ROCKY MOUNTAIN TOURS

The season of 1916 brought to the Rocky Mountains the greatest patronage yet recorded. Estes Park, Colo., and a number of ranches in the Big Horn Mountains were forced to turn tourists away. Many mountain localities and ranch resorts are now increasing their capacity preparing for the coming Summer's volume.

Every prospect now indicates a greater tourist volume in the mountains this coming Summer than ever before. Tourists will view Yellowstone Park by automobile; the magnificent Rockies with their three National Parks:—Rocky Mountain, Estes, Yellowstone and Glacier are luring Easterners from their limited environment, who want to tour the big, wide West and to understand it. In due time, descriptive publications of Summer tours will be available. If you expect to join the mountain Summer throng, especially if you desire accommodations at some particular place, it would be well to make early plans.

Let me know the region in which you are interested, that I may list your name for information and publication.

The eleventh grade of the Rockville high school will give their class play "The Co-Ed" in the opera house at Boelus Saturday evening, March 31.

Big dance right after the play.

Four auto loads of young folks from this burg went to Austin last Saturday evening to take in the high-school play which was given at that place. All reported having had a jolly good time.

Mr. and Mrs. C. F. Krehmke celebrated their 25th wedding anniversary Monday evening of this week by giving a dance in the opera house. There was quite a large crowd present and all enjoyed themselves to the utmost.

LIVE STOCK PRICES AT SOUTH OMAHA

Good Run of Cattle; Steady to 10c Lower

BULK OF HOGS STEADY

Uneven Lamb Trade; About Firm On Bulk. Most of the Offerings Bring Steady Figures—Mexicans Reach \$15.00 Navajo Ewes at \$11.90. New High Mark in This Line—Total Receipts Large.

Union Stock Yards, South Omaha, Nebraska, March 27, 1917.—A very respectable run of cattle showed up for Monday, 367 loads, or about 9,600 head. The fat cattle market was rather slow in getting started, account of a rather liberal supply here and reports of liberal receipts and somewhat lower prices at outside markets. Both shippers and local packers were after the good to choice weighty beefs and these in most cases sold at about steady figures, while the ordinary run of cattle sold about 10c lower on an average. Quality was not quite as good as last week and although strictly choice beefs were still quoted from \$11.50@12.40, there were scarcely any of that kind here. The fair to pretty good 1,000 to 1,250-pound beefs sold around \$10.00@11.60.

Quotations on cattle: Good to choice beefs, \$11.00@12.40; fair to good beefs, \$10.75@11.50; common to fair beefs, \$9.25@10.50; good to choice heifers, \$9.00@10.00; good to choice cows, \$8.75@9.75; fair to good cows, \$8.00@8.75; canners and cutters, \$5.50@7.50; veal calves, \$9.00@12.00; bologna bulls, \$7.00@8.25; beef bulls, \$8.50@9.50.

Just a normal supply of hogs was here Monday, though arrivals of 106 cars, or about 7,600 head, were nearly four times as large as a week ago. Shipper demand was not quite as urgent as at the close of last week, and the hogs the order buyers bought showed an easier tendency, being no more than steady to in quite a few instances 5c lower. Some of the first hogs packers got looked weak to a nickel low, but when the bulk of the offerings was cashed it was at prices that were steady with last week's close. Bulk of the sales was made at \$14.50@14.65 and the top reached \$14.80, the record made last week.

The largest run of sheep and lambs for several weeks was on hand Monday, arrivals counting out 711 cars, or about 17,000 head. First sales, though uneven, were about steady. Best Mexican lambs brought \$15.00, while both Western and Mexican wethers in the neighborhood of 80 pounds sold at \$14.50@14.65. Navajo ewes reached \$11.90, setting a new record for this market.

Quotations on sheep and lambs: Lambs, light and handy, \$14.75@14.90; lambs, heavy, \$13.75@14.50; lambs, clipped, \$11.50@12.50; lambs, shearing, \$14.00@14.60; yearlings, good to choice, \$12.50@13.50; yearlings, fair to good, \$11.50@12.50; wethers, fair to choice, \$10.50@12.25; ewes, good to choice, \$11.40@12.00; ewes, fair to good, \$10.00@11.40; ewes, plain to culls, \$7.00@9.50.

CLEAR CREEK SAND.

Mr. Kusch shelled corn, Saturday.

Velma Rowe taught in the seventh grade Tuesday. Dora Larsen taught on Monday.

The following visitors enjoyed the program given by the seniors Friday morning: Helen Hunt, Marie Ohlsen, Ray Sweetland, Lee Lofholm.

School was dismissed Tuesday evening for a short spring vacation and also that the teachers might attend the teachers' convention at Hastings.

The Freshmen gave the following program Monday morning: Vocal duet, Helen Draper and Mathilda Hansen; Reading, Geraldine Waite, Paper, Dorothy Hilsbeck.

The seniors gave the following program in chapel Friday morning: Vocal solo, Helma Jung; piano solo, Katherine Curtis; paper, Dora Ohlsen, and reading, Prof. Bitner.

The summer seasons of 1913 and 1914 were characterized by almost the complete absence of destructive tropical hurricanes which generally frequent the waters of the Caribbean Sea and Gulf regions. In 1915, however, two severe storms passed over this region, and the observations and reports obtained from its stations enabled the U. S. Weather Bureau to give timely warnings of the occurrence and probable effects of these destructive storms, resulting, it is believed, in great saving of life and property.

THE "OLD PEABODY PEW"
Mrs. H. M. Mathew, Directress

The "Old Peabody Pew," as a story was first published in The Ladies' Home Journal, where it instantly made a success. It was subsequently published in book form and a second success awaited it. Last summer Kate Douglas Wiggin made a play of it and gave it at the old church at Duxton, Maine, where the scenes of the story are laid and a third success was accorded it. Now it is again published, this time as a play.

NEW USE FOR SALT.
Encouraging results from the administration of common salt as a remedy against excessive perspiration in the case of marching troops are reported by Marine Corps officials in San Domingo.

Sweat contains about six parts of salt in the thousand. A tropical day's march results in the exudation of three to four quarts of sweat, with a salt content of 200 to 250 grains.

For experimental purposes about 100 marines were given a teaspoonful of salt (about 75 grains) in the morning before beginning their day's march. After a tropical march of nearly twenty miles the marines thus dosed exhibited much less fatigue than their comrades, and their perspiration was but a fraction of that of the others.

Henry Ford has our unqualified forgiveness. He has offered the government the use of his entire factory for the making of war munitions, and the tender has been accepted.

Statement of the ownership, management, circulation, etc., required by the act of congress of August 24, 1912.

Name and address of the owner, publisher, editor, managing editor and business manager is F. B. Hartman, Loup City, Neb.

The known mortgagees are J. W. Burleigh, Crawford, Neb., Merzenthaler Linotype Co., New York City.

F. B. HARTMAN.
Sworn to before C. H. Ryan, Notary Public on March 28, 1917.
