LIVE STOCK PRICES AT SOUTH OMAHA

Heavy Cattle Receipts; Market 10-15c Lower

HOGS STEADY TO 10c LOWER

Very Light Supply of Lambs—Five Loads, or 1,250, Make Up Entire Supply. Market Goes Way Up—Few Lambs Here Sell Fully 25@50c Higher—Mexicans Bring \$17.25; Others \$16.90@17.00.

Union Stock Yards, South Omaha, Nebraska, May 1st, 1917.—The week opened out with a tolerably liberal run of cattle, some 325 loads, about 8,000 head. Receipts were heavier here than dealers expected, and the same was true at other points, while reports from outside markets were uniformly bearish. The quality of the cattle was better than recently, but the wet weather detracted from the appearance of the cattle and although both local packers and shippers seemed to want the heavy beefs these suffered fully as much as the lighter grades, and it was a rather sluggish and unevenly lower market. Business finally settled down to about an average 10@15c decline all around.

Quotations on cattle: Good to choice beefs, \$11.50@13.00; fair to good beefs, \$10.75@11.50; common to fair beefs, \$9.50@10.75; good to choice heifers, \$9.25@10.85; good to choice cows, \$8.50@10.50; fair to good cows, \$8.00@8.50; canners and cutters, \$5.50@7.75; veal calves, \$9.00@12.50; beef bulls, \$8.00@9.50.

About the lightest run of hogs that has been here on the opening day of the week for almost two months was on hand Monday, arrivals counting 72 loads or about 5,300 head. Shippers bought quite a few hogs that were fully steady to if anything a little stronger, while packers' early offers were 10@15c lower, but when they finally bought their hogs it was at figures that were not over 5@10c lower, while some of the mixed stuff was just about steady. A fairly good clearance had been made by 10 o'clock. Most of the offerings sold at \$15.10@15.45, while a top of \$15.65 was paid on choice heavies.

There was hardly enough lambs on offer Monday to make market, but what were here sold at fully 25@50c higher prices. The even money mark was reached and then beaten, sales of Mexicans including a load each at \$16.90 and \$17.00, while two cars sold as high as \$17.25, being a new record for the yards. The only other stuff that was on offer was a car of clipped lambs and brought \$13.80. There was nothing here in the line of old sheep.

Quotations on sheep and lambs: Lambs, Mexican, \$16.50@17.25; lambs, fed western, \$16.25@16.85; lambs, fresh shorn, \$12.75@14.00; yearlings, good to choice, \$13.75@14.50; yearlings, fair to good, \$13.00@13.75; wethers, fair to choice, \$12.50@13.50; ewes, good to choice, \$12.75@13.25; ewes, fair to good, \$11.75@12.75; ewes, plain to culls, \$8.00@11.50.

GROWING HOGS.

For a hog to be profitable he must be kept growing from birth to marketing age. He cannot be profitable unless he is healthy. He can always be in a profit-producing condition if he is fed B. A. Thomas' Hog Powder. We positively tell you that this remedy prevents cholera, removes worms and cures thumps. If the powder does not make good, we will.—J. J. Slominski, Loup City, Neb.
