To Whom it May Concern:

This is to certify that I have known Dr. Oren Oneal of Chicago, intimately for years. I know him to be honorable and upright in all his dealing and a very successful specialist. I know of many wonderful cures he has made. He never holds out false hopes to any one, and those who are afflicted with any eye trouble, no matter how serious, should not give up in despair until they have at least had Dr. Oneal's opinion of their case. It will in all cases be an honest one.

Was Blind Twenty Years
HYNES, Los Angeles Co., Cal.

Dear Doctor:—I am sixty-two years old. My eyes were injured while in the United States service some thirty-five years ago. Trouble began to develop in sight about 1870 and gradually increased to such an extent that the sight was gone and had been for twenty years. Cataract had obscured it, when I commenced your home treatment. Now the net-work is removed and I can distinguish the hair on my hands and vision still improving.

To a person who knows what blindness is, Dr. Oneal is a godsend and a benefactor to humanity.

ALBERT J. STALEY.

Eye Cure Perfect and Permanent

COLBRAN, COLO.

Dear Dr. Oneal:—You will no doubt be pleased to hear from an old friend—one whom you cured of almost total blindness, caused by cataracts, several years ago. My sight continues good and I will never be done thanking you for what you have done for me.

W. W. DINWIDDIE.

To Whom This Concerns:

MAPLETON, IOWA.

I have taken the Dissolvent Treatment under Dr. Oneal for some time and have been greatly benefited by it. Both my eyes were affected by cataracts, dark spots floated before them, but since taking Dr. Oneal's treatment my vision has become clear. I have patiently persevered with the method and believe it to be a sure cure to all who use it faithfully by giving it a fair chance. Too many who begin treatment discontinue it before a reasonable opportunity is allowed for it to do effective work. I cheerfully recommend Dr. Oneal as thoroughly conscientious oculist to any who may doubt this dissolvent method. Very truly yours,

ALFRED MARTIN, Pastor Presbyterian Church.
