### CHURCH NOTES.

#### Methodist.

Last Friday was to preacher's birthday and his "better-half" got the best of him with the help of Mrs. Benshausen and her Sunday school class. They carried the preacher off to the tall timber in Mr. Long's auto, then took him out to the home of the "Big Swede," fed him popcorn and fish, all of which was very fishy. Then about 50 of them swarmed at Mrs. Benshausen's and finally settled in the parsonage for the evening. It was a complete and very delightful surprise. All

of this time, mind you, we had not been to supper, neither had Albert Johnson, and that was some consolation. The ladies, who were in charge, soon served in courses one of the finest suppers we ever ate, consisting of bread and butter sandwiches, scalloped potatoes, creamed chicken, peas on patties, celery and apple salad, pickles and coffee, fruit salad with whipped cream, light and dark cake. The parsonage folks have had a "heap big feed" thus far from the provisions brought in. Songs were sung and a social time much enjoyed. Come again good folks. We are always glad for you to drop in.

We had 70 at League Sunday night. Quite a number of the Christian Endeavorers from the Presbyterian church joined with us in the evening's services. Our League will be glad to return the courtesy. Miss McFadden's side has 499 points and Miss Cole's side has 468. Miss Cole's side made a good gain diminishing the lead of the other side. Watch next week's report. Miss Mable Daddow leads next Sunday at 6:30 sharp. Preaching at 10:30. Sunday school at 11:45. Evening sermon, "By What Does a Man Live?" Everybody welcome to all services. The Ladies' Aid society met with Mrs. May, Wednesday afternoon. We want to acknowledge some nice fresh eggs, and a fine big rooster. Wiegler Creek gave us another generous slice of salary. Both churches are paid in full to date. We are thus enabled to pay our bills.

Presbyterian  
We are glad to announce that there were eleven conversions in the meeting at Sweetwater and that as many united with the church. The congregation has taken on new life and expect to have a pastor on the field in the near future. There were 20 of the Loup City congregation that attended the services last Thursday evening, and

about 30 on Sunday evening, and their presence was very much appreciated by the Sweetwater congregation.

The pastor will preach Sunday morning at 10:30 from the subject, "Reciprocal Needs" and in the evening at 7:30 from the subject "Unexpected Graces." The subject for Christian Endeavor will be, "Spreading the Good News." Miss Gladys Hosier will be the leader.

The Ladies' Missionary society will meet next Tuesday afternoon at 3 o'clock at the home of Mrs. Ward VerValin. Mrs. A. J. Kearns will be the leader.

### WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Loup City people recommend Dan's Kidney Pills. Could you ask for stronger proof of merit?

Mrs. W. H. Hughes, Loup City, says: "I have been a sufferer from kidney and bladder trouble off and on for many years. The kidney secretions were retarded and at times, my hands and feet swelled up. I was dizzy and everything turned black before me. I read such good accounts about Doan's Kidney Pills helping others, that I decided to try them, procuring them at Swanson's Drug Store. They helped me wonderfully."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hughes had. Foster-Milburn Co., Props., Buffalo, N. Y.

Any fool can talk, but the fellow who acts is the one who creates the biggest stir in the world.

Don't cuss if your wife goes through your pockets while you sleep. That is vastly cheaper than to have her hold you up for a wad.

A loving mother, father and little brother is left to mourn its death. The funeral was held from the Paln church. Rev. Father Weise officiating. The bereaved parents have the sympathy of the entire community.

## COLD WEATHER AUTO TROUBLE.

During freezing weather a great deal of trouble is experienced by automobile drivers, because particles of moisture which collect in the gasoline pipe leading to the carburetor becomes frozen. This stops the flow of gasoline to the carburetor. In some cases, however, the stoppage is not complete, and the engine runs until the gasoline in the carburetor is exhausted, when the motor stops. If the engine is allowed to stand for a time, enough gasoline will get through the pipes to allow the same thing to happen again.

## DELCO-LIGHT

ELECTRICITY FOR EVERY FARM

DELCO-LIGHT ON THE CHURCH  
DELCO-LIGHT ON THE FARM  
DELCO-LIGHT IN THE RURAL STORE

### DELCO-LIGHT MAKES ELECTRICITY UNIVERSAL

For the first time electric light and power are available to anyone—anywhere. Heretofore, the benefits of electricity have been confined to those who live in the larger towns and cities. Now Delco-Light makes electric current universally available.

Delco-Light is today furnishing thousands of farm-houses with brilliant, convenient, safe and economical light.

It is furnishing power to operate pumps, washing machines, churns, cocoa separators, milking machines, vacuum cleaners, etc.

It is lighting country churches, stores and public halls.

It is furnishing light and power to summer homes and camps, to houseboats and yachts, etc.

It is lighting rural railway stations and construction camps.

It is lighting the camps of United States troops on the Mexican border and it is disclosing heretofore undreamed-of beauties in the depths of Mammoth Cave, Kentucky.

Altogether, over 15,000 Delco-Light plants are in operation, and Delco-Light offices are to be found in almost every part of the world.

Delco-Light is a complete electric plant—the engine and dynamo in one compact unit combined with a set of specially built and wonderfully efficient batteries for the storage of energy. The plant is so simple a child can care for it, and so economical that it actually pays for itself in time and labor saved. It operates on either kerosene, gasoline or natural gas.

## Do You Want a Non-rusting Guarantee with Your Cream Separator

Suppose you wanted some knives and forks, and we offered you a set made of iron, tin-coated—also a set of SOLID NICKEL SILVER, non-rusting. The price was the same for either set.

Would there be any question that you would take those of SOLID NICKEL SILVER?

Perhaps we can't supply solid Nickel Silver knives and forks, but we can supply you with something equally important—that is, a skimming device of Solid Nickel Silver sections in your Cream Separator bowl instead of just common tin-steel.

We absolutely guarantee these Nickel Silver sections for all time against rust; so you not only have our guarantee, but the manufacturer's guarantee to both of us.

No Rust Means Easier Cleaned  
No Rust Means More Sanitary  
No Rust Means More Durable  
No Rust Means Better Value

See if you can find this tremendously important feature in any other Cream Separator. If you cannot, then buy Remember the U.S. holds the World's Record for close skimming.
