## CHURCH NOTES.

## Presbyterian.

Sunday is the beginning of our "Go To Church and Rally Campaign." This will be Missionary Day. In the morning the pastor will preach a missionary sermon on the subject: "The Debt the World Owes To the Missionary." In the evening there will be an illustrated sermon on some phase of missionary work in which 80 to 100 stereopticon slides will be shown.

The members of the church are urged to be present at all these services of the church on this first Sabbath of our campaign and our friends are most cordially invited.

## Baptist.

We had a great treat last Sunday at the church. Dr. George Sutherland of Grand Island College speaking to good audiences both morning and evening. At the morning service his subject was "The Regenerating Power of the Gospel" and in the evening his theme was "False and True Ways of Seeking Settled Peace and true Happiness."

Sunday morning the subject will be "Sympathy." At the close of sermon an opportunity will be given those who desire to unite with the church.

At 6:30 B. Y. P. U. led by Sister Hilda Steen. Following which there will be a song and gospel service.

A hearty welcome awaits all who attend these services.

## Swedish Mission Church.

The Swedish Mission Church Sunday school next Sunday at 10:30 a. m. Service at 11:15. The pastor Smithberg preaches on the subject, "The Best Time."

At 8:00 p. m. the young people and all interested in Bible study meets to study "The Third Book of Moses."

The annual Mission sale by the Swedish Sewing society will be held at their church on the day of Thanksgiving beginning at 2 p. m. with a short interesting program. After the sale an oyster supper and coffee with home made cake will be served for 25 and 10 cents. Everybody is cordially invited. Please bring your friends with you.

## Methodist.

Last Friday evening the Sunday School class of Mrs. A. J. Johnson went out in autos and perpetrated a pleasant surprise on that lady, the occasion being her birthday. She was the recipient of a beautiful glass set given by the class. Music, games and an oyster stew combined to add to the pleasure of the evening.

The program and social last week was a complete success. Not less than 250 attended. This Thursday night the men led by J. W. Long are having a big "doings." We hope all our folks are entering into the good spirit of this series of meetings. It is for everybody, whether church members or not. Come and be friendly. Don't sour out for Christ, but sweeten up for Him. The church was comfortably filled on Sunday morning and crowded at the evening service. There were 260 at Sunday school. Fine. Do it again if you can. You should have seen that fine line up of men at the altar in the closing service of prayer at night. We are having just the kind of a revival that will help us all, if we will each just do our loyal best to make it a success.

It will not be long until the big night. That is on December 8th when the Ladies Aid society will hold their big annual bazaar and supper. The ladies met this week with Mrs. Elvira Daddow to complete arrangements for that worthy event. It will be a good chance to do some Christmas buying. Dr. George W. Isham will preach here Sunday evening Dec. 3d. The Epworth League has something doing the evening of Dec. 10th. The Epworthians invite the young people to meet with them next Sunday at 6:30. Leader, Miss Klea McNulty. Topic, Cultivating the Thanksgiving Habit." Sermon to the followers of Christ at 10:30. An address of special interest at 7:30. Subject, "Giving God A Chance." Music by the chorus led by Mr. Smith. We want you with us.

LIVE STOCK PRICES  
AT SOUTH OMAHACattle Market Around 10-15c  
Lower, Heavy Receipts

HOG TRADE UNEVENLY LOWER

Lambs Fully Steady, but Not Very Active—Prices, if Anything, Higher in Spots. Quality of Offerings Not Quite So Good As Last Week's. Feeders Stronger, Too. Demand Much Heavier Than Supply—Top Brings \$10.70, a New Record.

Union Stock Yards, South Omaha, Nebraska, November 21, 1916.—The week opened out with an unusually heavy run of cattle, some 592 loads, or about 15,700 head. Advices from other markets were of about the same tenor as here, heavy supplies and slow, lower markets, and dressed beef men bearish in their views. The packers all had cattle on hand that they were unable to kill last week, and as a result they were unwilling to take on fresh offerings except at lower prices. What trading was done largely on a 10@15c lower basis. Fair to very good 1,100 to 1,400-pound beefs sold at \$8.50@9.35, and the common to fair warmed-up and partly fattened grades sold from \$6.50@8.25.

