Mr. and Mrs. George Dymack and family autoed to Loup City two weeks ago to visit with his brother Mr. and Mrs. Steve Dymack.
Deer Creek was again refreshed by a good inch rain last Saturday and Sunday. It is about sufficient to plow. A little more would bring more help for plowing.
Mike Deminski left by auto for

Colby Kansas, this week to visit with his sister, Mrs. John Haremza, and from there will leave for Denver for a pleasure trip. He expects to make the trip in a week.
The Plow Pushers Threshing Co., received their new Rumley threshing machine last Friday and took it home Monday and now anyone wishing to thresh leave orders to them and you will get a good clean thresh.
The writer knew a man, now dead, who was drafted at the time of the civil war. His father paid a large sum to get a substitute for him and the substitute was killed. The man who stayed at home was a "slacker" and he was referred to as such during the fifty years that followed the war and he was heard to say many times that he wished to God he had served as he should and died if necessary. There are going to be many at the present time who are entitled to exemption and there are going to be a lot of slackers who will not get it. In the years to come they are going to be looked upon and those of them who have a spark of manhood left are going to feel the sting of censure which will be put upon them.—Ord Journal.
Thus far we have noticed no amendment in the food bill making it unlawful for a person to sell "licker" to a congressman.
John Wanamaker remarks that money isn't everything in life. Yet John has devoted a large portion of his life to annexing it.

Mrs. Frank Trump and daughter and Mrs. E. F. Paddock assisted Mrs. Hassel with her work during threshing.
Eril Doid and sons came out and drove their cattle home from the Frank Manchester pasture where they have been for the season. Pastures are sure getting awful dry.
It seems as though the Davis Creek has been having the fighting fever the past week as there were two fights last week. We do not care to mention any names in the matter but we do hope there will be no more such fun, as we are not prepared for the front yet.
John Lewandowski was taken to Scotia Thursday by the Ashton doctor where the following morning at 10 o'clock he underwent an operation for appendicitis at Dr. Weeks' hospital. His wife and her parents and brother Walter Kaminski were there at the time.
As 150 young men left Council Bluffs last Friday there were some ten thousand people at the station to bid them farewell and as the train pulled out one poor mother cried and said "My God, I wonder if the German Kaiser knows how many heartaches he is causing in this world. Will peace ever come?" How we will appreciate and understand what a wonderful thing peace is when it again settles over the world. Will peace ever come.

Some weeks ago we received an advertising proposition from the Grants Land Locating Company a Portland, Oregon, concern. They asked that their advertisement be started at once and run for many weeks. We had been stung by similar propositions so figured out what the advertisement was worth and wrote them, stating that promptly upon receipt of the money we would be pleased to start the ad. We have not heard from them. We notice, however, that many of the papers in this section continue to run this ad. We will be glad to hear that the boys have received pay for their work but fear they will be a long time getting it.—Ord Journal.
The Northwestern pleads guilty to running the ad above mentioned and to date has received no answer to several statements asking for a settlement.

RECORD BREAKING FAIR

All Indications Point To An Unprecedented Attendance and Exhibits

THE CARL HAGENBECK-GREAT WALLACE CIRCUS

In Connection with the Nebraska State Fair, September 3-7—Five Afternoon and Four Evening Performances.

Realizing the necessity of good clean amusements along with the other educational features of a great State Fair, the management of the Nebraska State Fair has searched high and low for everything new and good in the world of amusement and liberal education. It has taken the boldest step ever undertaken by any Fair in securing the Carl Hagenbeck-Great Wallace Circus for the entire State Fair week. This circus is a consolidation of the "Famous" Carl Hagenbeck Trained Animal Show and the Great Wallace Circus, and now ranks as the third largest circus in the world, with its three trains of twenty cars each.
You cannot afford to miss the chance of seeing the wild performing animals in the sixty-foot square steel arena, along with three other performing rings. All this in connection with the regular horse races for the same money. Presented twice daily in front of the amphitheatre without canvas. Make your arrangements to come on Monday or Tuesday that you may see the wonderful exhibits and new amusement features before the great crowds arrive later in the week.

WE MUST MOBILIZE FOR FOOD EFFICIENCY

Practical Patriotism, That's the National By Word Today
President Wilson said:
"I call upon the young men and old alike and upon the able bodied boys of the land to accept and act upon this duty—to turn in hosts to the farms and make certain that no pains and no labor is lacking in this great matter."
Since this memorable address of our President, state and civic organizations—civic organizations and good citizens have preached Practical Patriotism in all of its angles.
We believe there is no better teacher of farming methods for those who answer our President's call—no better teacher of food conservation after production—than is found in our great State Fair. It has been aptly called "A Food Training Camp"—and you are practical and patriotic when you attend this year and take your lesson home—whether you be producer or consumer. Watch for demonstrations at the Nebraska State Fair, September 3-7.
1917 Model Rural School-Building and Grounds on Exhibit at Educational Building.
Do not miss the opportunity of visiting the interesting exhibits in Class L—the Educational Department of the Fair. While we consider all departments educational, Class L will feature some innovations in the line of school work that will surprise and delight you. Be sure you pay this department a visit while attending the great State Fair, Sept. 3-7.
One of the attractive features will be a Model Rural School-Building and Grounds, including Teachers, Athletic Grounds, Garden Plot, and every thing that is desired to make a complete school plant. Come and get ideas for building in your own district.

Poultry Show Growing In Popularity

The poultry exhibit to be held at the Nebraska State Fair, September 3-7, is one exhibit which has commanded the attention of the management this coming year more so than in the past. Mr. C. G. Cottle of Edgar has been appointed as superintendent and if satisfactory arrangements can be made the exhibit will be placed in uniform coops, under his general management. In this way the fowls can be shown to their best advantage and the American hen given the recognition she so much deserves.
Troy, N. Y. has more women wage earners than men. Must be a case of "Everybody Works but Father."

MR. RENTER

There is a farm in Deuel County for you. If you have \$2,000.00 to \$4,000.00 to pay down on a quarter or half section we can give you good terms on the balance.
Wheat this year is making from 30 to 55 bushels per acre. Think what this means at the present high prices. We have this year over 8,500 acres of beans planted throughout the county.
Oats are making from 40 to 90 bushels per acre.
Barley is making from 25 to 45 bushels per acre.
Rye is making from 15 to 30 bushels per acre.
Our prospects for a big corn crop were never better than at present.
We have cut two good crops of Alfalfa and the third crop is coming on in good shape.
We have had heavy rains all summer and the ground is in A No. 1 shape for the sowing of fall grain.
We have not had, nor do we ever have hot winds, as does Central Nebraska.
We have good level farm and ranch lands that we can sell at from \$25.00 to \$65.00 per acre.
Our elevator is 3600 feet above sea level.
We have the best of water obtained at an average depth of 150 feet.
Chappell (county seat of Deuel county) has a twelve grade high school.
We have a Methodist and Catholic church.
Now while your work is pretty well done up is your best time to make a trip to Deuel county with us and let us prove our statements. Your trip won't cost you very much and your time will be well spent.
We have over 225 gas tractors in Deuel county of nearly every size and make that is manufactured, some plowing, some discing, harrowing and drilling all at one operation. Others pushing combined harvesters, or pulling from one to three eight-foot binders.
The sight of all these at work is worth more than the price of the trip.
If you are now farming somebody else's land you owe it to yourself and family to look over this country and obtain a home of your own if it is within your power.
Make a trip with us and be convinced.
Call on or phone F. H. Gibson at The Frederick hotel and he will be glad to tell you all about this country.
