What does Easter mean to you  
 Stately church with cushioned pew,  
 Where, Lenten season gone at last  
 And days of self-denial past,  
 Richly-clad, devoted throngs  
 Of worshipers unite in songs  
 Of praise in lily-scented air?  
 Is this what makes your Easter fair  
 Does it mean the end of winter's reign,  
 Bright skies and welcome warmth again,  
 Singing of the birds, budding of the trees,  
 Sweet spring odors on the breeze  
 From daffodil and crocus bed  
 And balsam branches overhead?  
 Sad is the world and cold and gray  
 If this is all of Easter Day.  
 But if this blessed season brings,  
 A firmer faith in holy things;  
 Assurance of a living Lord;  
 A strengthening of the tender chord  
 Of love that binds us to the life to come  
 Where loved ones 'wait us in the heavenly home,  
 No pain or loss can e'er efface the bliss,  
 Dear friend of Easter, when it means all this.

### Problems in Make up

We square face should select the type of make up that will detract the width of the jaw line, and accent height and width at right angles. The hair is dressed with height at the center front, while the width at each side is at right angles from the eye brow line. Hair dressed softly on top will prevent the masculine appearance so often associated with the square featured woman.

Place cheek rouge in a circle under the eye and shade it toward the ear and jaw line. Apply a dark foundation cream and powder to the square jaw and gradually blend in a lighter shade for the rest of the face. Arch the eyebrows slightly. Apply lip rouge in a graceful curve to the lip line, and make the mouth slightly wide.

### BIG BASEBALL MEN CHALLENGING RICKEY

There are big men in baseball who are fighting Rickey tooth and nail in his efforts to promote Robinson to the majors. The current battle between Rickey and Larry MacPhail, for instance is not just an ordinary brawl, nor is it simply because MacPhail allegedly sat with two well-known gamblers during an exhibition game here between Brooklyn and the Yanks. It is no secret in the major league front offices across the country that MacPhail is against the Rickey-Robinson plan. MacPhail who makes thousands of dollars off Negro baseball each year, and whose club is well patronized by the forgiving people of Harlem, can't stomach the thought of the lily-white color-line in baseball being broken—That is one of the reasons he's at swords ends with Rickey right now. He'd like to get the Brooklyn owner heaved out of baseball if possible. And not only that—but he has a lot of colleagues in the majors going along with him.

MacPhail is the leader of the faction that objects to turning the "Great American Game" into just that... He is big and powerful in baseball and capable of leading such a vicious group... Not only does he have certain high executives in baseball "going along with him" but also many of the influential writers of what Americans like to call "our free and liberal press"... Yes, there are newspaper men, baseball officials and even umpires who would like to see Rickey's plans for Robinson go asunder.
