A Sallow, Pimply or "Muddy" Complexion

Is Easily Gotten Rid of When Constitutional, Instead of Local, Treatment is Taken

Every woman strives to acquire and preserve a clear, faultless, rose-and-lily complexion. This is apparently the height of the feminine ambition. No more fallacious epigram was ever penned than the one which says that "beauty is only skin deep;" and no greater mistake can possibly be made in endeavoring to gain a clear, pretty complexion, entirely free from pimples, blackheads and other skin blemishes, than the use of cosmetics, powders, lemon juice, cold cream, electric massage, and various other treatments, which aim at the complexion alone, and have no effect whatever on the blood, or on the general system.

Whenever you see a person with a clear, flawless complexion, you may be assured that its perfection depends, not on the local application of the many fad treatments on the market, but exclusively upon a pure, wholesome condition of the blood, and upon its active, vigorous circulation through the skin.

It is the blood which gives the skin its rosy color, and although electric massage, and other local treatments may draw the blood temporarily to the surface of the skin, it can not keep it there. Only a strong circulation can do that. When the blood becomes impoverished and the circulation sluggish, the complexion, as a natural sequence, becomes sallow or "muddy," and pimples, blackheads, "liver spots," and other skin troubles put in their appearance.

One box of STUART'S CALCIUM WAFERS, which are taken internally, will do the complexion more good than all the cosmetics, beauty powders, cold creams, electric or manual massage, will do in a lifetime. These powerful little wafers cure because they strike at the root of the trouble. They purify and renovate the blood so completely that the complexion can not do otherwise than become clear, flawless and free from all skin blemishes.

Besides relieving the system of every particle of impurity, and thereby cutting off the source of the skin diseases, they also build up the blood, greatly increasing the number of red corpuscles in its current, and invigorating, strengthening and improving the circulation so decidedly that in a wonderfully brief period the cheeks become rosy, the complexion clear, the eyes bright, and the whole system glows with renewed life and vigor.

Secure a package of this blood-cleaning, complexion-clearing and system-renovating remedy from your druggist for 50 cents, and begin the treatment at once. Also send us your name and address and free sample package will be sent you. Address F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

of the lynching of a negro. In the United States jail in Washington, Captain Joseph F. Shipp, former sheriff of Chattanooga, Tenn.; Jeremiah Gibson, his jailor, and Luther Williams, Nick Nolan, Henry Padgett and William Mayes of the same city, began terms of imprisonment imposed by the supreme court. Shipp and Gibson had been found guilty of failing to protect from a mob, Ed Johnson, whose legal execution for rape had been stayed by the supreme court until it could review the case. Others had been found guilty of participating in the lynching of a federal prisoner. Shipp, Williams and Nolan were given sentences of ninety days' imprisonment each, while Gibson, Padgett and Mayes each received sixty days. It is stated that a petition for pardon will be sent to President Taft by the friends of the prisoners at Chattanooga, Tenn.

It is reported that a new billion dollar trust has been formed to control the output of copper. A dispatch from Boston states that John D. Ryan, president of the Amalgamated Copper company, would be head of the copper combine.

Charles L. Warriner, a treasurer of the Big Four railroad, has been indicted by a grand jury at Cincinnati on charges of grand larceny embezzlement in the amount of \$5,000 on each count. It is stated that \$643,000 is known to have been stolen from the railroad.

An investigation has been started by the federal government in New York looking into the frauds charged to the American Sugar Refining company. Edwin I. Anderson, a former superintendent of docks for the company, testified that he came into possession of what he calls positive proof that the government was being defrauded of at least \$500,000 a year at the refinery where he was employed. Mr. Anderson was employed by the sugar company for thirty-two years and was a close personal friend of the late Theodore O. Havemeyer.

A long stride toward the complete control by one corporation of all wire communication in the United States was made in the acquisition by the American Telephone and Telegraph company of the control of the Western Union Telegraph company. To make the merger complete the incorporation of a new billion dollar company will be necessary.

Lord Minto, the viceroy of India, and Lady Minto, had a narrow escape while passing through one of the streets of Ahmedabad, India, November 13, when, without warning, two bombs were thrown at their carriage. A dragon, who was riding alongside, spurred forward and intercepted the first bomb with outstretched sabre, hurling it some distance away into a sand pile. The second bomb struck the viceroy's lieutenant and fell harmlessly to the ground. Neither bomb exploded, as the soft sand acted as a buffer. On examination they were found to contain picric acid. The bomb throwers made their escape in the excitement and no arrests were made.

The necessity of fundamentally re-directing the rural schools of the United States, to develop them as expressive of the best co-operation of all the social and economic forces that make for the welfare of the communities, was emphasized at the country life convention held in connection with the second national apple show at Spokane, Wash., the week of November 15.

Guaranteed for 15 Years—No More Roof Expense

When you use Dickelman Extra—your roof troubles are over. Our 15-year guaranty—stamped on every roll—and given to you in black and white protects you absolutely. It simply means that you will have no more roof expense—no more roof troubles—for at least 15 years after the date you purchase. Most likely you will never have to roof the same building again.

DICKELMAN EXTRA Galvanized Metal Roofing

We guarantee it for 15 years, but know it will last twice that long. We know that our roofing which was put up 25 years ago is still in excellent condition—and should last 25 years longer. We do not simply tell you or promise you our roofing will last for 15 years—we guarantee it. Ask your dealer about DICKELMAN EXTRA. If he doesn't sell it, write us at once for sample and our valuable roofing book—sent prepaid. Know why we can guarantee our roofing for 15 years while others make vague promises that mean nothing. The secret of the durability of Dickelman Extra lies in the wonderful system of galvanizing—and the high quality of the materials used. The metal sheet we use for a base is made by a special process which leaves it tough—yet pliable and open-grained. So the galvanizing material fills up the "pores"—and actually becomes a part of the finished sheet. This prevents it from cracking—scaling—wearing or rusting off.

The Taylor-Trotwood Magazine

Edited by U. S. Senator R. L. Taylor and John Trotwood Moore

THE TAYLOR-TROTWOOD MAGAZINE is the Great Southern Magazine which is of and for the South especially and the entire nation generally. The personality of its editors, ex-Governor Bob Taylor and John Trotwood Moore, stamps it, dominates it and differentiates it from all other periodicals. It is not political, but literary, and it diffuses sunshine, hope and happiness in every family it enters.

To one whose early life was spent in the Sunny South, the Taylor-Trotwood is a well-spring of delight; "to the Southerner of the Manor born it is a faithful delineator of his characteristics, traditions and sentiments; to the Northerner who wishes to keep in touch with the South's marvelous industrial, religious and educational progress it is a revelation."

The subscription price of the Taylor-Trotwood Magazine is \$1.50 a year. By special arrangements with the publishers of both Taylor-Trotwood's Magazine and the American Homestead, that great American farm journal, we are able to make the following extraordinary offer:

Why Not Economize

When insuring your life by selecting a company which insures at the lowest cost to the policyholder of any company? Yes, there is a difference in life insurance companies and a discriminating applicant will choose that company which will afford him absolute safety, liberal policy conditions and low cost. It is because the UNION CENTRAL has earned the highest rate of interest on its investments, for over a quarter of a century, and has experienced a very low death and expense rate that it can insure at the lowest cost.
