Mrs. Sampson to Visit Europe on Goodwill Tour

BY ALICE O. DUNNIGAN
WASHINGTON. (ANP).—Mrs. Edith Sampson, alternate delegate to the United Nations, will return to Europe on another goodwill tour for the government as soon as the necessary arrangements can be made, according to Mrs. India Edwards, vice chairman and director of the women's division of the Democratic National Committee.

Mrs. Edwards told the press last Tuesday that Mrs. Sampson, along with Miss Margaret Truman, the presidents' daughter, and the two United States women diplomats have done a terrific job toward counter attacking communism in Europe and winning friends for the United States.

Much of the racial propaganda which was being circulated in the European countries was combatted by Mrs. Sampson, who is a marvelous speaker and who did a wonderful job in Austria, stated Mrs. Edwards.

Mrs. Sampson went to Europe for a ten-day stay, but she was in such demand that she remained there six weeks.

"When I ran into Mrs. Sampson in Vienna she was perfectly exhausted," said Mrs. Edwards. "She had been making three and four speeches a day, and she was a tremendous hit!"

Women in foreign lands are very anxious to talk to American women, observed the political leader. They asked that more American women come over there.

Mrs. Sampson did not confine her speeches to women's organizations, she also spoke to men's groups, to schools and universities and to lawyer's groups.

She spoke chiefly on the "Status of the American Negro," because the people were anxious to learn about the Negro in this country. But she also talked on the work of the U.N., and of the work of the sub-committee on which she served. That committee deals with the treatment of prisoners of war.

Mrs. Sampson, being a lawyer herself probably talked on more technical subjects when she spoke to lawyer's groups.

Mrs. Edwards two months tour carried her to Austria, Germany, Denmark, Belgium, Luxemburg and France. Upon her return she made a report of her findings to President Truman last Tuesday.

Olive Appointed To West Point

LOUISVILLE, Ky. (ANP). Lewis C. Olive, jr., 22, former local athlete, was enrolled last week in the United States Military Academy at West Point. He is believed to be the first Negro from Kentucky to attend the Academy. He was appointed by Rep. Adam Clayton Powell (d., N. Y.).

A 1948 graduate of Central High school here; Olive attended the University of California, Berkeley. While at this university, he broke the freshman track record for the mile.

Last year Olive attended the Military Academy preparatory school at Newburg, N. Y. At the prep school, he won the national junior Amateur Athletic Union 1,000-yard race.

Olive's father has been active in Democratic politics for many years. He was Negro democratic campaign chairman in 1948.

Ada Fisher Fails Bar Examination

BY VIOLA D. LEWIS
TULSA, Okla. (ANP) — Mrs. Ada Lois Sipeul Fisher the Negro who shackled the color bar at the University of Oklahoma Law school, failed to pass the state bar examination, Fred Mock, chairman of the board of examiners, announced. Mrs. Fisher will be graduated in August.

Many will recall Mrs. Fisher as the young lady who made headlines in 1947 when she tried to enroll at the state university's law school. At this time it was unheard of for a Negro to attempt to enter a white university in the South.

Her application was refused, and the state set up an equal but separate school for her. She carried her case to the U.S. Supreme Court, which declared the separate school to be inadequate. She then was admitted to the School of Law at the University of Oklahoma. She will be graduated in August.

As to why she did not pass the state bar examination, Mrs. Fisher said it was just a case of bad luck.

"After three years, I've done too much hard work to get discouraged now," she added.

She said that she will probably take the examination again in January.

Attorney Leaves For Europe

WASHINGTON — (ANP) — Dr. George A. Parker, dean of the now defunct Terrell law school, and one of the attorneys in the W. E. B. DuBois case, left Washington last Saturday for Europe where he will hear testimony from Miss Joan Laffitte, executive secretary of the Congress for World Peace.

He was accompanied on the trip by Miss Gloria Agrin and Bernard Jaffe, two other attorneys representing DuBois. In Paris they will be joined by two of the prosecuting attorneys from the Department of Justice where Miss Laffitte will testify whether or not the Peace Information Center of New York, of which Dr. DuBois was chairman, was affiliated with the international organization.

Dr. DuBois is one of five people under indictment for the failure of registering his organization as a foreign agent, on the grounds that it is connected with the world peace movement.

Parker expects to be in Europe

Law Declared In Chi. Suburb; National Guard Patrols Town

Two Crack Color In

— THOMPSON
Okla. (ANP) — Two cracked the color line in respective fields here last

Edward Irons became the first colored doctor to serve his internship in a local white hospital, and Mrs. Lilla Byars Thompson, interior decorator, landed a coveted contract with white organization.

