Miss Mary Nelson was a recent visitor at the home of her brother and sister-in-law, Mr. and Mrs. Ben Nelson. Miss Nelson has just returned from Shanghai, China, and Chungking, where she has been with the U.N.R.R.A. for two years. She was enroute to San Francisco, California.

A woman on a train, describing her holiday to a man in the next seat mentioned that she had visited San Jose. "You pronounced that wrong," said the man. "It's San Ho-Say. In California all J's are pronounced as H's." Dismissing the point, he asked, "when were you there?" The woman thought for a moment and then answered, "In Hune and Huly."

The Sports Front

with Howard "Smoky" Molden

One of the greatest sports classics came to a roaring close Monday as the powerful Yankees downed the Dodgers. Jackie Robinson and Don Bankhead both saw action in the series tilt. Jackie, who has played brilliantly for the Dodgers this season, played his usual brand of perfect ball. But the Dodger pitchers were unable to tame the big bats of the powerful Yankees in the last game.

Now that it is over ball players and sports fans alike will play the games over and over, each having his own idea of how it could and should have been played. But it will be a series never to be forgotten. It will also be a great encouragement to Negro players to try to follow in the footsteps of Jackie Robinson.

We'll be looking for more great performances from our Jackie Robinson in the '48 season.

our voice is constantly changing

A telephone company's "voice" changes in somewhat the same way as that of a teen-age boy. But unlike the teenster, our voice is constantly changing. With the installation of new telephones, our voice becomes richer, fuller, and covers a wider range. Through our expansion program, we hope that before long our voice will make its greatest change—the satisfying sound of telephone service for everyone who wants it.
