Original American Finds Trouble Living In Native Country

HOLLYWOOD, Calif. (ANP).—The original American, the American Indian has a lot of prejudice to overcome to make himself at home, according to "Iron Eyes" Cody, Hollywood's No. 1 movie Indian. He is half Cherokee and half Seneca.

For instance Cody recently bought a house in a restricted neighborhood in San Fernando Valley. None of his fellow Indians may buy anything there. His thoughts on this topic are:

"My uncle, the curator at the Southwest Museum, warned me my neighbors will make life unpleasant. He was surprised I was able to buy the land. My deed says 'restricted to Caucasians only.' I guess the real estate agent was looking the other way."

He also noted that Indians gained the right to vote in their native land only two weeks ago.

Depiction of the Indians in the movies is another sore spot as far as Cody is concerned. He said: "Nothing but warpath and bloodshed. If the Indians win it's a massacre, if the white man wins it's a battle."

"Tulsa" was the worst I've seen. I turned down a job in that—I wouldn't portray Indians incorrectly."

He also had a gripe about what the movies want to do to a play he wrote about Indians. "Every studio wants to change the plot to make the Indian the cruel savage," he said.

Cody, himself, is an example of the new Indian of today. He was graduated from Texas university.

Teen Age Chatter

By Dorothy Greene

Greetings Gates:

By the time you read this I will be a year older, my birthday was Wednesday the 15th. Others celebrating their birthdays in the month of June are Vonna Finley, June 9th and Charles Campbell, June 24th. Happy Birthday Teens.

Say teens here is an item of special interest to the girls in Lincoln. We have a visitor in the city, he is, Victor Brown, visiting Mr. and Mrs. A. E. Simms. He is from Kildare, Texas and a student at Wiley College. We are glad to have you spend some time with us Victor. Hope you have an interesting visit.

Stella Woodlee of Alliance, Neb. is in our fair city again, she will be here about three weeks. She is attending the All State music organization at the University of Nebraska.

FOR BOYS ONLY

Assuming that all of you who have been invited to the Kluge Klub Formal party have your dates, I'll give you some hints which might prove very interesting if you want to please your date.

1. Be sure and don't be late! No girl likes to be kept waiting for her date. (That goes for you girls, who just had to read this, be ready when he calls for you.)

2. On this real-gone occasion flowers are in order. In case you are in doubt about the color of her formal, why don't you ask her best friend.

3. And last but not least if you don't have a date, it means that some girls have not been asked, so get busy boys.

This week I would like to mention something very serious, as you all know there is a union of Quinn Chapel and Mount Zion churches to have night services and I think it would be a great thing if you teens would come out and help support our churches. How about it?

Next Sunday Quinn Chapel will take its choir and be guest at Mount Zion at 12th and F street. I hope to see many of you there.

By now until next week,
DOTTY.

Tribune, will be guest speaker.

Dr. C. Stanley Hough is president of the DuSable center. Judge Fred (Duke) Slater and businessman Leo Rose are co-chairmen of the committee. Jesse Owens will be master of ceremonies.
