## MR. BRYAN'S PLANS

In response to repeated demands, coming from every section of the United States, Mr. Bryan will conduct a vigorous Campaign of Education through The Commoner, and assist in the organization of "An educational club in every precinct." These clubs will promote the work of education among the voters on all political questions affecting the American people.

To advance this educational plan, each issue of The Commoner will contain a special article on some pertinent political subject, designed to present, in an instructive way, authentic historical information, to give valuable statistical data, to carefully analyze the opposing arguments, and to discuss their application to present day conditions.

The following subjects, and others, upon which all Americans should be accurately informed, will be discussed:  
**The Tariff (by schedules as it affects the individual); Postal Savings Banks; Imperialism; Colonialism; The Rights of the States; State-Wide Primary Laws; Inheritance Tax; Initiative and Referendum; Recall of Public Officials; Commission Form of Government for Cities; The Trust Question; Regulation of Railroads and Other Corporations; Popular Election of Senators; Income Tax.**

This series will afford a vast fund of political information for any citizen regardless of party affiliation, provide excellent material for all students of economic questions, and will be a veritable compendium of politics for schools and debating societies.