Dr. Irons completed his internship in hospital administration at Hillcrest hospital. He received his master of science degree from the University of Minnesota. He has been appointed as business manager of the Consolidated State Institution at Taft, Okla.

Mrs. Thompson has the contract to cut, sew, and design draperies for the new building of the National Junior Chamber of Commerce. Her contract is with the Honn-Nording firm.

Mrs. Thompson is the wife of P. S. Thompson, a local pharmacist.

Richmond Nurse Wins Fellowship

RICHMOND, Va. (ANP)—A fellowship for public health study at the University of Michigan has been won by Miss Eugertha B. Robinson, a nurse with the Instructive Visiting Nurse association here.

The fellowship was provided by the National and the Richmond Tuberculosis association working co-operatively. Miss Robinson, a graduate of Armstrong High and the St. Philip School of Nursing also holds a certificate in public health nursing from the school of public health at the Medical College of Virginia.

CICERO, ILL. (ANP). Martial law was declared Friday in the town of Cicero, Ill., a suburb of Chicago, as the Illinois National Guard restored a semblance of peace to a town reeked with violence for nearly a week because a Negro family is moving in.

As a result of the National Guard action, 70 persons have been arrested with 14 to be turned over to the Federal Bureau of Investigation. They are charged with unlawful assembly, incitement to kill, and destruction of public property. The 14 turned over to the FBI will be investigated for possible violation of federal statutes.

Bishop D. O. Walker

Rt. Rev. D. Ormonde Walker, presiding prelate of the Fifth Episcopal district of the African Methodist Episcopal church is scheduled to be in Lincoln, Sunday night, July 22. Services will be held at Quinn Chapel A.M.E. church, 9th and C streets at 7:30 p.m. The Rev. J. B. Brooks is pastor. It will be the bishop's first official visit in the city.

Various sections of the crowd swept past the inadequate police patrols on guard, entered the building, smashed into various apartments and heaved furniture out the windows as their frenzied admirers screamed in delight.

Other results of the flareup which attracted a mob at its height contained 6,000 persons were as follows:

The Negro family of Harvey E. Clark, jr., 29, has not moved into its apartment, and will not until peace is restored.

A total of 19 persons including three soldiers and four policemen were injured and treated. Numerous others were injured also, but not reported.

No civilians, unless properly identified as to name and mission, are allowed within a radius of 400 yards of the apartment building involved.

Mob action, slowly building up since Monday when the Clarks moved their furniture into their new home at 6139 W. 19th st. in Cicero, seethed into animal brutality by Thursday night.

Led by teen-age hoodlums not only from Cicero, but from Chicago and other suburbs, the tensed crowd surged toward the building with a barrage of bricks and lighted flares in an attempt to burn the building down or tear it up.

Various sections of the crowd swept past the inadequate police patrols on guard, entered the building, smashed into various apartments and heaved furniture out the windows as their frenzied admirers screamed in delight.

Sheriff Babb personally pleaded to the crowd one night to disperse, but he was hooted and jeered. His men and Cicero town police were unable to handle the thousands of white supremacists out Thursday night, and they pleaded with Gov. Adlai Stevenson to send out the National Guard. He did.

At 12:30 a.m., Friday, the National Guard was ordered into action. Each rifleman was armed with a Garand rifle and two rounds of ammunition. Each machine gunner was equipped with 250 rounds. Soldiers, garbed in full battle regalia, were told not to shoot unless ordered to do so.

They did not have to fire, but they were forced to use their bayonets and tear gas to force the crowd into retreat. They also utilized their trucks and jeeps to push the rioters back.

Some 12 hours after they arrived the mob was dispersed, but not before three guardsmen had been hurt by missiles tossed by the crowd. Police officers and firemen also aided the militia.

By the time they restored something that appeared to be order, the furniture of the Clarks had been destroyed, and so had furniture in many other apartments in the building.

A total of five companies, commanded by Col. Clifford Hodgkin, including 500 men quelled the crowd. These men, many of them veterans of World War II, came from various suburbs of Chicago because guardsmen from Chicago are now on field training at camp.

1951 POLIO POINTERS

DON'T GET CHILLED

DON'T MIX WITH NEW GROUPS

IF POLIO COMES

DON'T GET OVERTIRED

DON'T HAVE MOUTH OR THROAT OPERATIONS

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

These are precautions recommended by the National Foundation for Infantile Paralysis when polio is around. Also, wash hands before eating and be on the alert for such symptoms as feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. If the disease does strike, call your doctor promptly, follow his advice. Your local National Foundation chapter will provide needed assistance.
