"Thought of the Week"

A faithful friend is the true image of the Deity. —Budgell

I hear that a certain girl had a date with a certain boy but did not keep it. "I wonder who it could be?" Hummmmm

A certain girl has an interest in a certain Union College boy. Could you tell me who she is?

"Question of the Week"

The question of the week was sent in by Freddie Powell.

What is your greatest wish?

Freddie Powell—That I was in Chicago, Ill.

Robbie Powell—That December 20th would hurry up and come. Why? As if I didn't know.

Margaret Knowles—That I was a good dancer.

Mary Lou Knowles—That my father would come home from Africa.

Mattie Sue Nevels—That I could go to Union College and take up dentistry. (I wonder if V. B. has anything to do with this.

Frank King—My greatest wish is that I could go home and go back to sleep. (The date is October 28, 1946.)

PARKER SPEAKS

Continued from page 1

2. The lack of public and private machinery to integrate the newcomers into normal community life.

3. The overcrowded housing and inadequate recreational, travel and health facilities.

4. Liberal communities accepting racial prejudices of newcomers 5. Scarcity of teamwork between white and Negro leaders to spot the danger signs and plan corrective measures.

Altogether these problems exist, there can be no doubt that there are some people who are thinking and want to meet them fully, honestly, democratically.

We all believe that we should meet the problem and work not as colored people for the narrow benefit of any group alone, but together as American citizens for all.

Deep in our hearts we feel that "the world is perishing for kindness" and that the true answer lies in plain mutual understanding and consideration - - mutual respect and cooperation.

Furthermore, we know that whether you are deeply interested in the problem for the moment - - or whether you fear what may happen in the future, you will support any effort to bring about "enlightened racial cooperation." How can we make this kindness effective in the world today? How can we change "enlightened cooperation" from words to acts? Realizing that there is no magic we can start with the:

URBAN LEAGUE WAY

Having been established since since 1932, the Lincoln Urban League has transferred the idea of interracial cooperation from a

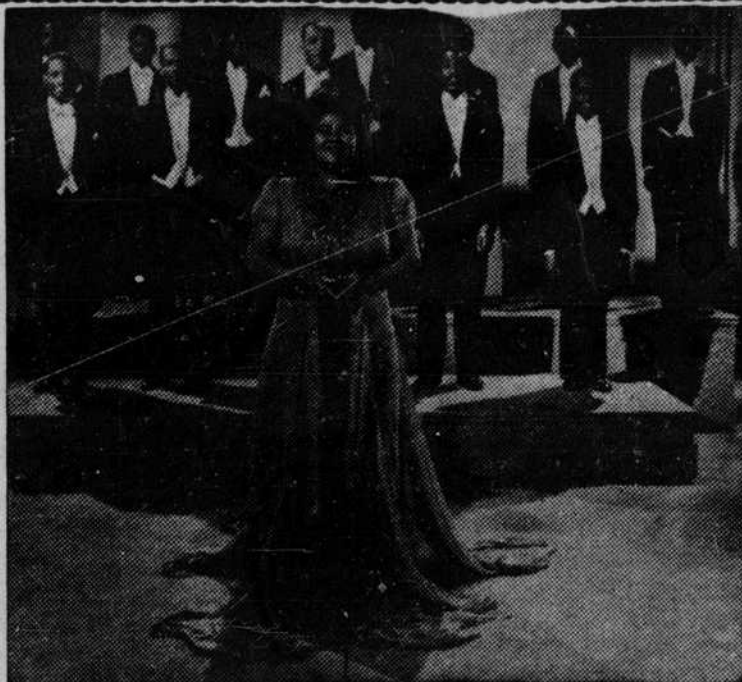

a mere academic formula into vigorous reality. In these fourteen years of tackling the problem through it's fundamentals of employment, housing and health the Urban League has won the respect and confidence of the American people, Negro and White.

The Lincoln Urban League Sponsors:

1. 4-H Girls Group
2. Boy Scouts
3. Girl Scouts
4. General Employment Service
5. Daily Recreation (football, basketball, boxing, table tennis. Summer playground, etc.
7. Camp for boys
8. Camp for girls
9. Brownie Club
10. Girl Reserves
11. Sewing Club
12. Bridge Club
13. Teen-Timers
14. All Girl Chorus
15. City Wide Chorus and Dramatic Group
16. Child Study Club
17. Literary Book-lovers Club
18. Interdenominational Bible Class
19. Rhythm Band

Aside from the activities just mentioned, the League serves as a meeting place for Health, Educational and Religious groups. Now it is concentrating on Industrial and labor relations, public education for interracial cooperation and community organization and planning in the field of Housing, Health and Recreation.

In a few minutes you will place this paper to one side and presently forget what has been written here. I would like for you to remember—that American Teamwork works—for all of us!
