That is all. Send no money. Simply sign above. Tell me the book you need. I will arrange with a druggist near you for six bottles of

DR. SHOOP'S RESTORATIVE

Take it a month at my risk. If it succeeds the cost to you is \$5.50. If it fails the druggist will bill the cost to me. And I leave the decision to you.

Don't Wait Until You Are Worse

Taken in time, the suffering of this little one would have been prevented. Her mother writes me:

"Two years ago my little girl was sick continuously for six months. We tried many doctors, and they failed, yet it took only two bottles of your remedy to cure her, and she has remained cured. You can tell others of this cure if you so desire."
MRS. C. H. AVERY, Rockdale, N. Y.

'Tis a pity she did not first write me, before the case was dangerous.

The wife of Omer Andrus of Bayou Chicot, La., had been sick for 20 years. For 8 years could do practically no work. He writes:

"When she first started taking the Restorative she barely weighed 90 pounds; now she weighs 135, and is able easily to do all her housework."

Twenty "dark" years might have been "bright" ones."

J. G. Billingsley of Thomasville, Ga., for three years has been crippled with disease. Now he is well. He writes:

"I spent \$250.00 for other medicines, and the \$3.00 I have spent with you have done me more good than all the rest."

Both money and suffering might have been saved. And these are only three from over 65,000 similar cases. These letters—dozens of them—come every day to me.

How much serious illness the Restorative has prevented, I have no means of knowing, for the slightly ill and the indisposed simply get a bottle or two of their druggist, are cured, and I never hear from them.

But of 600,000 sick ones—seriously sick, mind you—who asked for my guarantee, 39 out of each 40 have paid. Paid because they got well.

If I can succeed in cases like these—fail but one time in forty, in diseases deep-seated and chronic—isn't it certain I can always cure the slightly-ill?

Why the Restorative Succeeds.

You may oil and rub, adjust and repair a weak engine. It will never be stronger nor do its work better, without steam. More power—more steam is necessary.

And so with the vital organs. Doctor them as you will. That's mere repairing. Permanent cures never come save through treating the nerves that operate those organs.

And that my Restorative does.

After almost a lifetime of labor—of study at bed-sides and research in hospitals—I made this discovery. I found a way to treat, not the organs themselves, but the nerves—the inside nerves—that operate these organs and give them power and strength and health. That discovery has shown me the way to cure.

It makes my offer possible.

I know the remedy. I never forget the study, all the research, the trials and tests that perfected it. I have watched its action year after year in cases difficult, discouraging. Time after time I have seen it bring back health to those poor ones whom hope had almost deserted. I know what it will do.

My only problem is to convince you.

And so I make my offer. And the bare fact that I make such an offer ought of itself to convince you that I know how to cure. Please read it again. It means exactly what I say. No catch—no misleading phrases in it. Simply this—you take the medicine and I will take the risk.

And you—not I—decide if you are to pay.

All You Need To Do

Simply sign the above—that is all. Ask for the book you need. The offer I make is broad—is liberal. The way is easy—is simple. The Restorative is certain.

But do not misunderstand me.

This is not free treatment, with nothing ever to pay. Such an offer would be misleading—would belittle the physician who made it. But I believe in a sick one's honesty—his gratitude. That when he is cured, he will pay the cost of the treatment—and gladly.

I make this offer so that those who might doubt, may learn at my risk.

Tell of it, please, to a friend who is sick. Or send me his name. That's but a trifle to ask—a minute's time—a postal. He is your friend. You can help him. My way may be his only way to get well.

I, a stranger, offer to do all this. Won't you, his friend, his neighbor, simply write?

He will learn from my book a way to get well. Perhaps, as I say, the only way for him. His case may be serious—hopeless almost. Other physicians, other specialists may have failed. The matter is urgent, then.
