8:00 p. m., Tuesday and Friday, regular  
service.  
7:30 p. m., Thursday, prayer and Bible.  
Pastor Rev. Charles Williams.

## Marshall Reports On Integration In Armed Forces

WASHINGTON — (ANP) — The attendance of Negro enlisted personnel doubled in schools of the armed forces during the past year since the racial quotas have been removed, according to the former Secretary of Defense Gen. George C. Marshall.

In his semiannual report recently released by the Department of Defense, the former Secretary said that "considerable progress was made in carrying out the President's 1948 Directive on Equality of Treatment and Opportunity in the Armed Services."

During the past year, the policies developed by the Army, Navy, Air Forces, and Marine Corps in previous years were being implemented without untoward incidents, said the report.

He said combat operations of all the armed forces in Korea

## Sunday School Lesson

**FINDING CHRIST**  
Scripture — John 1:35-51  
Memory Selection — We have found the Messiah (which means Christ).

**Present Day Application**  
By Frederick D. Jordan  
Los Angeles, Calif.

John pointed out the Son of God who can meet all human needs. John was an average person like you and me. He did no miracle, but found out and did the work God wanted him to do. Character does not depend on great genius. John was able to get a response to his appeal because men felt the greatness of his character, his humbleness of spirit. Special work is not always given to men of special talent, but oftentimes awaits your hand — do it faithfully. Humble, common people, possessing no genius, are often able to swing our lives a little nearer to Christ. John pointed out Jesus, are you pointing Him out?

## Students Make Who's Who

NASHVILLE, Tenn.—(ANP)—Some 25 students at Tennessee A&I State university have been officially accepted for recognition in the 1951-51 edition of Who's Who Among Students in American Universities and Colleges.

Recognition in Who's Who is given eligible students who are classified as juniors, seniors or graduate students who have been outstanding in college, scholarship, leadership, educational and extra-curricular activities, general citizenship and service to the school.

demonstrated the feasibility of the established policies as well as the advantages that can be derived from their implementation.

Utilization of Negro personnel was increased and broadened throughout the defense establishment during the past year, continued the Secretary's report.

He pointed out that basic training on a racially integrated basis was established in all the training divisions of the army. And that opportunity for enlistment, promotion, and advancement is being provided on an individual basis without regard to racial quotas.

It was made clear that Negro units are being dissolved in the navy and air force, and the remaining Negro units in the army are being used with other units organically, rather than as separate organizations.

Before retiring from the post as Secretary of Defense, Gen. Marshall said that "further improvement is the utilization of Negro personnel is expected as the experience gained during the past year is applied fully by the military departments."

## Along The Party Line

By Kathryn M. Lytle  
5123 Maple Ave.

It looks like the folks in Lincoln and in St. Louis have one thing in common, at least, and that is some rather stormy weather. Most of ours has been in the form of ice and sleet. Joe was iced in at Frederickton, Missouri overnight.

On a recent Sunday morning when we were having just such weather as I have been speaking of, we decided to go to church in the warm comfort of our living room by way of television. Dr. James Clark was the speaker on the program and he gave a fine sermon but he wasn't satisfied to let us sit complacently by the fire and very earnestly urged us to go to the church of our choice. So we quickly changed into other clothing and made our way to church. Since we were walking, we picked a church close by to attend. Upon walking into the church, we immediately sensed a spirit of friendliness and warmth, which made it pleasant to be there. We heard an inspirational sermon and after the service, were greeted by many of the members. When we arrived home our nose and toes were cold but our spirits were lifted and warmed.

We still do not know for sure when we will be able to get to Lincoln due to weather conditions several of my friends from Lincoln mentioned reading the chats.

We enjoy our television and often hear a real gem, like the following from "The Comedy Hour": "Men have learned to fly in the air like birds and swim in the sea like fish, but won't it be wonderful when they learn to walk the earth like men."

Kathryn

## Irvin Signs Giants' Contract For \$25,000.00 for 1952

NEW YORK. (ANP) — Monte Irvin, hard-hitting left fielder and World Series star of the National League champion New York Giants, became the third highest tan star of the major leagues so far with the signing of his 1952 contract. Only Jackie Robinson at \$40,000 and Larry Doby, at \$30,000 plus, have excelled this—\$25,000 for one season.

Irvin came up from the Newark Eagles, the same Negro club as Doby. He was brought up from the minors in 1950 and though hitting the ball hard in streaks never reached his real stride until last season. Then he became Mgr. Leo Durocher's key man in the sensational pennant drive that saw the Giants nose out the Brooklyn Dodgers.

In explaining his improvement, Irving stated:  
"I was taking too many pitches. Never did seem to be ready. Durocher, the coaches and pitcher

Larry Janson kept working on me to swing more. For the longest time I just couldn't do it. I just thought I had to wait for the right one and too often it never came around. So when I made up my mind to go after the bill I started to hit like I'd never before."

He was tops among the Giants regular with his .312 average and was the best in the league at driving across runs, with 121. He cracked 24 home runs, 19 doubles and 11 triples, and stole home five times, once in the World's Series.

Since the close of the season, Irvin has been working as a na instructor at a baseball academy. At the present, he scales 195 pounds, five pounds overweight. He expects to head for a Florida vacation shortly after New Year's Day. "I can run faster, throw harder and I expect to better," Irvin said happily.

## NAACP

(Continued from Page 1)  
to, Gov. Fuller Warren has consistently refused to take any steps to uphold law and order in that state. Nor has the federal government taken effective action to bring the perpetrators of these crimes to justice."

He also telegraphed Atty. Gen. J. Howard McGrath in Washington, D. C. and Gov. Warren, asking them to take steps "to deliber-

ate action on the part of the lawless forces of Florida to intimidate the Negro population. The Moores were representative of the finest type of citizen of your state."

Previous blasts have included a \$22,000 explosion of Carver Viklage, a newly constructed Negro housing project near Miami.

Moore's death was the first in the series of bombings in Florida. Dynamiters reportedly have earned Safety Director William G. Kimbrough of Coral Gables that they plan more action. He said that since the Moore bombing he has been advised:  
"We just want to let you know we've got plenty of dynamite left."
