Etta Moten, popular mezzo-contralto, has been invited by the Liberian Government to sing during the week of celebrations incident to the inauguration of President William V. S. Tubman of Liberia, beginning Jan. 4, 1952. Miss Moten and her accompanist, George E. Pierson Jr., will fly from Africa to Europe after the inaugural to do a series of concerts in seven cities of Europe and Scandinavia.

### RCA Victor Honors 25-Year Employees

CAMDEN, N. J., Dec. '51—Two Negro employes of the RCA Victor Division of the Radio Corporation of America were among the 125 employes of the Camden, N. J., plant inducted into the Company's 25-Year club last week.

Howard Nelson and Edward Byrd, both employes in the Warehouse and Shipping Department at Camden, received engraved wrist watches and were congratulated by Walter A. Buck, Vice President and General Manager of the RCA Victor Division. Nearly 1,000 employes and many of the company's executives participated in the luncheon ceremonies in Philadelphia.

In saluting their pioneering efforts in the radio-electronics industry, Mr. Buck declared: "Radio and radar in all their many applications and forms, home television, theatre television, electron microscopes, signals bounced off the moon, planes flown by remote control—these are some of the phenomena that have already caused historians to dub this the Electronic Age." RCA Victor employes did their full share in the "planning, experimentation, and plain hard work" that made these developments possible, he pointed out.

RCA Victor now boasts more than 1,200 employes who have 25 or more years continuous service with the company. An appreciable number of these workers are

Negroes. This total was achieved with the addition this month of 54 men and women to the 25-Year club at dinner ceremonies in various plant locations in Indianapolis, Chicago, Hollywood, Harrison, N. J., Detroit, Pulaski, Va., and Lancaster, Pa.
