 Mrs. Mary Jezewski came up from Ashton, Monday evening for a visit at the Stollmoch home.
 John Stanczyk returned home Monday from Rockville, where he had been visiting with the John Dietz family.
 Wm. Benschoter and Miss Lula Lofholm were visitors at Grand Island last Friday, returning in the evening.
 Mr. and Mrs. O. A. Clark were east-bound passengers to Lincoln, Monday morning to spend the week at the state fair.
 Mrs. L. A. Bangs and children went to Lincoln, Wednesday morning to take in the state fair and visit with relatives.
 His dance at Jenner's Park hall next Monday evening under the auspices of the young people of St. Joseph's Catholic church.
 Mrs. H. L. Arthur was a passenger east Wednesday noon to St. Joe where she will purchase her fall and winter stock of dress goods.
 Mr. and Mrs. C. H. Kee are among those from here attending the state fair in Lincoln this week, going down Wednesday morning.
 Frank B. Hartman went to Lincoln, Wednesday morning to visit this week with his father who is very poorly and other relatives and friends.
 Art Hazell came in Tuesday evening from Omaha, where he has been in the hospital for some time, to visit with his family and other relatives.
 Fred Amick returned home Monday noon from different points in Missouri where he has been for some time visiting with relatives and friends.
 H. H. Peterson, who has been here for the past ten days visiting with his brother, O. F. Peterson and family left Monday for his home in Long Beach, Calif.
 Mr. and Mrs. S. E. Gallaway went to Central City, Monday morning to visit a few days with their daughter, Mrs. John Turrentine, and attend the barbecue held there.
 Miss Ann Van left Tuesday morning for Lincoln, where she will spend a few days, going from there to Falls City, Fremont and Kansas City to visit with relatives and friends.
 S. F. Reynolds, who was seriously injured last week when he fell from one of the windmills on reservoir hill, is reported as getting along very nicely. He has started to improve and we join his many friends in wishing a speedy recovery.
 Albert Boecking, of Litchfield, received a tank of oil Wednesday. In

some way the tank sprang a leak before Mr. Boecking was ready to put the oil into his tanks and all the oil leaked out. The loss to Mr. Boecking amounts to about \$1,920.00.
 J. H. Bentler and N. B. Immel were over from Ravenna, Tuesday and while here paid us a very pleasant call. This is Mr. Immel's first trip to Loup City in twenty-two years and now that he has the ice brobe we hope to see him here again soon.
 Mr. and Mrs. J. W. Conger went to St. Paul Wednesday where Mr. Conger had his arm operated upon. Mr. Conger has suffered greatly for nine weeks and while the wound in his arm is about healed, it gives him a great deal of pain and it is believed that a nerve is affected and that an operation is necessary to give him relief.
 Trouble always discovers him. He is called "The Mediator." That is no safeguard against fights. Wherever he goes, he finds lawlessness and he immediately proceeds to battle for peace. He is Lish Henley, the character played by George Walsh in his new Wm. Fox photoplay "The Mediator." The thrilling picturization of a world-famous book. The author, Roy Norton. The director, Otis Turner. At the opera house Saturday, Sept. 8, 10 and 15 cents.
 Winthrop, Me., Sept. 6.—With a realization of the fact that "seven-tenths of a soldier's business is shooting and shooting quickly and accurately," the giant marine corps rifle range here is being worked to its fullest capacity. Hundreds of marine corps officers and men are weekly taking the full course of instruction in rifle shooting as applied to modern warfare. More than 75 per cent of the members of the marine corps who fired the prescribed course during 1916 are qualified expert riflemen, sharpshooters or marksmen. Marine corps officials believe that, with modern efficiency and equipment, even a greater percentage of the new marine corps will not only distinguish themselves on the rifle range but on the firing line in France as well.
GREAT FAITH IN CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY.
 "Chamberlain's Colic and Diarrhoea Remedy was used by my father about a year ago when he had diarrhoea. It relieved him immediately and by taking three doses he was absolutely cured. He has great faith in this remedy," writes Mrs. W. H. Williams, Stanley, N. Y.
EXPERIENCE THE BEST TEACHER
 It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and efficient and pleasant to take.
 I am paying the highest cash price for poultry of all kinds.

FIRST DRAFTED MEN LEAVE.

The first of the drafted men from Sherman county left this morning for Lincoln and from there will go to the cantonment camp at Fort Riley, Kas. Only five per cent of the men were called to the colors at this time which is only three from our county. These three men, Ernest Bauman, Loup City, Leon R. Beza, Ashton, and Harry W. Hodgeson, Loup City, were all at the depot and ready to go. Chris Larsen reported at the depot to go in case any of the first three failed to report for any reason. The band accompanied the boys to the depot and gave several selections before the train pulled out. A fair sized crowd was present to bid the boys good bye and god speed on their journey, considering the early hour and the fact that only three left. The Northwestern joins the many friends in wishing the boys good luck on their mission and a safe return at the end of the war.

