Negro In Oak Ridge Town Council

OAK RIDGE—(ANP)—A Negro was elected here on October 5 to the town council to represent the Negro section known as Scarborough district. Payment of the poll tax for voting was not required but only 2,175 persons turned out to the polls. Three of the members of the council were up for re-election.

Robert H. Wadkins, the newly elected Negro member, will serve with 11 whites who were elected on the same day. They will take office on October 14, and thereafter elect one from their number to serve as chairman or mayor.

Oak Ridge came into prominence as the site of large scale atomic energy survey. Because of the large scale operations there within recent years on atomic research the town has grown immensely and is taking on added significance.
