Grass Roots Opinion

WATERVILLE, WASH., EMPIRE-PRESS: "The priceless ingredient which makes a Republic its system of public education. Our education system is the basis for establishing a free people who can think, analyze and earn a productive living."

DALLAS, TEXAS, PARK CITIES NEWS: "The most potent force we can have toward combatting Communism is a citizenry aware of the workings and dangers of Communism. . . . By keeping tab of the propaganda line as set forth in the party's known organs, we would be better able to recognize . . . its more subtle guise."

DENVER, COLO., MINING RECORD: "The events leading up to . . . the 'nationalization' of gold . . . actually amounted to the robbery of a trusting, hard-working people who have as a result lost not only their gold but more than half the value of their savings, pensions, life insurance, etc. The government had not one more whit of right to seize gold than it had to seize the steel properties."

Don Erway, Lincoln High's sensational guard, was picked to play on the 1953 All-State Prep Basketball squad. Also making the All-State honors were: Bob Wilson, 5' 5" guard from Teachers, Dick Phillips, 6' 3" center from Boystown, Joe Houfek, 6' 1" forward of Cozad.

The Harlem Globe Trotters are starting their Annual Series against the College All-Stars in New York on March 29th. They will play in 19 cities, namely: New York, Toronto, Philadelphia, Raleigh, North Carolina, Hershey, Pa., Indianapolis, Milwaukee, Chicago, Laramie, Wyo., San Francisco, Los Angeles, Denver, Kansas City, St. Louis, Cincinnati, Cleveland, Detroit, Buffalo, and Boston.

General Manager Bill Hayes of the Lincoln Chiefs announces the signing of right hand pitcher D. Clyde Baldwin of Shreveport, La. Baldwin started professional baseball at Clarksdale, Miss. in the Cotton State League in 1950. He won 10, lost 13, in a 7th place club. In 1951 he was with Ardmore, Oklahoma in the Sooner State League, as manager until being called up for army duty. He was discharged recently from the service. Baldwin is 24 years old, 6 foot, 168 pounds and is single. He reported on Sunday, March 22, at Victoria.

"America is a little like Noah's Ark. It is sailing some uncharted and dangerous seas. And the passengers have come from every land in the world. For us the promotion of brotherhood is a necessity. With our heterogeneous population we must actively try to be tolerant, to see others points of view—or we will all be in peril."

DuSable High School won the Chicago basketball champion. The City Champions from Chicago's south side met LaGrange in their first game of the State Tourney at Champaign and were eliminated. LaGrange went on to down Peoria in the finals for the Illinois Championship. Six Negroes were members of the LaGrange 11-man squad. Peoria was coached by Dawdy Hawkins, former Nebraska Wesleyan great and North-east coach.

No Chicago High School has ever won the Illinois championship. Writers and spectators were of the opinion that DuSable would have probably gone to the finals had they not had to meet LaGrange in the first round.

Dick Becker, Journal Sports writer has the following to say about Stanley Glenn, only Negro in training at Victoria, Texas, with the Lincoln Chiefs: "Stan Glenn, only Negro lad on the squad, may be the best balanced of the three, (catchers) showing pretty good power and plenty of agility behind the plate."

Bill Hayes, Lincoln Chiefs general manager, has said that Glenn is the boy that other catchers will have to beat out for the regular backstopping job.

This Junior Gilliam of the Brooklyn Dodgers must be quite a boy. Looks as though he has about pushed the best second baseman in baseball out of his position. Jackie Robinson has too much power so he must be in the lineup. Dressen, the Dodger manager has been trying Jackie at third. In one exhibition game, he had Jackie playing first.

Seems that some of the Dodgers, especially Billy Cox, are upset about losing their jobs with the National League champions. Jackie says that Race has nothing to do with it. No one feels very good about the possibility of losing his job.

Willie Mays failed in his effort to get out of the army because of dependency.

They say Joe Louis has quite an act with a table tennis partner.

Go to Sunday School

Beginning the second week following Easter, America will observe the ninth annual recognition of National Sunday School week (April 13 through 19). Lasting the entire week, this all-faiths drive is planned with an idea of stimulating the attendance of every adult and child at the Sunday School of his own choice on Sunday, April 19th.

Sponsored by the Laymen's National Committee, a non-profit, non-sectarian organization consisting of men and women from civic as well as business fields, this worthy project is yearly highlighted throughout the entire country.

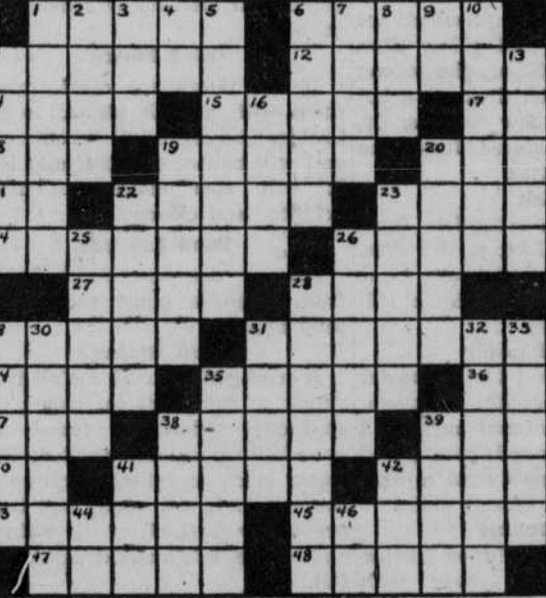

Laying foundations of faith through the training in religion for our little ones is all important if we as a nation are to survive in today's world of paganism and

You Are the Detective

A crowd has gathered on the scene of the accident when you finally arrive. You worm your way through the crowd and find a doctor bent over the body of Clifford Taylor. The doctor tells you he has a badly fractured skull which resulted from a fall from the truck in which he was riding, but that the man will probably live.

"Oh, I hope you're right," exclaims a man next to you. "I could never have forgiven myself for my carelessness if poor old Cliff had died!"

"How did it happen?" you ask, after identifying yourself.

"I'm George Mills," he says. "Cliff is my brother-in-law, and we're partners in a wholesale fruit business. I was driving the truck this afternoon, and Cliff was

constant conflict. Our Sunday Schools are more than mere religious training institutions—they are a combination of the ministry and lay workers, a happy team, united in their selfless dedication to an ideal of an ever closer relation between man and God.

standing in the back sorting out some of our fruit which we were delivering to market in the next town.

"We were traveling along at a pretty good clip when I carelessly turned my head to say something to Cliff in the back. When I looked in front again, there was a car darting out of that side road, and I had to put on my brakes with everything I had. The sudden stop must have caught Cliff unawares, because it threw him to the ground, and when I hurried around to the back of the truck there he lay unconscious.

You watch as the attendants lift Taylor carefully into the waiting ambulance, then you stroll casually over to where the highway patrolman is busy making out his accident report.

"If I were you, I'd hold that up a bit," you suggest. This was no accident!"

How do you know this?

Solution

Had the "accident" occurred as George Mills stated, Taylor's body would have been thrown towards the FRONT of the truck when the brakes were suddenly applied—and not out onto the road in the rear.