UNCLAIMED LETTERS.

List of unclaimed letters remaining in the postoffice in Loup City, Nebraska, for the month ending Aug. 31, 1917.

Mr. and Mrs. A. Noble, Ignac Bagnutski, Jesse Bosswell, Charley Gray, Alfred Hapke, E. L. Townsend, Wm. Thompson.

Persons claiming any of the above will please say "Advertised" and give date of this list.

C. F. BEUSHAUSEN, P. M.

MISS EMMA OUTHOUSE DEAD.

Word was received today by Mr. and Mrs. A. B. Outhouse announcing the death of their daughter, Miss Emma, who has been employed in Indiana for some time. We understand that Miss Outhouse has been ill of typhoid fever for some time. Word was received too late for us to obtain any of the details before going to press.

Last Call Made for the Final Enlistments.

Sherman county's company of National Guard Reserve will undoubtedly be mustered into the state service by the latter part of next week, if enlistments keep coming in at the present rate.
 Over fifty enlistments have been secured, nearly twenty the past week, and the final drive Saturday and the first of next week is expected to entirely fill the company.

We are now making a final appeal to all the red-blooded young men of the country to join and assist us in this last effort. This branch of the service will undoubtedly be the last chance for a young man to enlist in a home company, and it should be a source of great pride to all who are able to become members of this organization.

Word received from Adjutant General W. E. Steel today states that he now has ten companies ready to be mustered in and that this coming week will see the end of the enlistments.

Is Sherman County going to be numbered among those who have the honor of raising a company in this new regiment?

Garret Lorenz is the enlistment officer at Ashton, H. E. Willis at Loup City, Mell Gordon at Arcadia, and an enlistment officer will be at the C. W. Trumble store in Hazard, Saturday evening, and arrangements are being made to have one in Litchfield Monday evening of next week.

Young men, it is now up to you. Are you going to enlist in a company composed of your friends, or are you going to wait and be drafted. Come in and enlist today.

PLANS FOR REGISTRATION OF WOMEN WELL ORGANIZED.

Plans for registration of women in Nebraska on September 12th are well organized. The movement is a national one, but each state committee on registration is charged with the execution of its own plan. The state committee, delegates the work to the county chairman of registration; the county chairman in turn delegates the work to the committee on registration, or to registrars in the cities, towns, villages and rural communities. Each county, therefore, works as a unit. It will be interesting to make a sociological study of the proportionate numbers registering in the different counties. Some conclusions may be drawn as to significance of nationality, religious affiliation, comparisons between cities and rural districts, relation of railroad facilities to the success of such a movement, kinds of service offered, indicating the class of women most responsive to such a call, etc.

Final summaries of this registration will be reported to the government. The women of Nebraska have this opportunity of placing themselves at the head of the list for percentage of registrations. Let one hundred per cent be our goal.

TAYLOR GIBSON DEAD.

As we go to press word comes to us of the death of Taylor Gibson. It comes as a surprise to most of our people as very few knew that he was ill. The Northwestern will contain the obituary in our next issue.

GOOD SALARY IS OFFERED COOKS BY U. S. NAVY.

Men Who lead Your Bluejackets Are the Most Popular Among the Personnel of the Fleet: Their Work is Pleasant and They Rest Every Other Day, Usually.

The United States navy has issued a special appeal for men who can cook to enlist in that branch of the service. The pay is higher than most branches, the work is pleasant, and the cook on a ship is easily the most popular man of the personnel.

The officers in charge of the Nebraska and South Dakota district for the navy announced yesterday that the department is looking to this district to supply a good proportion of men who can cook for the navy. It is the homesteader and the minor, the man who knows how to take care of himself in the open who knows the science and art of cooking—and its importance in keeping up the fighting spirit. Especially is the man who can take care of the cooking end of a small town restaurant desirable.

The usual hours for a ship's cook are divided up so that he works one day and rests the next—or, three meals on and three off.
 The best of material is furnished to work with and the pay is exceptionally good. The salary ranges from \$35.00 to \$66.50 a month. This is in addition to all clothing, food, medical attention and other expenses. Experts have estimated that the living expenses furnished a cook in the United States navy is equal to \$50 a month in civilian life. The U. S. navy is the highest paid service in the world.

