### CHURCH NOTES.

#### Presbyterian

The subject for the sermon Sunday morning at 10:30 will be: "Reasonable Anticipations" and in the evening at 7:30, "The Way to Get Rid of Burdens." If you are a member of Sunday School come in time for church, and if you come to church why not stay for Sunday School. We were glad for your presence last Sabbath and we extend a very cordial invitation to you and your friends next Sabbath. "Remember the Sabbath Day to keep it Holy." When we forget the Sabbath we forget the God to whom it belongs.

"The Curse of Cowardice" is the subject for Christian Endeavor at 6:30 o'clock. G. W. Collipriest will be the leader. Let all the young people remember this service.

#### Methodist.

There were over 60 young people at Epworth League Sunday night. We heard the Epworth League was dead. Doesn't look very much like it. The after all is the real League. Miss devotional part is certainly alive. That

Ruth McFadden's side now leads with a margin of 109 points. We urge the young people to be there on time for it counts many more points to a side. One side is inclined to be more talkative than the other and that counts. Everybody is invited to the spirited meeting that will be held at 6:30 on next Sunday. Miss Alice LeMasters will lead. Topic: "Re-organizing Indifferent Members." The attendance of young people at the evening preaching service was remarkably good. Sermon Sunday at 10:30, "The World's Most Solemn Warning." Don't miss it. We missed a lot of our country folks last Sunday. Evening address at 7:30, subject: "Evidence of God." The public is welcome.

At a special meeting Monday night at the church our forces were thoroughly organized in harmony with "The New Financial Plan" which is being adopted at this time by our churches throughout Methodism. In behalf of the plan a group meeting will be held in our church March 27th. A team of five speakers will present the plan to our workers. Two of the speakers will be experts from the east. The new organization is as follows: John W. Long, chairman; Albert Johnson, secretary. There are twelve teams: No. 1, J. W. Long and H. J. Johansen; No. 2, C. J. Tracy and J. N. Ling; No. 3, A. J. Johnson and C. H. Biehl; No. 4, Albert Lee and Robert Dinsdale; No. 5, Wm. H. Watts and Roy Platts; No. 6, Mrs. Williams and Mrs. Stein; No. 7, Mrs. Beushausen and Mrs. Johansen; No. 8, Mrs. Pinckney and Mrs. Platts; No. 9, Mrs. Leininger and Mrs. Sweetland; No. 10, Mrs. Oltjenbruns and Mrs. McFadden; No. 11, Harriet Hayhurst and Mrs. Wm. Doner; No. 12, Mrs. Watts and Mrs. Ling. All plans will be put into operation through these teams. The pastor goes to Lexington to District Conference Monday. All of the above who can are urged to go also.

### NOTICE.

To the tax payers of Sherman county. If the 1916 personal taxes are not paid by the 20th of this month I will have to issue distress warrants for the same. So please come and pay them and save costs.

## WELCOME NEWS FOR YELLOWSTONE PARK TOURISTS

Commencing this Summer all tourist transportation within Yellowstone Park will be by automobile. The White ten-passenger cars that were so serviceable during 1916 over the Cody Scenic Road will be used throughout the Park.

Park tickets will cover a complete five-day tour,—in and out the same gateway, or in one gateway and out the other, whether via Cody, Gardiner or Yellowstone. All Park tourist, whether patrons of the hotels or the permanent camps, will be carried in automobiles. Touring the Yellowstone Wonderland by automobile will, indeed, be a combination of efficiency and luxury. Nothing in the travel world could be more scenic and satisfying than touring Yellowstone by automobile in connection with the Cody scenic route.

This early news is given to the public that has long waited for it. Illustrated publications will later be furnished on request by the undersigned.

## ROCKVILLE HAPPENINGS.

Jake Ritz is helping Kozel & Sorenson invoice this week.

E. T. Strom is helping Kozel & Sorenson invoice this week.

Mrs. L. E. Dickinson of Ravenna, was a Rockville visitor, Saturday and Sunday.

Gray & Olsen shipped a car of hogs to the South Omaha market Monday afternoon.

A. B. Outhouse of Loup City, was a Rockville visitor on business Friday of last week.

John Heil bought the Isaacson Ford from the Rockville Auto Co., Thursday of last week.

Pete Jensen of Boelus, stopped at this burg a few minutes last Wednesday, on his way to Sargent.

Have you heard the robins singing the last few mornings? This is a sure sign that spring is soon due here.

W. R. Henkens went to Omaha on Monday afternoon of this week where he intends to buy a new Hupmobile.

Ed. Isaacson traded in his old Ford car on a new one to the Rockville auto company, Wednesday of last week.

Mrs. Jens Anderson of Nysted, was a visitor at the Dwehus home a few days last week, returning home Monday afternoon.

