Greetings Gates,  
Last week there was a different style of TAC. I thought it was kind of clever. Hope you did too.

Charles Finney and Eugene Graham are in Lincoln again for a short time. I know a couple of girls that are happy.

We see that Nolan Davis will be in the starting lineup for the opening game of the Lincoln High football season. Davis played on the reserve team last year. He's a real good football player, too. Oh yes, have you noticed those big muscles he got training for the Golden Gloves last spring? We hope he's a big hit.

The open house at the Student Union was really on the ball.

Maxine Stith was my guest a few days while visiting friends and relatives before returning to Nursing School in Chicago.

Jeanette Venegar has returned to Lincoln High school after a summer vacation in Detroit.

Bye now. DOTTY.

Sponges are better than cloths for washing walls, woodwork, and upholstery. Like chamois, sponges should be washed in lukewarm suds, thoroughly rinsed, and dried in the shade.

**Black Kettles**

The kettles often get black when we prepare a hot drink outdoors, but here is a tip someone gave me, and I will pass it on to you. Before setting out to cook something over an open fire, rub soap on the bottom of the utensils, and when the pot is washed the soot comes off easily.

Mending a garment before washing is a good way to conserve it.
