Special recognition is always given persons whose emphasis lie in good citizenship.

Lincoln is a fast moving city, rapidly making civic improvements and providing opportunities for cultural development and recreation. Hundreds of our families are displaying active participations in community projects relating to such matters as health, safety and beautification of their homes, thus making a definite contribution to the city.

The beautiful lawns, flower gardens, shrubbery, porch and yard furniture were all evidence of this fact. During the difficult job of judging in the recent annual Urban League Yard Clean-Up Campaign.

The Clyde Coulter home 2444 South 9 is outstanding, with its beautiful iris hedge in full bloom and the retaining wall on either side making the place separate and distinct. The care of the yard is comparable with Mrs. Coulters idealistic housekeeping.

At the Page home 336 South 20th Street display of superior color schemes and orderly arrangements was outstanding.

The property at 1029 Rose St. has been completely revolutionized during the year of the Randols occupancy. A lawn front and back with beautiful lilacs in keeping with the "Lilac City" that Lincoln has become, as well as other shrubbery, is an almost unbelievable transformation.

The Caesar's, 1922 "T" not only shows great improvements in the re-arrangement of the yard but the new driveway and walk, also enhance its beauty.

Both the Lintz's and Starks' yards were individualistic and marvelously significant. Both families are newcomers and making a welcomed contribution to our city.
