SENTENCE SERMONS
By Rev. Frank Clarence Lowry
for ANP
**MAKING YOUR LIABILITIES,
ASSETS**

1. Trials and misfortunes have been known to take their toll; but some whole-hearted and determined individuals have even defied these enroute to their goal.
2. Lincoln could not have made it to the heights to which he attained if he had not withstood the rigors of his disappointments, and through and by them gained.
3. Booker T. Washington, against odds almost insurmountable, did not stop until he had accomplished the almost impossible.
4. Paul, one-time against Christ, and later completely for Him, braved all odds to remain true to his Saviour, that other souls to Him he might win.
5. Adversities and hardships

JESUS MEETS GROWING HOSTILITY

Scripture — Mark 1:40-3; 12.
Memory Selection — When Jesus heard it, he sayeth unto them, they that are whole have no need of a physician, but they that are sick: I came not to call the righteous, but sinners to repentance. Mark 2:17.

Present Day Application by Frederick Jordan, Los Angeles, Calif.

Men when converted should show unmistakable signs to their friends and neighbors and to those with whom they work, that there has been a real change in their lives. Their talk should be different, the places they go, their social life, all of their daily conduct. There are many opportunities to show that a change has been made. The social pressure of drinking is one. Attention many be drawn at this point and criticism and ridicule be directed toward one, but the faith and courage required to live a Christain life will be strengthened. If the man in our lesson had remained on his bed after Jesus told him to get up and go to his house, no one would have believed that the man was healed, even though Jesus said he was, and the man himself declared it. There is a vast difference between a helpless invalid and a man walking normally carrying his bed. Nothing the man could ever do and nothing other men could ever do to him could accomplish such a change as that. The sin of social drinking can paralyze us today just as effectively as this man was and render us just as helpless. When we are healed and go forth out of the church vigorous and healthy, we must remember that while some will be stirred to wonder and praise, others will criticize and be stirred to hostility.

- can't harm you if you with God know how to utilize your trials; they then give way to softer emotions and leave no signs of guile.
6. Struggles and hardships to such individuals only become strong stepping stones, for they have learned to conserve their energy and not give way to groans.
7. Even the little oyster, when it finds struggle to be of no avail in extricating a grain of sand from its mouth, endures the discomfort and allows it to remain until a pearl is formed to add adornment to the earth.
8. You and I must sense that we are made in the image of God a little lower than the Angels, and that the earth, by us is to be glorified and has no unconquerable angles.

NEW YORK—The 28th United States Supreme Court victory of the National Association for the Advancement of Colored People, which came last week when the high tribunal affirmed a lower court decision ordering the admission of a Negro student to the law school of Louisiana State University, was described by NAACP Special Counsel Thurgood Marshall as part of the "last phase" of the legal fight against segregation on the graduate and professional level.

The high court unanimously upheld the decision of a special three-judge federal court in New Orleans, which had cited the Supreme Court rulings, affecting the Universities of Texas and Oklahoma and ordered LSU to admit Roy S. Wilson to its law school.

Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most

folks don't realize this, but Mrs. Lucy Braswell, of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and by taking HADACOL she found she is helping her system overcome deficiencies of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

Here is Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."
