THE TOURIST SLEEPER WAY TO CALIFORNIA

The **BURLINGTON'S** Personally Conducted Tourist Sleeper Parties to California are one of the best patronized features of its Passenger Service. You should arrange to join these parties and go in this comfortable way.

BURLINGTON Denver train No. 3 along the Omaha-Oxford line carries these sleepers for California; they all go via the Rio Grande through scenic Colorado by daylight, and direct to Southern California via the Salt Lake Route, or to San Francisco via the Southern Pacific and Western Pacific roads. Connections with these tourist sleepers are made daily in Denver from Southern Nebraska main line train No. 17, and every Wednesday on the St. Joseph-Denver main line No. 17 there is a Personally Conducted through tourist sleeper to Los Angeles, via the Southern Pacific and San Francisco.

What makes a calf scrawny—off its feed? Germs—parasites—in the intestines. Why not free them of this trouble? If you will give the calf some B. A. Thomas Stock Remedy in its feed, within a week you will see it brighten up and in four or five weeks you won't know the calf. Costs you but a few cents and we will refund that if it doesn't do as we say.—J. J. Slominski.

"KREUTZER SONATA"

Wm Fox presents "Kreutzer Sonata" featuring Theda Bara and William Shay, in Count Led Tolstoi's drama, at the Garland theatre, Tuesday, Dec. 12, Count Tolstoi has woven a wonderfully compelling and heart gripping story about the life of his heroine, Miriam, a young Russian girl. Through an unfortunate love affair Miriam is threatened with disgrace. Her father induces Gregor Randor, a strugging musician to marry her, for a money consideration, and the couple go to America where they are later followed by Miriam's family, including Celia, her sister. Despite their secrecy the wife discovers the truth and torn between the love of her little boy and outraged pride, she confronts her fickle husband and unnatural sister. Her revilings and the denunciations of her father are alike unavailing and at last, driven to desperation, she takes vengeance into her own hands.

240 Pound Pigs.

With corn above 50 cents hogs eat their heads off very quickly. The hog that takes two or three months to get on full feed never brings you a profit.

When you are ready to put your shoats on feed, begin with the B. A. Thomas Hog Medicine. Use regularly and watch your shoats round out into fat hogs in nine months—hogs going well over 200 pounds and as high as 240 pounds. Figure the average feeding and you will see why the B. A. Thomas medicine is a good investment. Try feeding out your hogs on this plan and if you are not more than pleased, we will refund the cost of the medicine.—J. J. Slominski.

An excellent way to get rid of a grouch is to forget that you have one.

Man fondly believes that he is the master of his own home. But he's the only one that believes it.
