Nat (King) Cole Keeps Home

LOS ANGELES. (ANP)—Nat (King) Cole, star pianist, singer and leader of a famed trio, learned last week that he will be allowed to keep his \$85,000 home. He had been threatened with loss of this estate because of delinquency in payment of back income taxes owed the federal government.

To keep his home which the government already had seized, he paid in cash a sum the government expected to collect from the sale of the house.

The bureau of internal revenue did not tell what this sum was, but did say the record artist had agreed to assign all royalties from his recordings with Capitol Records to pay what he owes. He also has agreed to make current payments.

Apricot Coconut Cake is an economy special for thrifty, fortified margarine is used in both the cake and the frosting. The homemaker will be delighted with the speed and ease with which margarine creams and combines with other ingredients. She will be more than pleased with the velvety texture of her margarine cake and the smoothness of its icing.
