

**Our Children**

By Mrs. W. B. Davis

**The First Babies' First Year**

Such a wonderful little bit of heaven to be intrusted into the care of mere human beings. So miraculous is the conception, development and birth, it seems that alone, should inspire both parents to a determination to "Train a child in the way He should go, that others as well as ourselves will love him. If we could peer into the future and get just a glimpse of what awaits in the path of the tiny feet which pitter patter all day long we would not be so lax in our early disciplinary measures, which may vary in many ways depending largely on the nature and disposition of the child. Who does not admire a sweet amiable personality? Since it can be developed, there is no better time to start working on it than im-

mediately after birth, if not before. Every stage of child development is highly important. These children are the nation of tomorrow. If they are spoiled disobedient disrespectful and selfish snobs, they are apt to be an enlarged picture for the gallery. Good conduct and morals go parallel with good health. To often morally bad mother and father give baby an unhealthy start; to often what might be done to remedy the situation in neglected adding one more misfit to the long list of those pathetic persons who will be denied so many rich blessings of life—today we have very capable Pediatricians, who have studied and continue to do extensive research work, which enables them to help us with our baby's ills. The best one is the cheapest one even tho his fee may be higher.

**Register Before October 25**

Millions of Negroes in the South are clamouring for the right and privilege to Vote. Last spring women held their skirts high and men waded muddy Swamps down in Louisiana and Texas in order to use their new privileges to vote. Yet hundreds of our northern and mid-western brothers, walk around in indifference and fail to exercise this right of citizenship. Lincoln has many new comers from the South. Let all of us pioneers and new-comers, prove our interest in community welfare. Let us not wait until some problem or injustice arise to cry to high heavens and denounce those in authority.

Someone has properly said: "Bad officials are elected by good citizens who fail to vote." Go to the 2nd floor of the City Hall and register before October 25. Inquire about the important issues and vote according to your best opinion on November 5, 1946.

—Robert L. Moody.

**Released From Hospital**

Little Sandra Kaye Springs, who was stricken with infantile paralysis two weeks ago was released from the Orthopedic Hospital Wednesday. Her mother, Mrs. Wm. Springs Jr., reports that she is much improved.

**Hastings News**

By Mrs. Ted Smith

Rev. M. L. Shakespeare has announced the purchase of a new building at Baltimore and E Streets, for the African Methodist Episcopal Church in Hastings. The group formerly worshipped at the Y. M. C. A. building and at the Spencer Park Recreation building. The building will be ready for use in about two weeks.

**Campus News**

by Jeanne Malone

Social activities for the university students of Lincoln were officially opened by an all-university party held at the Urban League last Saturday night. Because of the shortage of girls on Lincoln campus, girls came down from Omaha. The party was begun with a few get acquainted games led by Miss Melsena Goolsby, after which quiet games were participated in. After a very substantial lunch, a program was presented by Mr. Frank Hale of Union College. Miss Charlotte Preston was first on the program singing "Through the Years." "Nocturne in C Sharp Minor" by Chopin was played splendidly by Miss Ruth Norman. Charles Goolsby, recently out of the army sang "The Gypsy" with plenty feeling. Miss Juanita Hanger did a superb job with an original monologue. The Union College contribution to the program was a splendid boys quartet. The master of ceremonies, Mr. Frank Hale finished the program very beautifully with a solo, "The Roses of Picardy."
