The directors declared a 'regular' dividend of 1 per cent and an extra dividend of three-fourths per cent. Dividends for the previous quarters have been: For the first quarter, one-half per cent; for the second, three-fourths per cent; for the third, one per cent, and today's, one and three-fourths per cent. The total earnings for the year 1909 amounted to \$131,479,975. The record year of the corporation was 1907, with earnings of \$160,964,673. Since its organization in April of 1901, the corporation has earned the sum of \$1,071,220,945."

Fritz Hardekopf, 65 years old and poor, was married at Webster City, Ia., to Mrs. Wilhelmina Lena Metter. A dispatch to the Chicago Record-Herald says that a relative in Germany bequeathed Hardekopf \$10,000 to be paid on the day of his marriage. He went from the county poor house to a new home.

A London cablegram under date of January 28 and carried by the Associated Press says: "The position of the parties tonight is as follows: Unionists 264, liberals 263, laborites 40, nationalists 77. Now that the electoral struggle is closing the curious effect is seen of both conflicting parties claiming victory and both basing their claim with plausible arguments, on the question of free trade against protection. The few remaining districts may give the liberals a slight majority over the Tories. It can not be said that the elections have decided anything, and it is difficult to judge whether the country as a whole is tending one way or the other. According to con-

tentions of the liberals the industrial communities already have decided to adhere to free trade and all that remains for them to do is to complete the conversion of the agricultural population. According to the conservatives the education of the people is proceeding at a great pace and it is only a question of time until the Chamberlain policy will be triumphant. As to the immediate course of business, it seems generally agreed that unless the nationalists offer serious opposition, Chancellor Lloyd-George's budget as it left the last house of commons will again be sent up to the lords, who this time will accept it and any modifications of its provisions will be left for the next budget. So sure is Premier Asquith that the liberals and laborites will have a safe majority over the conservatives that he has practically completed arrangements to resume the premiership in the new administration. The premier left this afternoon for southern France for a brief rest before the beginning of the strenuous parliamentary session."

Certain Proof Will Be Made That Stuart's Dyspepsia Tablets Cure Stomach Trouble

A Trial Package Sent Free

Stuart's Dyspepsia Tablets are made to give to the system, through the digestive tract and the stomach, the necessary chemicals not only to digest food, but to enrich the fluids of the body so that it may no longer suffer from dyspepsia or other stomach trouble.

Thousands upon thousands of people are using these tablets for the aid and cure of every known stomach disease. Know what you put into your stomach, and use discretion in doing so.

Stuart's Dyspepsia Tablets contain fruit and vegetable essences, the pure concentrated tincture of Hydrastis, Golden Seal, which tone up and strengthen the mucous lining of the stomach, and increase the flow of gastric and other digestive juices; Lactose (extracted from milk): Nux to strengthen the nerves controlling the action of the stomach and to cure nervous dyspepsia; pure aseptic Pepsin of the highest digestive power and approved by the United States Pharmacopoeia.

One of the ablest professors of the University of Michigan recently stated that this Pepsin was the only aseptic pepsin he had found that was absolutely pure—free from all animal impurities; Bismuth, to absorb gases and prevent fermentation. They are deliciously flavored with concentrated Jamaica Ginger—in itself a well known stomach tonic.

Liquid medicines lose their strength the longer they are kept, through evaporation, fermentation and chemical changes, hence Stuart's Dyspepsia Tablets are recognized as the only true and logical manner of preserving the ingredients given above in their fullest strength.