Anyone wanting to enlist as a cook should go to the Navy Station at either Omaha, Neb., Sioux Falls, S. D., Aberdeen, S. D., Watertown, S. D., Lead, S. D., Hastings, Neb., Lincoln, Neb., Sioux City, Ia., Norfolk, Neb. or Council Bluffs, Ia.

If you pass the physical examination there, free transportation will be furnished you to Omaha, Neb., where the final examination will be made. If you pass that, free transportation and means will be furnished to your destination. If you fail to pass the final examination, free transportation will be furnished you to the substitution from where you started.

In the new "Military Map of the United States," just from the press yesterday, the Union Pacific system is offering free to the thousands of families who have members or relatives in some branch of the fighting forces of Uncle Sam the most comprehensive publication of the kind yet printed. It gives a printed list and location of all the National Army cantonment camps, National Guard concentration camps, Reserve Officers' training camps, Aero training stations, post-and stations of the army and the navy and marine barracks—nearly 500 points throughout the country where preparation is being made to train and equip "Sammies" and "Jackies" for the big drive Uncle Sam contemplates at a later date. The map is in four colors, every government station is clearly located and the information will be timely and helpful to thousands of mothers, sisters, brothers, wives and sweethearts, particularly so as the drafted army is concentrated at various points. The folder is free upon application to the Union Pacific system office in any metropolitan city or to Gerrit Fort, Passenger Traffic Manager, Union Pacific System, Chicago. The pamphlet also contains some interesting facts pertaining to the service of railroads in conjunction with the movements of troops to and from the 500 points designated on the big map.

A HEART TO HEART TALK.
 Can you answer "Yes" to the following questions:

Are you a woman over 16 years of age? Do you really love your country? Do you realize that your country is at war? Do you think there is anything you can do to help your country in the present crisis? Are you willing to write down on a card what you think you can do? Do you believe organized endeavors count for more than scattered efforts?
 If you can answer "Yes" to the above questions, then do not fail to register on September 12th.

They say it is better late than never; we hope this is true. Mr. Hartman went to Lincoln the first of the week to visit his parents and a brother who has been attending the naval school at Annapolis, and left the force to publish this issue of the Northwestern which we can do all OK, but the chief cook and bottle washer had the misfortune to sprain his back and has been under the doctor's care ever since, and trying to work at the same time. Of course the work has suffered and we hope this will not occur again in the near future.

It seems the examining boards have had less trouble with flat feet than with cold feet.

NEW LIBRARY IS OPENED

The Public Library of Loup City township was opened Monday evening with an informal reception by the library board assisted by Ladies of the Unity club and the P. E. O. Chapter. A neat little booklet had been prepared by the board, giving a history of the movement from its inception, with a very good picture of the building on the cover. Those visiting the library were given one of these appropriate souvenirs.

The rooms on the main floor were decorated with Palms and Ferns. Punch and wafers were served in the assembly room, the decorations being in yellow and green.

The building is 32 by 52 feet. Lower floor ceiling 9 feet, main floor ceiling 11½ feet. The library occupies the whole of the main or upper floor and has shelving for more than 10,000 books. The furniture is the best grade of special library furniture with tables and chairs selected in different sizes for adults and children.

The rest room and ladies toilet is equipped with those comforts appreciated both by our own people and those sojourning in our town and certainly one of the most valuable adjuncts to the building.

We congratulate the people of Loup City township upon the accomplished fact of this long desired public necessity, and it is the desire of the library board that the library be constantly used by our people for the purpose intended. That the volumes upon the shelves limited as they now are may prove of value to those seeking self improvement, that they may encourage the disheartened, stimulate ambition and serve as stepping stones to higher ideals and nobler purposes.

REGISTRATION OF WOMEN IS VOLUNTARY.

Registration day for women in Nebraska is September 12, 1917. This registration is decidedly different from the registration of men which took place in our country on June 5th, last. Registration of women is voluntary. No one will compel you to register. Nothing will be done to you if you fail to register.

Registration simply means signing your name and address and stating what you can, or will do, in the way of service for your country at this time. If you wish to be paid for your service, say so. Nothing will be done to you if it becomes impossible for you to render the service for which you pledge yourself. Your offer will be made in good faith, and no legal significance can be attached to your obligation.

No guarantee is made that you will be given the work you ask for, or the compensation which you may consider it necessary to receive, but the probability is that the work and workers in this state will be so organized through registration, that each woman may be given to do that which she prefers.

FOR SALE.

Dandy large size base burner. Only used one season. Mack, the barber, 38-2.

Worry may be, as a great man has said, worse than drink, but it doesn't leave the same taste in the mouth next morning.

CAN YOU COOK?

Napoleon said an Army Fights on its Stomach. So does a Navy.
