

Eye Specialist Admitted to Board Of Otolaryngology

CHICAGO—(ANP)—Dr. James M. Richardson, prominent eye specialist, last week passed the examination for a diploma of the American Board of Otolaryngology. He already is a member of the American Board of Ophthalmology, and now is one of 13 physicians in the Chicago area holding membership in both boards.

Dr. Chester Chinn, of New York, is the only other Negro member of both boards.

Dr. Richardson recently completed post graduate work at the Illinois Eye & Ear Infirmary and was appointed to the Ear, Nose and Throat department of the University of Illinois Medical school.

An article written by Dr. Richardson in 1942 has been included in, and forms the basis for, the chapter on Inflammation of the Tear Gland in the textbook of Ophthalmology, Volume V, by Sit Stewart Duke-Elder. The book is considered standard reference work for eye specialists.

A 1934 graduate of Howard university, Dr. Richardson has been the recipient of many honors in his field. Among them are:

A fellow of Ophthalmology and Otolaryngology in 1950; a certificate for work with the Otolaryngology group at the University of Illinois post graduate school,

NAACP Warns Of Red Appeal

NEW YORK — The NAACP warned its branches this week to have nothing to do with an appeal being circulated by the so-called National Committee to Defend Negro Leadership, which it termed "a creation of the Communist party."

The appeal, said the NAACP, lumps together "legitimate" Negro leaders who have encountered various injustices, and the indictments and convictions of Communist leaders under the Smith Act.

1950-51, and an appointment to the Committee on Scientific Research Personnel by the War Manpower Commission.

He now is a fellow of the Chicago Institute of Medicine and senior attending surgeon at Provident Hospital. He is a member of Alpha Phi Alpha fraternity.

Appoint Former Judge Waring To ACLU Board

NEW YORK — (ANP)—Former Federal Judge J. Waties Waring last week was one of three persons appointed to the board of directors of the American Civil Liberties Union for three-year terms, it was announced this week. James A. Wechsler, editor of the New York Post, and Douglas M. Black, president of the publishing firm of Doubleday and company, are the two other newly appointed board members.

Negroes will recall Waring as the judge who as a member of a special three-judge court delivered a lone dissenting opinion de-

claring that segregation in public schools was per se (in itself) inequality and ought to be ended at once.

This now famous dissenting opinion was rendered in the Clarendon county, S. C. school case. Negroes are hoping that it will become the majority opinion of the U.S. Supreme court which is scheduled to hear arguments on appeals of the case, Dec. 8.

Waring also is remembered for his decision upholding the right of Negroes in South Carolina to participate in the Democratic primaries of that state.

Waring since has resigned from his federal judgeship and now is a resident of New York.

Some men never hit the mark... because they never pull the trigger.—Archie Furr.

... why is DRYCLEANING so desirable? Millions of dirt particles from the air form a film on your clothes that dulls the color, eats away the wearing quality—unless removed. Drycleaning is the quickest, safest, most economical way to remove this film and bring back the hidden beauty of the original color, texture and freshness.
