Mrs. Greene states that this choice may have come as a result of her early selections. She selects her wardrobe as soon as the styles are displayed, thus giving her an advantage in many respects. She selects her spring wardrobe in February and her summer wardrobe in May.

Mrs. Greene says that she never thinks in terms of a particular pair of shoes or hat or dress, but of a complete outfit, and she dislikes wearing it more than two or three times.

### The Best Dressed Man

W. P. Keys, 2019 T, was chosen "Best Dressed Man" for 1948.

He says he doesn't think too much of dressing now, he simply selects his complete wardrobe as soon as the styles are shown and he has always been very careful to wear the correct things at the correct times. He says he thinks that is the way it should be done.

Mr. Keys has traveled extensively and he feels that this is to some extent responsible for his consciousness of dress.
