

# Millions Know

That Liquozone Does What Medicine Cannot Do. A 50c Bottle Free

There are at least three million homes in America which know from experience the value of Liquozone. Some of those homes use it simply to keep well, as we do. But tens of thousands have lives that were saved by it.

Yet some remain sick with a germ disease while all of those millions know that Liquozone cures. Some still cling to drugs for what drugs never can do. They are wronging themselves. Their own friends—their own neighbors—can tell them the way to get well.

We ask those sick ones to write us. We will buy for each one the first bottle of Liquozone, and pay the druggist ourselves for it. Each is welcome to try it at our expense, then let the results decide about using it afterwards.

Don't try to kill inside germs with drugs, for you can not. Don't cling blindly to old methods of treatment, used before germs were discovered. Let us prove what this new way means to you.

## Not Medicine

Liquozone is not made, like medicine, by compounding acids and drugs; nor is there any alcohol in it. Its virtues are derived solely from gas, made in large part from the best oxygen producers. The process of making takes 14 days, and requires immense apparatus. At the end of two weeks, we get one cubic inch of Liquozone for each 1,250 cubic inches of gas used. The attainment of this product has, for more than twenty years, been the constant subject of scientific and chemical research.

The main result is, to get into a liquid, and thus into the blood, a powerful, yet harmless germicide. And the product is so helpful—so good for you under any condition—that even a well person feels its instant benefit.

This is the product which in the past two years has sprung into worldwide use in the treatment of germ diseases. It is now used by the sick of

nine nations; by physicians and hospitals everywhere. It is daily used in millions of homes in America.

## We Paid \$100,000

For the American rights to Liquozone, and the rights in other countries have sold for proportionate sums. We mention this fact to indicate the value of Liquozone—the value to you. Men have never before paid such a price for any discovery used in the cure of sickness.

We need not tell you that we proved Liquozone well before buying it. For years it was tested through physicians and hospitals, in this country and others. It was employed in every stage of every germ disease; in all the most difficult cases obtainable. With thousands of sick ones, considered incurable, we proved that it did what medicine could not do. Then, and then only, did we pay the price.

Since then we have spent nearly \$2,000,000 to make Liquozone known. We have bought the first bottle and given it free to every sick one we learned of. These people told others, and the others told others. The result is that Liquozone is now more widely employed than any medicine ever was. And no one can doubt that it is doing more for sick humanity than all the drugs in use combined.

## Kills Inside Germs

The greatest value of Liquozone lies in the fact that it kills germs in the body without killing the tissues, too. And no man knows another way to do it. Any drug that kills germs is a poison, and it can not be taken internally. For that reason, medicine is almost helpless in any germ disease.

Liquozone is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it can not kill. Yet it is not only harmless but of wonderful benefit—better than anything else in the world for

you. No one is so well that he can not be helped by it.

The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter. To the human body Liquozone is exhilarating, vitalizing, purifying—the most needful, the most helpful thing possible. But to germs it is certain destruction; and these facts are true of nothing else in existence.

## Germ Diseases

These are the known germ diseases; all due to germs or to the poisons which germs create. These are the diseases to which medicine does not apply, for drugs can not kill inside germs.

All that medicine can do for these troubles is to act as a tonic, aiding Nature to overcome the germs. But those results are indirect and uncertain, depending on the patient's condition. A cure is always doubtful when drugs are used, and some of these diseases medicine never cures.

Liquozone alone can destroy the cause of these troubles. It goes wherever the blood goes, so that no germ can escape it. The results are almost inevitable. Diseases which have resisted medicine for years yield at once to Liquozone. "Incurable" diseases are cured by it. In any stage of any disease in this list the results are so certain that we will gladly send to any patient who asks it an absolute guaranty.

## First Bottle Free

If you need Liquozone, and have never used it, please send us the coupon below. We will then send you an order on a local druggist for a full-sized bottle—a 50c bottle—and will pay the druggist ourselves for it. This applies only to the first bottle, of course—to those who have never used it.

The acceptance of this offer places you under no obligations. We simply wish to convince you; to let the product itself show you what it can do. Then you can judge by results as to whether you wish to continue.

This offer itself should convince you that Liquozone does as we claim. We would certainly not buy a bottle and give it to you, if there was any doubt of results. You want these results; you want to be well and to keep well. Then be fair enough to yourself to accept our offer today. Let us show you, at our expense, what this wonderful product means to you.

Liquozone costs 50c and \$1.