Quotations on cattle: Good to choice yearlings, \$10.00@11.10; good to choice beefs, \$9.60@10.40; fair to good beefs, \$8.50@9.50; common to fair beefs, \$6.50@8.25; good to choice heifers, \$6.75@7.50; good to choice cows, \$6.50@7.25; fair to good cows, \$5.75@6.50; canners and cutters, \$4.25@5.50; veal calves, \$8.00@10.00; bologna bulls, \$5.00@5.50; beef bulls, \$5.50@6.75.

The hog run for Monday was the largest here on a Monday since last April, supplies were estimated at 140 cars, or 9,800 head. Shippers filled what orders they had on a 10@15c lower basis, but first packer bids were around 15c lower in several cases, and when they started putting up their droves prices had not improved very much, the first strings being around 10c lower, and in a few instances 10@15c lower than the close of last week.

The week opened out with the lightest of sheep and lambs for a Monday since July, receipts being fifty cars, or about 12,000 head. The fat lamb trade got a rather draggy start, considering the fact that supplies were moderate. Packers all seemed to need a few lambs, but part of the run was late getting in, and the earlier arrivals included nothing very choice. On the basis of the sales made up to 11 o'clock, however, trade was fully steady.

Quotations on sheep and lambs: Lambs, good to choice, \$11.40@11.60; lambs, fair to good, \$11.00@11.25; lambs, feeders, \$9.50@10.70; yearlings, good to choice, \$8.75@9.50; yearlings, feeders, \$7.00@8.00; wethers, fair to choice, \$7.00@8.50; ewes, good to choice, \$7.40@7.60; ewes, fair to good, \$6.50@7.40; ewes, plain to culls, \$4.00@5.75; ewes, feeding, \$4.50@5.25; ewes, breeders, all ages, 6.00@8.50.

## VALUABLE MISINFORMATION.

Deer folks: Now I know why editors go mad. I ben trying to run this paper while the editor is on his vakashun. For three (3) days and nites I ben reading questions and trying to answer them, and if I don't quit I'll ben going around talking to myself. I'm going to answer a few more then go to the ball game.—(Jimmie, the office boy.)

1. What is limberneck? (J. Jones.) Limberneck in the country is a strange disease of fowls and chickens. In the city it is a disease of human persons caused by watching fowls—and chickens.

2. Do small cows give condensed milk? (Mable B.) No, Mable. Condensed milk is made by trying to get a quart of milk into a "quart milk-bottle."

3. Please tell me how hash is made. (W. M.)

Hash is not made. It akumulates.

4. Is it all right to feed hogs corn-in-the-ear? (G. K.)

No. Put it in the trof and let them help themselves.

5. I am in love with a homely girl who works for us but she don't seem to care for me, while a pretty girl with lots of money wants to marry me. What shall I do? (Will M.)

Marry the one you love, and send me the name and address of the other one.

6. My hair is beginning to fall out. What can I get to keep it in?

A sack.

7. Please tell me how to raise a nice fat hog of about 500 pounds. Get a derrik.

8. How can I tell when the water is the right temperature for bathing baby? (Young Mother.)

If the kid gets red and hollers, the water is too hot. If he gets blue and shivers, it's too cold.

9. I am 40 years old, have a nice little farm, and am thinking of taking a wife. What would you advise? (Old Batch.)

I would advise you to be kerful whose wife you take.

10. Our old red bull is chasing me round a forty acre field. What shall I do? (Mike F.)

I don't know, but don't give up. Mike. The editor will be back in a week.—L. L. De Bra.—Successful Farming.

## LOSSES OF CATTLE IN STALKS

HEAVY.

According to reports received by the department of animal pathology of the University of Nebraska there has already been considerable loss of cattle in cornstalk fields, which would indicate a larger loss from this trouble this season than usual. There is no system of feeding while cattle are in the stalks that will protect them against this disease. The only sure method of prevention is to keep cattle out of such fields.

## Thanksgiving Day

Yes, it will soon be here, and you will be thinking of that And you will also be thinking of the best place to secure the good things to make up that

## DINNER

We handle all of the supplies for not only your Thanksgiving dinner, but for any other dinner or breakfast, or supper.

Fact is, our store is crowded with good groceries that would tempt even the most jaded appetite. They are in such variety that we can't undertake to mention them in detail. Call for what you want.

## The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing, Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

**Silence of Operation**—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

**Decimal Tabulator**—A help in billing and tabulating. There is no extra charge for this convenience.

**Variable Line Spacer**—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

**Faster Ribbon Feed**—Insures new place of impact for each typeface.

**Choice of Carriage Return**—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.
