

A NATURAL MINERAL ORE, mined from the ground like Gold and Silver, possessing remarkable medicinal power AND HEALING VIRTUES

Personal to Subscribers

WE WILL SEND to every subscriber or reader of The Commoner or worthy person recommended by a subscriber or reader, a full-sized One Dollar package of VITÆ-ORE, by mail, Postpaid, sufficient for one month's treatment, to be paid for in one month's time after receipt, if the receiver can truthfully say that its use has done him or her more good than all the drugs and dopes of quacks or good doctors or patent medicines he or she has ever used. Read this over again carefully, and understand that we ask our pay only when it has done you good, and not before. We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. Vitæ-Ore is a natural, hard, adamantine, rock-like substance—mineral—Ore—mined from the ground like gold and silver in the neighborhood of a once powerful but now extinct mineral spring, compared to which the springs of the present day are but pygmies, whose waters, impregnated with the healing and medicinal qualities of the Ore found at its base, no doubt spouted for centuries before the foot of man trod the Western Continent. It requires about twenty years for oxidization. It contains free iron, free sulphur and magnesium, and one package will equal in medicinal strength and curative value 800 gallons of the most powerful efficacious mineral water drunk fresh at the springs. It is a geological discovery, to which there is nothing added or taken from. It is the marvel of the century for curing such diseases as Rheumatism, Bright's Disease, Blood Poisoning, Heart Trouble, Dropsy, Catarrh and Throat Affections, Liver, Kidney and Bladder Ailments, Stomach and Female Disorders, LaGrippe, Malarial Fever, Nervous Prostration and General Debility, as thousands testify, and as no one, answering this, writing for a package will deny after using. Vitæ-Ore has cured more chronic, obstinate, pronounced incurable cases, than any other known medicine and will reach such cases with a more rapid and powerful curative action than any medicine, combination of medicines or doctor's prescription which it is possible to procure.

Vitæ-Ore will do the same for you as it has done for hundreds of readers of this paper, if you will give it a trial. Send for a \$1.00 package at our risk. You have nothing to lose but the stamp to answer this announcement. We want no one's money whom Vitæ-Ore cannot benefit. You are to be the judge! Can anything be more fair? What sensible person, no matter how prejudiced he or she may be, who desires a cure and is willing to pay for it, would hesitate to try Vitæ-Ore on this liberal offer? One package is usually sufficient to cure ordinary cases; two or three for chronic, obstinate cases. We mean just what we say in this announcement, and will do just as we agree. Write today for a package at out risk and expense, giving age and ailments, and mention this paper, so we may know that you are entitled to this liberal offer.

Middle-Aged and Elderly People Should Use It.

As old age approaches the necessity for such a tonic as Vitæ-Ore becomes each year more and more manifest. As is generally known, all through life there is a slow, steady accumulation of calcareous deposits in the system, marking the transition from the soft, gelatinous condition of infancy to the hard, osseous condition of old age. These calcareous deposits naturally interfere with the functions of the vital organs, and when they become excessive and resist expulsion, result in the dryness and stiffness of old age. In early life these deposits are thrown off, but age has not the power to do so unless assisted by some outside stimulant. Vitæ-Ore, apart from its powerful disease curing, health-restoring action, is just the ideal stimulant for middle-aged elderly people, in that it enters the blood, entirely eradicates the ossific deposits so much dreaded by old people. It enriches the blood with the necessary hematine properties, drives all foreign matter from the circulation and prolongs vigor and activity in both men and women to a ripe old age.

This offer will challenge the attention and consideration, and afterward the gratitude of every living person who desires better health or who suffers pains, ills and diseases which have defied the medical world and grown worse with age. We care not for your skepticism, but ask only your investigation, and at our expense, regardless of what ills you have, by sending to us for a package. ADDRESS

THEO. NOEL CO. B. C. Dept., Vitæ-Ore Bldg., CHICAGO, ILL

"SICK UNTO DEATH."

Had Kidney, Liver and Stomach Troubles for Many Years.

"A New Lease on Life."

For many years I have had Kidney and Liver Complaints and for the last three years I have had Stomach Trouble. I kept growing worse and weaker every day, and tried doctors and several patent medicines without any relief until I had given up all hope of ever getting any better. I saw your ad and thought I would give Vitæ-Ore a trial. While waiting for the medicine to come I grew so weak I could not sit up more than five minutes at a time. My neighbors said I was going to die and my wife wanted to send me up to the hospital at Portland, but did not know how to get me up there, as I was unable to stand the ride. I received the full thirty-day trial treatment advertised, and began immediately to take the Vitæ-Ore as directed. In four days' time I was able to sit up all day, which I had not done for six months, and now I am able to ride to town, a distance of fifteen miles, over a hilly country, and walk two miles to the Postoffice. I am now on my second package of Vitæ-Ore. All my neighbors and friends marvel at the great change in my condition in so short a time and all give full credit to your treatment. I cannot say enough for the Vitæ-Ore treatment, but thank God and the Theo. Noel Company for a new lease on my life.

M. BUTTERFIELD, Cleveland, Ore.
