Unique Memorial Completed

Mary Baker Eddy Memorial, Mt. Auburn Cemetery, Cambridge, Mass.

The beautiful memorial to Mary Baker Eddy, the Discoverer and Founder of Christian Science, has been turned over to the Christian Science Board of Directors by Elbert S. Barlow of New York City who held the contract for its construction.

The memorial, which is at Mt. Auburn cemetery, Cambridge, Mass., has required over a year and a half to complete. The fund for its construction, amounting to over \$150,000, was first announced by the directors in June, 1911, and was some time ago fully subscribed. These contributions have been made as expressions of sentiment by Christian Scientists throughout the world.

The site on which the memorial is located is not only one of great natural beauty, but on account of its grade has rendered possible a more picturesque and interesting treatment architecturally than would be possible on a perfect level lot. The plot, which is approximately 80 feet square, slopes gradually from the level of the roadway to the lake with a drop of about ten feet. The memorial consists of a circular open colonnade of eight columns, resting upon a stylobate of three steps, surrounded on the front by a circular platform slightly above the natural grade, from which platform a double flight of steps leads to a lower platform at the lake's edge. The scheme has no prototype and is merely a screen of columns open to the sky, inclosing a flower-grown circle.

The material used for the memorial is Bethel white granite, the inscription in the frieze and upon the top of the pylons being of white bronze set deep into the stone work. The detail, which on account of the size of the reproduction is only indicated, is entirely floral in form and free in treatment and not at all conventional. It is generally very classic in feeling. The extreme width of the memorial is about fifty feet, and the colonnade is eighteen feet in diameter. The columns themselves are fifteen feet in height and are similar in general character to those in the Clepsydra of Andronicus of Cyrrhus. The large pylons were exhibited at the American Institute of Architecture in New York a short time ago and experts pronounced them the finest pieces of carved granite ever executed.

AMERICAN EFFICIENCY.

Germany efficiency has been held up as a degree of excellence unattainable by a democracy. The accomplishments of the United States since April 5th last refute the truth of the claim. In the short space of time since that day the United States has accomplished the following:

- Declared a state of war as existing between this country and Germany;
- Seized 91 German ships and began repair work on them.
- Authorized unanimously a war fund of \$7,000,000,000;
- Appropriated \$600,000,000 for merchant shipping and as much for air fleets;
- Agreed to loan our Allies \$3,000,000,000 and advanced them a large proportion of that sum;
- Passed a selective draft law and in a single day registered nearly ten million men for military service.
- Enlisted 600,000 volunteer soldiers in the regular army and in the National Guard of the States;
- Sent a commission to Russia to aid Democracy there and a body of railroad men to Russia and another to France to advise and assist in railroad transportation in those countries;
- Began the construction of 32 camps for our soldiers;
- Sent to England a fleet of destroyers and to France a detachment of troops;
- Authorized and now enforcing embargo whereby our enemies will receive no more food or material from us;
- Passed a food conservation law;
- Organized many voluntary commissions and boards who are aiding the government and the people in the speeding up of work, conservation of food, and other national movements;
- Drafted by lot 687,000 men for military service;
- While the government was accomplishing these things the American people have loaned the United States \$2,000,000,000 and offered \$1,000,000,000 more, over four million citizens subscribing to the loan.
- In addition they have given over \$100,000,000 to the American Red Cross and \$3,000,000 to the Young Men's Christian Association.

LOOK HERE FOR IT.

Many a Loup City Reader Will be Interested.

When people read about the cures made by a medicine endorsed from far away, is it surprising that they wonder if the statements are true? But when they read of cases right here at home positive proof is within their reach, for close investigation is an easy matter. Read a Loup City endorsement of Doan's Kidney Pills.

F. F. Foster, retired railroad conductor, Loup City, says: "I was suffering from kidney trouble. I had a severe pain in my back for quite a time and troubled with the kidney secretions, which obliged me to get up at night to pass them. That broke my rest and the next day I felt tired and lacked ambition to do my work. I used one box of Doan's Kidney Pills, which I got at the Rexall Pharmacy and was cured."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. Foster. Foster-Milburn Co. Mfrs., Buffalo, N. Y.

