Editorial: The World, N. Y., Sept. 3, 1900: "Several monuments have been made to perpetuate the memory of Thomas Jefferson, but the newest and best is this Cyclopaedia. Other monuments have preserved his physical characteristics. Here we perceive his mind, his patriotic purpose, his wisdom, his liberality, his toleration, his vision of the true position of the people in states, his 'large discourses of reason,' in short, all the moral and intellectual qualities that made him great."

Price, carriage prepaid Cloth \$7.50; Sheep, \$10; Half Morocco, \$12.50; Full Morocco, \$15.00.

I receive numerous inquiries from persons who desire to secure Jefferson's works and since the publication of the Jeffersonian Cyclopaedia I have taken pleasure in recommending it. I find it of great value and would not be without it.

—W. J. BRYAN.

A HISTORY OF MONETARY SYSTEMS

IN THE VARIOUS STATES OF THE WORLD, FROM B. C. 369 TO DATE.

AS DRAWN FROM THEIR LAWS, TREATIES, MINT CODES, COINS, AND CHAEOLOGICAL REMAINS AND OTHER AUTHENTIC SOURCES. By ALEX. DEL MAR,

Formerly Director of the U. S. Bureau of Statistics, Mining Commissioner to the U. S. Monetary Convention of 1876, Author of "A History of the Precious Metals," etc.

SECOND EDITION, REVISED BY THE AUTHOR.

The latest information and most accurate details relating to the Monetary Systems and History of the Various States, their coins and coinages, paper systems, monetary expedients and experiments, the coinage prerogative, principles affecting money, the demonetization of silver, etc., will be found in DEL MAR'S HISTORY OF "MONETARY SYSTEMS."

PRESS OPINIONS:

He who masters Mr. Del Mar's book will know more of monetary systems than 999 men out of a thousand.—Financial News, London, Eng.

Mr. Del Mar's book is a monument of labor and research, representing, indeed, practically the results of a lifetime of study in the history of monetary systems.—Public Opinion.

As an authority on Monetary Systems, this work deserves to rank high. It is in fact an encyclopedia on the subject, and no one who is making a study of this important matter can afford to be without it.—New York Herald.

What Webster's Dictionary is to the English language, Del Mar's History of Monetary Systems is to finance. It is a record so complete that its presence on the library shelf will greatly lighten the labor of the financial student, who otherwise would be compelled to spend hours of tiresome research to ascertain facts which are plainly set forth in this work.—The Financier, New York.

Cloth, library style, complete index, 444 pages, \$2.00 prepaid.
