EXPERIENCE THE BEST TEACHER It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those

Mr. Farmer!

Are you going to rent again next year and take a chance on losing another crop. Before you rent again it will pay you to make a trip with me to Deuel county and look over what we have to offer for sale. Wouldn't you just a little bit rather farm a level piece of ground of your own than a hill farm of somebody else's. Your ten year-old son can drive a four-horse team hitched to most any kind of a farm implement on level land. Can he do it where you now live? Wouldn't it be more like living if you could farm level land, had straight corn rows, square fields of grain and hay, and had good hard, level roads over which to haul your farm products? Our wheat this year made from 25 up to as high as 50 bushel per acre, oats from 30 to 80 bushel per acre and we never had better prospects for a big crop of corn than at present. You can always hear all kinds of tales about any country, no matter how good or how poor, but we want you to come and see our country for yourself, and see what others are doing. You can do the same if you have a little money and a little backbone to go with it. If you have failed to see the motion pictures of Deuel county scenes that were shown this week at the Daddow opera house you have missed a great treat. We make a trip to Deuel county every week from Loup City. Will you join us on the next trip? Call on or phone me at the Frederick Hotel.

PEOPLE SPEAK WELL OF CHAMBERLAIN'S TABLETS.

"I have been selling Chamberlain's Tablets for about two years and heard such good reports from my customers that I concluded to give them a trial myself, and can say that I do not believe there is another preparation of the kind equal to them," writes G.
