

Great Fences

AMERICAN FENCE

Made of wire that is all life and strength—wire that stretches true and tight and yields just enough under impact to give back every jolt and jam it receives.

Made of materials selected and tested in all the stages from our own mines, through our own blast furnaces and rolling and wire mills, to the finished product. Our employment of specially adapted metals is of great importance in fence wire; a wire that must be hard yet not brittle; stiff and springy yet flexible enough for splicing—best and most durable fence material on earth.

To obtain these and in addition apply a quality of galvanizing that will effectually protect against weather conditions, is a triumph of the wiremaker's art.

These are combined in the American and Ellwood fences—the product of the greatest mines, steel producing plants and wire mills in the world. And with these good facilities and the old and skilled employes back of them, we maintain the highest standard of excellence possible for human skill and ingenuity to produce.

Dealers everywhere, carrying styles adapted to every purpose. See them.

ELLWOOD FENCE

his usurpations, his centralizing policies, his cowboy methods of administration and his government by denunciation, and never hesitated to tell the blunt truth about him whenever the public welfare so required. The real offense of the Indianapolis News is that it refused to support the republican ticket last fall, thereby costing the Indiana republicans the governor, a United States senator, the state legislature and several representatives in congress in that closely debatable state. Mr. Roosevelt is now abusing his great power as president and prostituting his great authority as president to exploit his political malice. These libel proceedings have no other object than to enable Mr. Roosevelt to employ the machinery of the United States government to satisfy his personal desire for revenge. We say this reluctantly; but we say it without qualification, because it is true. And we say further that whatever indictments Mr. Roosevelt may cause to be brought, in however many 'distinct and independent jurisdictions,' against the World or against Mr. Pulitzer or against editors of the World, he will not intimidate this newspaper or swerve it in the slightest degree from the performance of its public duty. Mr. Roosevelt is an episode. The World is an institution. Long after Mr. Roosevelt is dead, long after Mr. Pulitzer is dead, long after all the present editors of this paper are dead, the World will still go on as a great independent newspaper, unmuzzled, undaunted and unterrorized."

An Associated Press dispatch from Washington City, says: "An appropriation of \$12,000,000 is proposed for the construction of auxiliary ships such as transports, dispatch boats, cruisers and scouts that may be necessary in time of war, in an amendment to the naval bill offered today by Senator Newlands. The amendment also provides that in time of peace these vessels shall be leased for commercial use. Discussing the naval bill Senator Hale predicted that if the present rate of increase in appropriations continued it would be necessary for an increase of the rate of taxation or borrow money. At the present rate of increase of the navy, Mr. Hale continued, next year \$160,000,000 will be required and would be \$200,000,000 the year after. The committee provision to create the rank of vice admiral in the interest of Admiral Evans was eliminated on a point of order made by Senator Rayner of Maryland."

President Roosevelt sent to congress a special message endorsing the lock type for the Panama canal and saying that any attack hereafter made on that type "is, in reality, merely an attack upon the policy of building any canal at all." He says that the complete cost of the canal is estimated at \$360,000,000.

Former Supervisor M. W. Coffey was convicted at San Francisco on the charge of accepting \$4,000 as a bribe to vote for a trolley franchise.

Carroll D. Wright, president of Clarke college, Worcester, Mass., and former United States labor commissioner, is dead.

Judge William C. Toole, Missouri's oldest lawyer, died at his home in St. Joseph, Mo., aged ninety-one years. He was a brother of former Governor Joseph K. Toole of Montana.

Three hundred persons were burned to death in a fire which destroyed the Flores theatre in the city of Acapulco, Mexico.