CHRONIC CONSTIPATION.

It is by no means an easy matter to cure this disease, but it can be done in most instances by taking Chamberlain's Tablets and complying with the plain printed directions that accompany each package.

Flag envelopes at the Northwestern.

and time will prove that German efficiency can not withstand it, fighting as it is for liberty, justice and humanity.

BOYS' CAMP.

Each county in the state is entitled to send two boys to the State Fair Boys' Camp. The boys must be between the ages of 15 and 21 years. The county superintendent and the resident member of the State Board of Agriculture constitute a committee to make the appointments to his camp; have the names of the delegates from your county been sent to Secretary E. R. Danielson at Lincoln? The camp grounds have been improved this year by the addition of shower baths, sanitary toilets and a lecture room 36 by 60 feet.

One rule which we think will be appreciated by all is that the railroad fare for the boys will be paid by the State Fair management. Each delegate must furnish a receipt from the railroad company to have his fare refunded.

SUMMER COMPLAINT.

During the hot weather of the summer months some member of almost every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that he be treated promptly, which can only be done when the medicine is kept at hand. Mrs. F. F. Scott, Scottsville, N. Y., states, "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results."

BETTER BABIES.

The Better Babies department of the State Fair is coming fine. Applications are coming in and we have many requests for blanks. Dr. Mullens of Broken Bow, president of the State Medical Association, will be head physician and we expect the baby show this year to not only be of much material benefit to babies and parents from the standpoint of health, but to be one of the chief attractions on the grounds.

ONE CENT WILL TAKE A MAGAZINE TO A SOLDIER

When you have finished reading a magazine, place a 1 cent stamp on it and deliver it to any postoffice or hand it to a postal employee and it will be delivered to one of our soldiers or sailors. It doesn't matter how much the magazine weighs and you need not put on a wrapper or any address. Orders to this effect have been received by the local postoffice.

STOMACH AND LIVER TROUBLE.

No end of misery and actual suffering is caused by disorders of the stomach and liver, and may be avoided by the use of Chamberlain's Tablets. Give them a trial. They only cost a quarter.

Buy flag envelopes at the Northwestern office.

DAVIS CREEK NEWS.

Listen for the wedding bells in the near future.

Gerold Manchester spent Sunday at the Sperling home.

Murry Rich of Valley county, is on the Creek threshing for Mr. Williams.

John Pelanowski took a load of high priced corn to Ashton, Monday.

Frank Pelanowski has been helping his brother, John, stack his oats this week.

Frank Pelanowski was transacting business in North Loup and Ord, Saturday.

Mrs. Lorence Garvel and son, Mike, visited with Mrs. John Pelanowski Thursday.

Orin Manchester and Paul Stillman were enjoying themselves down at the river, Sunday.

Mrs. John Pelanowski and Miss Anna Garvel were Loup City callers last Wednesday.

Miss Nettie Barnett and Martin Chubbuck took the latter's mother to Sargent, Sunday.

Miss Maud Green and brother were visiting with their sister, Mrs. Wright at North Loup last week.

Mr. and Mrs. Fred Green and son were callers at the Frank Manchester home Sunday morning.

Mrs. Peter Kuffel helped her little daughter, Martha, celebrate her sixth birthday in Ashton, Saturday.

Theo. Detlef, Lorence White and Mr. and Mrs. Frank Manchester and babies were in Ashton, Saturday.

Mr. and Mrs. Harve Drewbridge visited with the latter's brother and wife, Mr. and Mrs. Jess Barnett, and family, Sunday.

Lewis Stillman and family and Mr. and Mrs. Howard Stillman and baby visited with their parents, Mr. and Mrs. Ed. Stillman the first of the week.

Mr. and Mrs. Mike Kaminski, Mr. and Mrs. Frank Palu and Mr. and Mrs. Mike Lewandowski and families spent Sunday at the home of Mr. and Mrs. John Lewandowski.

