- 1/2 cup celery, diced
- 2 sweet pickles, diced

To the mayonnaise add the remaining ingredients. Blend thoroughly but gently. Serve on crisp lettuce with additional mayonnaise. Serves six.

**Corn on Cob**

Palatability of corn on the cob depends largely on the corn's freshness and the method of cooking. The time lapse between picking and cooking sweet corn has a lot to do with its tenderness and flavor. From garden directly into the pot is ideal.

The most popular method of cooking is to simmer the corn ears in salted water. But don't boil it rapidly; don't use a large quantity of water and don't overcook. Corn on the cob should never be cooked more than 10 minutes for new corn, and 15 to 20 minutes for the more mature kernels.
