WHAT IS THE USE OF YOUR SLAVING LONGER  
FOR SOME ONE ELSE.

Why not start a business for yourself, reap all the profits and  
get a standing in your locality.

If you are in some one's employ, remember he will not con-  
tinue to pay you a salary only so long as he can make a profit  
out of your labor.

In this era every bright man and woman is looking to own a  
business, to employ help, and to make money.

It is just as easy to make money for yourself as it is to coin  
money for some grasping employer, who pays you a small salary  
each week.

If you are making less than \$30 weekly it will pay you to read  
this announcement, for it will not appear again in this paper.

If you read it and take advantage of the opportunity offered,  
you will never regret it. To own a business yourself is cer-  
tainly your ambition.

We start you in a profitable business. Teach you absolutely  
free how to conduct it.

To show you what others have done, we quote the expres-  
sions of a few who have made money in the nickel, gold, silver  
and metal plating business:

"MR. REED MADE \$88.16 THE FIRST 3 DAYS." Mr. Cox  
writes: "Get all I can do. Elegant business. Customers  
happy." Dave Crawford writes: "The first week I had my  
outfit I made \$42.75." E. D. Waterbury writes: "Am 60 years  
old. Just completed job 1800 pieces tableware. I clear about  
\$6.00 a day profit."

Gentlemen and ladies po- sitively make \$5 to \$15 a day at home  
or traveling, taking orders, using, selling and appointing  
agents for PROF. GRAY'S Latest Improved, Guaranteed Plating  
Machines and Outfits. NO FAKE OR TOYS, but genuine,  
practical, complete, scientific outfits for doing the finest of  
plating on WATCHES, JEWELRY, KNIVES, FORKS, SPOONS,  
CASTORS, TABLEWARE OF ALL KINDS, BICYCLES, SEW-  
ING MACHINES, SWORDS, REVOLVERS, HARNESS AND  
BUGGY TRIMMINGS, metal specialties; in fact all kinds of  
metal goods. HEAVY THICK PLATE EVERY TIME GUAR-  
ANTEED TO WEAR FOR YEARS. No experience necessary.

There is really a wonderful demand for replating. You can  
do business at nearly every house, store, office or factory. Al-  
most every family has from \$2 to \$10 worth of tableware to be  
plated, besides watches, jewelry, bicycles, etc.

Every boarding house, hotel, restaurant, college or public  
institution has from \$5 to \$75 worth to be plated. Every jew-  
eler, repair or bicycle shop, every dentist, doctor and sur-  
geon, every man, woman and child you meet has either a  
watch, some jewelry, bicycles, instruments, or some articles  
needing plating.

Besides the above there are hundreds of patentees and man-  
ufacturers of metal goods, bicycles, sewing machines and type-  
writer repair shops who want their goods plated, or to whom  
you can sell a plating outfit, furnishing them supplies to do  
their own plating.

Retail Stores who handle hardware, harness, tableware and  
plated or metal goods all need a plating and polishing outfit  
for refinishing goods that become worn, soiled, rusty or tar-  
nished.

Every Undertaker requires a plating outfit for repairing and  
finishing coffin and hearse trimmings which are soiled, tar-  
nished or worn.

Manufacturers are making and selling tons of new tableware,  
jewelry, bicycles and various kinds of metal goods every  
month which has only a very thin plate, which, in a few  
weeks, wears off, making the goods unsightly, unfit for future  
use unless plated.

Manufacturers of new goods do no replating on old  
goods whatever, but try to force the public to throw away

the old and buy new at high prices, but this only makes the  
plating business better.

The more new thinly plated goods sold the greater  
will be the demand for plating. Plate some articles for  
your friends and neighbors by Professor Gray's Process, and  
it quickly proves to them its genuineness and merit and

that your plating is much thicker, will wear better and longer  
than a large percentage of the new goods. Your trade is then  
established, and within a short time you will have all the goods  
you can plate.

Plate a few articles for your friends, call a few weeks, a  
few months, or five years later, and you will find the plate sat-  
isfactory, and they will give you every article they have need-  
ing to be plated.

When you deliver the goods plated to customers they will  
be well pleased, in fact delighted with the work, will pay for it  
promptly, and you will be given on an average twice as much  
work to be plated as they gave you the first time you called.

### YOU CAN DO PLATING SO CHEAP

that every person can afford to have their goods plated.

No tidy housekeeper will allow worn and rusty tableware  
to go before a guest when it can be restored and made equal to  
new.

No person will wear jewelry or a watch, or ride a bicycle,  
or use a typewriter, sewing machine, or any machine made of  
metal from which the plate is worn off when they see samples  
of your work and hear your prices. People in this day and  
generation are too sensible and economical to throw away  
their old goods and buy new when they can have their old  
goods replated for so small a cost, making them, in many cases,  
better than when new.

The best part of the plating business is that it increases fast  
and is permanent.

Put out your sign, secure your outfit do a little work, and  
quickly you will be favored with orders. If you do not wish  
to do the plating yourself you can hire boys for \$3 or \$4 a week  
to do the work the same as we do, and solicitors to gather up  
goods to be plated on commission.

It is not hard work, but is pleasant, and especially so when  
your business is netting you \$20 to \$35 a week for 5 or 10 hours  
work a day.

This is only a minimum income which may be made by any  
one who is not lazy; hustlers should make \$100 weekly.

### TREMENDOUS PROFITS

The profits realized from plating are tremendous.

To plate a set of teaspoons requires only about 3c worth of metal  
and chemicals; a set of knives, forks or tablespoons about 5c  
worth. The balance of the price received for the work is for  
the agent's time and profit.

Agents usually charge from 25c to 50c per set for plating tea-  
spoons, from 50c to 75c for tablespoons and forks, and from 60c  
to \$1.00 for knives.

We allow you to set your own price for plating. Get as  
much as you can. You will have no competition. You know  
what it costs to plate the goods, and all you get over cost  
is profit. Some agents charge much more than the above prices,  
while others do the work for half and still make money.

Let us start you in business for yourself at once, don't de-  
lay a single day. Be your own boss. Be a money maker. We  
do all kinds of plating ourselves, have had years of experience,  
and are headquarters for plating supplies. We manufacture  
our own dynamos and outfits, all sizes, and send them out com-  
plete, with all tools, lathes, wheels and materials; everything  
ready for use.

We teach you everything, furnish all receipts, formulas and  
trade secrets free, so that failure should be impossible, and  
anyone who follows our directions and teachings can do fine  
plating with a little practice, and become a money maker.
