters showed their appreciation of his efforts by giving him a splendid majority. Out of 93 counties he received a majority of 80; and in the whole state he received 9,993 more votes than were cast for any other candidate for Chief Justice. He is in vigorous health; in the prime of life; has demonstrated his fitness for the position, and for these reasons you are asked to help elect him to succeed himself.

Are You Efficient?

In these days of fierce competition, to succeed requires all our talents. Many an earnest, ambitious person falls short of complete success because of something that holds him back. Very often the cause is eye-strain. YOU can be a better stenographer, salesman, mechanic, baker, housewife—if you will remove the handicap of eye-strain. Eye-strain can be removed—remember that. So that puts the matter squarely up to you, doesn't it?

We are eye-strain EXPERTS. Let us examine your eyes and supply glasses that will give you an equal chance with others.

We have installed the dark room, which is an absolute necessity to do this fitting. We invite you to inspect our optical parlor. Eyes examined free of charge.

Guaranteed glasses at reasonable prices—\$3.00 up.

Kryptok—the efficient bi-focal.
Everlock—the screwless mounting.
