CROP Campaign Closes Dec. 25

The 1952 goal for Lancaster county has been set at 1 carload of corn. The 1952 campaign closes on Christmas Day.

Arnold Stahly, Hickman, chairman of the 1952 Lancaster county CROP campaign has stated that he is confident that this goal will be reached and bettered because of the fine Christian humanitarian spirit shown by our county's citizens in prior CROP appeals.

This year's contributions of corn will go a long way toward alleviating the distressing shortage of food among the many groups of hungry peoples in the area that CROP operates.

The Lancaster county contributions will be added to the CROP national total of over 1,400 carloads of food from all over the nation for distribution overseas through CROP's parent agencies, Church World Service, Catholic Rural Life and Lutheran World Relief and other church agencies to the needy regardless of race or creed, solely on the basis of greatest need.

Wise Men Followed the Star

Nothing in history is more fascinating and thrilling than the story of the Wise Men who followed the star until it led them to the newborn King. This gallant spirit of the Wise Men is greatly needed in our world at this very moment. Men seem to be willing and anxious to follow every path except that path except that path which would lead to knowledge of the Prince of Peace. Just a few years ago Hitler, Mussolini and the Emperor of Japan followed paths which led to their destruction. After their tragic experience it seems that we would be like the Wise Men of old and follow a more safe star, but are we? The Atomic Warfare race engaged in by the nations of the world tell us that we are following a dangerous path. But

the star of the east is still shining as brightly and as conspicuously and as continuously as ever. It is still leading to salvation! It is still pointing the way! We can follow it in our home life, in our community life, in our national life, in our church life, in our individual life. The star of Bethlehem has not lost any of its glow, any of its brilliance, and any of its guiding power. All we have to do is to follow it even across the parching desert where the scorching sun is beaming down upon us. Since we know that it is leading us to our salvation we like the "Wise Men" of old, should follow it until peace and love and brotherhood and happiness and all the fruits of the spirit shall cover the earth as the waters cover the mighty deep.
