BUSINESS MANAGEMENT Will Mean STRICT ECONOMY in State Government

VICTOR E. ANDERSON Pledges:

- Vigorous opposition to any increase in state taxes. • A halt to the rising cost of government through business management. • A road program to include more graveled farm-to-market roads as well as improved main highways. • A program for more industry to provide more jobs, create new wealth, and provide a broader market and better prices for our farm crops. • Conservation, control and proper use of our soil and water resources with administration on the local level.