The Rockville Auto Co., delivered three new Ford cars to the following parties last Saturday: Frank Stickley, Bernard Finder and John Bonczynski.

Mrs. J. W. Markin's sister and brothers came up from Hastings last Saturday to visit over Sunday and to play for the dance in the opera house last Saturday night.

Mrs. Walter Finder came up from Central City last Saturday evening to visit with her parents, Mr. and Mrs. Gustav Werner and to take in the school play, returning again Tuesday morning.

Kozel & Sorenson are invoicing their hardware stock this week, the rumor being afloat that Mr. Kozel has sold out to Mr. Sorenson, Sam taking full possession the first part of next week. We have not learned as yet what Mr. Kozel intends to do in the future.

The following teachers were elected to teach in the Rockville public schools the coming 1917-18 school term: Principal, J. W. Markin, 7th and 8th grades, Miss Margaret McFadden, intermediate room, Miss Evelyn Nielson and primary room Miss Alice Tangerman.

The play, the "New Co-ed" which was given in the opera house last Saturday evening was a success from start to finish. There was a very large crowd present although the weather was not as favorable as it might have been. Most of the people remained for the dance after the play, for which the Hastings orchestra furnished the music.

### AN OPEN LETTER.

To Mr. Hans Johnson:—As you have hailed me in public, in regard to statements of your partiality in your road work, you have made false statements to keep from working the road in places.

There are places in your public roads that are and have been impassable for years. When you were asked to fix them you said you were not going to spend a dollar only on the main traveled roads.

It seems according to your idea the main traveled road is mostly between your house and Loup City. If you have been impartial in your work why did you let part of the main traveled road get in such a shape, that the man who drags that part of the road refused to drag it saying it did no good.

Does this uphold the principles you preach in Farmers' Union work? (adv.)

R. R. BAUHARD.

### AFRAID OF CATS.

New York, Mar. 14. The presence of a pet puss in the Twenty-third street recruiting station of the United States marine corps today caused Wm. James an accepted recruit from Fremont, Ohio, to rush out into the street screaming with terror just as he was about to take the oath that would make him a "soldier of the sea" ready to meet the enemy on the field of battle.

"I know I'm a'fraidy cat," James told Surgeon Weston of the marine corps after he had recovered from the attack of his strange malady, "but I simply can't be in the room where there is a cat. I don't have to see the cat either. I can feel its presence and it nearly drives me crazy."

James' case is recognized in medical science as aelurophobia. He was rejected.

There have been more automobile asphyxiations in the country this winter than heretofore and it has prompted the government to issue a warning against operating automobile engines in small garages with doors and windows closed. "On the tests conducted," says the warning, "the air in the garage was rendered decidedly dangerous after the automobile engine had been running about fifteen minutes. The gas is carbon monoxide, colorless, odorless and tasteless, and is extremely poisonous. The dangerous symptoms of carbon monoxide poisoning comes almost without warning and collapse in a garage generally proves fatal, unless outside aid arrives very soon." A chemist conducting the tests by the government bureau of mines was considerably affected by the gases.

### KEEPING FARM RECORDS.

How to make an inventory of the farm business is explained in Bulletin No. 41, "The Farm Inventory," just issued by the Agricultural Extension Service of the University of Nebraska, Lincoln. Blank forms for use during a four-year period are included in the bulletin, which may be had free upon application to the Extension Service. Reasons why the farmer finds the keeping of farm records advisable are summed up as follows by the farm management department of the university: (1) it provides a means of studying the farm business; (2) it often settles disputes, that is, if questions arise in dealing with others, the man who has kept records is best able to make his claims stand; and (3) carefully kept records improve credit.

## What You Pay For On a Long Distance Call

In making a long distance telephone call you have the use of more than merely the wires over which you talk.

The wires are only a small part of the equipment provided for a long distance call. There must be switchboards, terminal rooms, pole lines and many other kinds of apparatus such as dynamos, batteries, calculagraphs, testing apparatus, repeaters and loading coils to magnify the voice currents, and other expensive equipment generally unseen by the telephone user.

In making a long distance call you have the services of two or more operators who connect you and guard both ends of the line while you talk.

In addition to the operators there are other employees watching the equipment in the central offices and repairmen guarding the long distance wires.

### Repairmen Always Ready

Somewhere along the line, the branch of a tree, a strong wind or an electric storm may put the wires out of order. But nearby is a telephone man ready to hurry to the spot, so that the line may be quickly repaired and service restored.

The amount you are charged when you make a long distance call is to help maintain the line, to facilitate the payment of interest on the investment in the equipment used for long distance, to aid in the payment of taxes on the property and assist in paying the employees' wages.

We endeavor to obtain only such a return on the investment in our long distance lines as could be earned on the money if it were invested in any other business involving equal risk.
