Shoe Tongues

If the tongue of a shoe persists in slipping to one side, cut two short slits near the top of the tongue, about a quarter of an inch apart and lace thru these slits before inserting through the top holes. The trouble will be overcome.

Plants

You can hasten the growth of house plants by making a mixture of 1 tablespoonful of Epsom salts and 1/2 gallon of cold water. Dissolve thoroughly and pour over roots.

Soup

Use the odd pieces of meat for making a wholesome and good soup. If left-over vegetables are added it will make a good vegetable soup.

Washing Wicker

Use a good suds of warm water and mild soap, and add a large pinch of salt, when washing the wicker furniture. It is good to use a small scrubbing brush. Then rinse well and dry thoroughly. A flannel cloth with a small amount of oil on it can be used to give a final polish to the furniture.

Fly Specks

Fly specks can be removed from brass articles by washing with a solution of a tablespoonful of

kerosene in a quart of warm water.

Honey

Honey is both a food and a medicine. Allow the children to eat all of it they want and throat irritations will be almost unknown.

Plant Fertilizer

One simple and beneficial fertilizer for the plants is a little ammonia mixed in with the water used to sprinkle the plants. This not only fertilizes the soil but tends to keep away many insects.

Perspiration

Excessive perspiration under the arms can be lessened by dissolving half a teaspoonful of ordinary cooking soda in a small cupful of water, and applying to the parts.

Baking Powder

Always keep the baking powder in a cool place and never place a wet spoon in the can of baking powder.

Cleaning Luggage

Light-colored luggage can be cleaned by rubbing the soiled parts with one part of vinegar mixed with two parts of linseed oil. Wipe and polish with a soft cloth. It is best to clean the luggage as soon as possible after it has been soiled.

Notes of Interest

Almost the entire membership of the Mary Bethune Art and Literary Club, heard the most delightful and educational travelogue of the Rev. John R. Harris, guest speaker Sunday afternoon at 5 PM at the residence of Mr. and Mrs. John Irving.

The topic was "The West and Its Many Salient Points." Few people have had the opportunity, time and experience, to picture and present Puget Sound, Canada, and the points of interest as did the speaker in the time which was much too short. The host and hostess served delicious refreshments.

The Lincoln Urban League is sponsoring a Mother-daughter dinner on May 7th. There will be prizes for the family with three or more generations present, and for the mother with the largest number of daughters with her. Dinner begins at 6:30 P.M.

Mrs. Edith Hill and Andrew Fields were on the sick list during the past week. Both were in the hospital.

There will be a "BOX SUPPER SOCIAL" on Friday evening, May 8th, at 7 P.M., in the basement

of Newman Methodist Church at 23rd and S Street. There will be fun, galore.

The Yellow Rose

It lifts its sweet face up to the sun. As the unfolding of its petals are begun.

It sheds forth its beauty rare As the sweet fragrance fills the air.

A symbol of love and light, A ray of hope and sunshine bright, With petals kissed with dew, Sends this message to you:

I'm for you to share with friends everywhere.

So I will its beauty treasure And hope my life to it will measure.
