**LIVE STOCK PRICES
AT SOUTH OMAHA**

**Cattle Market Steady to a Dime
Higher; Moderate Receipts**

HOGS STEADY TO LOWER

Trade Rather Draggly in Sheep and Lambs; Market Slow at Irregular Reductions. Fat Lambs Break Most; Muttons Lower in Spots. Ewes Weak to Around 10@15c Off—Some Yearlings and Wethers Steady. Union Stock Yards, South Omaha, Nebraska, October 24, 1916. The week opened with a moderate run of cattle for this time of the year, 527 loads, about 14,000 head. There seems to be very few corn-fed cattle in this part of the country, as very few of the 14,000 fresh cattle here Monday showed even a passing acquaintance with corn and there was not very much choice on sale. There was a good inquiry for desirable cattle from all the dressed beef men, and the market was strong for anything of this kind. Prices ranged from about steady to in some cases as much as a dime higher, than Friday, and movement was lively all forenoon.

Quotations on cattle: Good to choice heaves, \$9.75@10.50; fair to good heaves, \$8.50@9.50; common to fair heaves, \$6.75@8.25; good to choice heifers, \$6.75@7.25; good to choice cows, \$6.50@7.00; fair to good cows, \$5.85@6.40; canners and cutters, \$4.25@5.75; veal calves, \$8.00@10.00; bulls, \$5.25@6.50.

The week opened with the heaviest run of hogs for a Monday since three weeks ago, supplies being estimated at 69 loads or 4,800 head. Shippers bought a few loads early at about steady prices, and one of the packers also bought a load or two of the best hogs at this time at Saturday's prices, paying a top of \$10.15. The market was rather dull on early rounds, but after the buying started it did not take long to clean up. Bulk of sales landed at \$9.75@9.85, with a few scales on up, and the top as noted reaching \$10.15, the highest price paid so far this month.

Early estimates indicated Monday's sheep and lamb run was the smallest that has been here on a Monday for a long time. Mid-forenoon figures placed the supply at 106 cars or 29,000 head, which is about 2,000 smaller than a week ago and 9,000 short of two weeks ago, but 3,000 heavier than a year ago. Most of the arrivals were feeders, but while no more big runs of fat lambs are looked for packers started out talking as much as 25c lower.

Quotations on sheep and lambs: Lambs, good to choice, \$10.20@10.25; lambs, fair to good, \$9.90@10.15; lambs, feeders, \$9.00@10.00; yearlings, good to choice, \$7.50@7.75; yearlings, fair to good, \$7.00@7.50; yearlings, feeders, \$7.00@8.00; wethers, fair to choice, \$6.50@7.40; ewes, good to choice, \$6.50@6.75; ewes, fair to good, \$5.75@6.50; ewes, plain to culls, \$4.00@5.50; ewes, feeding, \$4.50@6.00; ewes, breeders, all ages, \$6.25@9.00.

**McKINLEY'S WAR COST LESS
BLOODSHED THAN WILSON'S PEACE**

By Theodore Roosevelt.
Under President McKinley we had a war with Spain. Under President Wilson we are assured that we have had "peace" with Mexico. These are the words. Now for the deeds. During the war with Spain fewer Americans were killed by the Spaniards than have been killed by Mexicans during the present "peace" with Mexico. Let me repeat this. A greater number of Americans have been killed by Mexicans during these years, when we are officially informed that we have been at peace with them, than were killed by the Spaniards during our entire war with Spain. Moreover when the war with Spain was through, it was through. But peace still continues to rage as furiously as ever in Mexico. Nor is this all. The instant effect of the outcome of the war with Spain was to put a stop to the dreadful butchery and starvation in Cuba and the Philippines, and the entry of both Cuba and the Philippines on a career of eighteen years of peace and prosperity such as they had never known before in all their checkered history. But during these three years of Mr. Wilson's "peace" the Mexicans themselves have been butchered by their own bandits steadily and without intermission; and Mexican women and children have died by thousands—probably by scores of thousands—of starvation, and of the diseases incident to starvation. In other words, Mr. McKinley's war cost less peace; and it reflected high honor on the American people; whereas Mr. Wilson's peace has been one of shame and dishonor for the American people, and one of ruin and bloodshed for the Mexicans.

A PICTURE OF HUGHES.

The New York World, which once was outspoken in its admiration for Mr. Hughes, now declares that the people do not know where Hughes stands, or what he stands for. This Wilson organ had no such criticism to make when Mr. Hughes was governor. The World said on May 17, 1910: "He dictated no nominations, controlled no convention, trafficked in no patronage, made no bargains with officeholders. He has rewarded nobody for supporting him and punished nobody for opposing him. What influence he has wielded over public opinion has come through his appeals to the voters themselves." That is the estimate of Mr. Hughes given by the World six years ago. It is a pretty fair letter of recommendation. Could the World say as much for President Wilson? Hardly, for the president has done all of the things from which the World absolved Hughes.—Kansas City Journal.

**GUARDSMEN PAY THE PRICE
OF WILSON'S ABASEMENT.**

Having condoned the repeated murders of Americans by the Carranzistas, and having abased himself before Carranza, and having aided in placing Carranza in power, what is Mr. Wilson's reward? and who pays it? The reward is that Mr. Wilson has to place 150,000 troops on the border to partially prevent the raids and murders that his friend Mr. Carranza will not or cannot prevent; and the payment is made by the soldiers who are slain and by the families of the guardsmen who go in want because their husbands and fathers have been called to the border to make good Mr. Wilson's refusal to let the regular army administer such punishment to the bandits as to inspire in them a healthy fear.—From the speech of Col. Theodore Roosevelt, delivered at Lewiston, Maine, in behalf of Charles E. Hughes.