F. Burnwell who is contracting a contest for a Chicago photo-enlarging firm, was on the Creek the first of the week. Jess Manchester and Mrs. Frank Manchester were among the lucky ones to win.

Grandpa Trump and grandchildren, Cecil and Jesse Trump, who have been visiting with relatives in Deuel county, returned home one day last week and reports the crops are fine and that wheat will average over 40 bushel to the acre.

We sure are needing some rain as everything is getting so dry. If we do not get a shower pretty soon there is fear of not being much corn. We are like the poem as follows:

Oh says the Black bird to the rain,
I wish to the land that it would rain,
For the creeks and the ponds have all gone dry.
If it wasn't for the tad poles we'd all die.

Secretary Lane announces the opening of a new townsite on August 29 on the Shoshone project in northern Wyoming. It is located in the Franine Unit, which will be opened to entry in September, and which contains 41,000 acres of irrigable land. The townsite, which will be called Deaver, is on a branch of the C. B. & Q. Railway, between Billings, Mont., and Lovell, Wyo. On the opening day nearly 300 lots will be offered at public sale, the terms being all cash, or one-fifth cash and balance in four annual installments, with 6 per cent interest.

By reason of its advantageous location in the midst of a large area of irrigable lands, Deaver should enjoy a good business. With the early opening of the Franine Unit lands, a farm population of several thousand people will be established here in permanent homes. Powell, the other project town and the present headquarters of the service is one of the best trade centers in the northern part of the state, and is only ten years old.

There will be openings at once for general stores and banks, blacksmith and carpenter shops, implement dealers, doctors, lawyers and other professional men, and for investors in town property.

ASK ANYONE WHO HAS USED IT.

There are families who always aim to keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house for use in case it is needed, and find that it is not only a good investment but saves them no end of suffering. As to its reliability, ask anyone who has used it.

GET READY.

Now is the time that your hens will moult or shed their feathers. This process is rather slow and Nature should be assisted. B. A. Thomas' Poultry Remedy will help your hens to moult causing them to shed earlier and be ready to lay when eggs are highest in the winter. If this remedy does not make good, we will.—J. J. Slominski.

THE LAND OF WHEAT

DEUEL COUNTY IS ONE OF THE BEST WHEAT PRODUCING COUNTIES IN THE STATE. THERE ARE 168 STEAM AND GASOLINE TRACTOR OUTFITS AROUND CHAPPELL IN DEUEL COUNTY THAT ARE KEPT BUSY PLOWING LAND.

THIS IS ONLY ONE OF MANY SUCH FIELDS IN DEUEL COUNTY.

DEUEL COUNTY IS POPULATED BY A THRIFTY, ENERGETIC CLASS OF PEOPLE WHO WELCOME THE NEW COMER AND HELP HIM GET STARTED RIGHT. THE TWO BANKS IN CHAPPELL HAVE OVER \$1,000,000 ON DEPOSIT, WHICH IS PRETTY GOOD FOR A COUNTY OF ONLY 3,500 POPULATION. THERE ARE ALSO TWO OTHER THRIFTY BANKS AT BIG SPRINGS.

A "PUSH BINDER" AT WORK IN A DEUEL COUNTY WHEAT FIELD.

S. S. GROVES, A FARMER NORTH OF CHAPPELL, RAISED 40,000 BUSHELS OF WINTER WHEAT IN DEUEL COUNTY THIS YEAR. HE IS ONLY ONE OF THE MANY WHO FARMS ON A BIG SCALE THERE.

A DEUEL COUNTY CORN FIELD. NOTICE THE LAY OF THE LAND AND CLASS OF IMPROVEMENTS.

LAND IS CHEAP. SOIL IS THE BEST, GOOD WATER AND AN IDEAL CLIMATE. SCHOOL FACILITIES ARE UNEXCELLED.

CALL OR PHONE F. H. GIBSON, AT THE FREDERICK HOTEL AND HE WILL BE GLAD TO TELL YOU ALL ABOUT THIS COUNTY.
