Bishop Walker Visits Churches

Bishop D. Ormonde Walker, presiding bishop of the fifth Episcopal district preached Sunday morning at the St. Peter's A.M.E. church, Kansas City, Kas., Rev. Esther Randall, pastor; Sunday afternoon, Mariah Walker Mission, Rev. Bertha Kelley, pastor and Sunday night at the St. Luke A.M.E. church, Rev. Grady Brown, pastor.

For two weeks, Bishop Walker has been visiting the mission churches of the Kansas-Nebraska, Southwest-Missouri and Kansas conferences. He has been the speaker of the hour at churches in Independence, Kas., Coffeyville, and Topeka.

Sunday morning, July 6, Bishop Walker preached at the St. Paul A.M.E. church, Independence, Rev. L. P. Parker, pastor. Sunday night, he preached at Cain Memorial A.M.E. church, using as his subject, "Woe Is Me. If I Preach Not The Gospel."

her seventh birthday on Saturday afternoon with 15 of her friends. She received many lovely gifts.

Mr. James Lewis will be leaving soon for Pasadena, California, where he made his home before coming to Lincoln.

The Rev. John Adams, Nebraska Senator was in the city on Wednesday on business.

Reunion

(Continued from Page 2) evoked at the sight of baby dresses belonging to Mrs. Anna Coffee—especially the remains of her christening dress made and worn in 1881.

Sunday, ninety relatives and friends gathered from far and near, bringing with them everything from "soup to nuts." They hailed from Omaha and Lincoln, Nebraska; Kansas City, Mo.; Topeka, Silver Lake, Circleville, Sunflower, Holton, and Horton, Kansas; Newport, Minn.; Newark, N. J.; and Blythe, California.

Lincolnites attending the affair were Mrs. Marie Copeland and daughter, Marlene; Mrs. Tillie Miller; Mrs. Ida Hassel; and Mrs. Edna Hammond. Other visitors well known here were Russell LeVell and wife, SaRa Ann (McWilliams) Pollard and son, Sherman of Blythe, California.

Before the big repast on Sunday, an exceptional array of talent brought joy to an appreciative audience. Compositions for two pianos were given by Mrs. Ruth McWilliams and her sister, Mrs.

Homemade Peach Ice Cream Ideal Summer Fare

Photo courtesy Borden's

No matter how high the mercury climbs, you've still got to eat. This daily occurrence can be taken care of in a fairly easy fashion if you stick to simple but substantial fare that's easy on the palate and easy on you as chef. You can begin the meal with canned jellied consommé, follow through with a big seafood salad bowl, and end with heaping plates of homemade ice cream bedecked with frozen peaches.

Nowadays homemade ice cream is a very popular item as dessert courses go. It is so quick and easy especially when it is made with sweetened condensed milk since it is stirred only once in the making. What's more you only need one cup of cream added to the sweetened condensed milk to have a smooth, creamy ice cream. The recipe is virtually failure-proof even if you're a novice at ice cream making. Sweetened condensed milk which is a rich combination of whole milk and sugar blends perfectly with the other ingredients to give you a really smooth ice cream minus those pesky "ice splinters" that sometimes turn up in the best ice cream.

Sweetened condensed milk

comes in a 15 ounce can and is wonderful for making candies and cookies as well as puddings and pies. If you would like a copy of a booklet containing 70 easy recipes that work like magic, drop a postcard to Borden's, Dept. Y-R, Box 175, New York, 46.

FRESH PEACH ICE CREAM
(Makes about 1 1/2 pints)

- 3/4 cup (1/2 can) sweetened condensed milk
- 1/2 cup water
- 1 cup crushed fresh or frozen peaches
- 1/4 cup sugar, about
- 1 cup heavy cream

Set refrigerator control at coldest point. Combine sweetened condensed milk and water. Chill. Sweeten peaches to taste. Stir into milk mixture.

Whip cream to custard-like consistency. Fold into chilled mixture. Pour into freezing tray. Cover tray with waxed paper. Freeze to a firm mush (about 1 hour). Turn into chilled bowl. Break up with fork then beat with rotary beater until fluffy but not melted. Quickly return to tray, cover tray with waxed paper. Return to freezing unit. Freeze until firm.

Alice Coffee, also by Mrs. McWilliams and her youngest daughter, Faith Adrienne. Vocal offerings were by Kendall McWilliams and his sister, SaRa Ann LeVell. Group singing continued throughout the afternoon and evening and ran the gamut from popular to classic numbers, including old hymns and spirituals. The high spot was possibly the singing of the Negro National Anthem and the "Hymn of Brotherhood"—the sentiment of which has, through-

out the years, been the guiding light of the VanDerzee family.

QUESTION: I am planning to make a few rooms in a walk-in basement. Would like to know the best and cheapest way to insulate the floor and walls. I plan to put down a rough wood floor, and plaster board on the walls. Have been advised to use tar and tar-paper. Do you think this is a good idea? I think it would give off an odor.

—F.S., New York City

ANSWER: If you plan a wood floor, it would probably be better to have no insulation beneath it. Air circulation below would take care of any slight moisture, normal with concrete floors. Furring strips on walls also provide air space behind plaster board, which would take care of moisture at this point. You can lay tar paper if you wish without worry about the odor.

QUESTION: Will you please advise me on how to finish a white oak chest which I have just finished? Wish to obtain a satin-like finish with the natural grain showing.

—C.L., Toronto

ANSWER: Build up several coats of shellac and rub down with FFF grade pumice. Use a heavy cloth pad for rubbing. Sprinkle the surface with pumice, wet and wring out the cloth, make all strokes in the same direction. If you want to mark the grain in white, rub a white filler across the grain before the shellac is applied, then continue as above. Use a coat of wax to finish off either method.

QUESTION: Do you know of any cure for ants? We have a camp in the country and are bothered with them.

—P.S.B., Paterson, N. J.

ANSWER: Best control developed so far is the use of clordane, dusted in powder form on visible ant hills, and spread in thin unbroken lines around door and window sills and other points of entry to the house.

This column is prepared by the editors of THE FAMILY HANDYMAN MAGAZINE as a service to home owners. If you have any questions or problems relating to your own home, please address a letter, stating your problem to THE FAMILY HANDYMAN, 211 East 37th Street, New York, New York, Attention of News Syndicate Editor. If the question has widespread appeal in the opinion of the editors, it will be printed with the answer in this column at a later date. However, we cannot enter into detailed correspondence with everyone. THE FAMILY HANDYMAN is available at newsstands and hardware stores everywhere.