Political Jottings.

The Houston Post reasons that it was easier for its own beloved Democracy to endorse the President's Mexican policy than to define it.

While he was about it Senator James Hamilton Lewis also might have explained that the Rome that was "too proud to fight" died a rather disastrous death.

"In all fairness," asks the Boston Transcript, "shouldn't the expense of financing Carranza be borne by the Democratic campaign committee?"

Democrats really haven't any objection to big appropriations for army and navy and internal improvements. They expect the Republicans to rustle the revenue to foot the bills for the next four years.

Hughes says he would like six months to investigate the Administration, but the Administration figures he's doing very well as it is.

**STRING OF INTERROGATIONS
TO FEASE WILSON IDOLATERS**

Questionnaire No. 1—Will All the Wilson Notes Be at His Notification?—How Did Fool Free Trade Hit Your Line of Business Just Before the Battles Began?—When the War Babies Die Will You Weep at the Funeral?

The question habit grows. You may ask a question of any one. Why should the dear old public escape? Here are a few from The New York Sun for the man in the street:

- Do you approve of the Rivers and Harbors loot?
- Do you want four years more of watchful waiting with the National Guardsmen undergoing military training in a tropical climate in mid-summer?
- Do you hold that the duty of the United States is to serve humanity and let its own citizens be killed and outraged?
- Do you feel proud of notes with nothing behind them?
- What do you think of the Vera Cruz adventure?
- Would you like to have been an American soldier at Carrizal?
- Do you love Carranza?
- Do you believe in a financial regime conducted largely in the interest of one section of the country?
- Do you desire to cut the Philippines loose in order that Japan may gobble them?
- Do you want four more years of Daniels?
- Do you approve of wrecking the diplomatic service to provide jobs for deserving Democrats?
- Are you in favor of inflation?
- Do you believe in preparedness for a flood of cheap European wares as soon as peace comes?
- Have you noticed the significant increase of imports in the past year, despite the war?
- How did fool free trade hit your line of business before August, 1914?
- And your friends?
- Were you all cheered up by the Underwood tariff bill?
- Do you think the doubling of the income tax is fair while millions' worth of competitive imports come in free?
- Where are you going to be when the war babies die and business slips back to the cold, hard, normal basis?
- Can you conceive of any possible good to you or to the country from another Presidential term like the present one?
- Will you perpetuate sectionalism, greed, ignorance, stupidity—general ineptitude in Congress?

ATTRACTS BUSINESS MEN.

Mr. Hughes has not tried to scare anybody, but has merely portrayed the errors of the present Administration and set forth certain principles on which the affairs of the country should be managed in the future.

There is a political logic in this portrayal, the culmination of which in the mind of the voter is expressed by the frequent remark:

"He is the kind of man we want to steer us through."

This has been said by many a business man. The qualities seen in Mr. Hughes are poise, a strong, sane mind, sincerity and a willingness to sacrifice life, physical or political, to the good of the country. Nor is there any question as to the quality of nerve to meet the emergencies of the four years beginning March 4, 1917.

HOME OF AVERAGE MAN.

"But America is not simply a land for the man of special talent or of distinguished aptitude. This is the home of the average man, the ordinary man who is doing his best, whatever, by talent or aptitude and in our large industrial occupations where thousands are gathered together in one service, we want a recognition of human brotherhood in providing for the welfare of those who make the wealth of this great country.

"We want workmen to be safeguarded from every injury that can be prevented. We want the health of the workmen looked after; every means provided which conduces to the proper standpoint of living; every means provided for proper recreation; appropriate means for education, for vocational training. In short the workman who is on the job and expects to continue in that job ought to feel that he is doing something worth while for a community that appreciates it and gives him a fair chance to lead a happy and decent life.—From Mr. Hughes' speech at Detroit.

THE DEMOCRATIC REVENUE BILL.

The Democratic revenue bill, as completed, is regarded as so perfect that the chances are that the taxpayers of New York, Massachusetts and Illinois will be able to build 3,000 more miles of good roads in Alabama next year.

MR. HUGHES IS TALKING TO THE WOMEN.

Mr. Hughes is talking to the women of the land in the homely language of the fireside and we expect to witness an impressive rallying of the sex on the first ironing day after the first wash day in November.

EAST AND WEST UNITED AT PROMONTORY POINT, MAY 10, 1869, BY JUNCTION OF UNION PACIFIC AND CENTRAL PACIFIC LINES. Facing on a single track. Half a world behind each back. —Bret Harte, "What the Engines Said."

Driving the Golden Spike completed the first line of this great railroad system and gave our country the first adequate communication between the Atlantic and the Pacific. No other event in the History of Transportation was so widely celebrated or so important in the public mind—not even the building of the Panama Canal.

The completion of this first transcontinental line was the climax of a quarter of a century of agitation and three years of record-breaking construction. The occasion was celebrated by public meetings and parades in all great cities of the country. Every blow on the Golden Spike was recorded by telegraph over the whole land. Public rejoicing in San Francisco lasted three days. Travelers and shippers know that the first road west is still first.
