Your Nerves

are the life, the vitality, the energy of your body

It is the nerves that cause the heart

gen, the brain to direct the motion of every organ of the body, the stomach to digest food, the liver to secrete the bile, the kidneys to filter the blood, and the bowels to carry off the waste. When the nerves of the stomach be-

come weakened or exhausted, Indiges-tion, Constipation and Inflammation result, because the stomach is inactive.

This is true of all the organs of the body, and proves that to cure disease

you must strengthen the nerves. Dr. Miles' Nervine

is the great specific for the nerves, and in bringing them back to health never fails to cure all cases of Nervousness,

fails to cure all cases of Nervousness, Sleeplessness, Neuralgia, Headache, Spasms, Backache, Muscular Twitchings, St. Vitus Dance, Epilepsy, Stomach, Liver and Kidney Troubles.

"For two years physicians and health resorts failed to relieve me of a complication of stomach, liver, kidney and heart affections. Six bottles of Dr. Miles' Nervine cured me," — G. W. ARCHBOLD, Grocer, Decatur, Ind.

The first bottle will benefit, if not, the druggist will return your money.

AMERICAN BEEF SOLD CHEAPER

IN LONDON THAN AT HOME

The New York World prints this cablegram:

London, February 2 .- Butchers business in American beef. But they sell it as "prime Scotch" and at four cents a pound more than the best English.

The American beef so sold is slaughtered at Liverpool, and is known as "Liverpool-killed."

One of the best known West End firms has given for the World the prices he charges his richest customers here for American "prime Scotch" beef. His prices are: "Sirloin, 24 cents a pound; shoulder or middle rib, 18 cents a pound; flanks or neck, 11 or 12 cents a pound.

Many grades of American beef are known in London as "ranch" beef. The cheapest ranges in price from 9 cents a pound for sirloin to five cents a pound for flanks.

New York Prices Compared With London Prices for Ameri-

can Beef

It is interesting to compare the prices in London with those that New Yorkers were being forced to pay yesterday.

The West End of London corresponds with our Fifth avenue or fashionable quarter. In that district yesterday porterhouse steak was 35 cents a pound, sirloin 32 cents a pound-8 to 11 cents more per pound than the same beef was selling for in London after all the costs and charges of carrying it 3,000 miles across the ocean.

They don't use shoulder or middle rib much up Fifth avenue. Only the first six ribs go into the fashionable quarters. And they were selling there yesterday at 22 and 25 cents a pound.

But in the middle districts such as the upper Broadway, porterhouse was fetching 28 cents a pound and sirloin 25 cents a pound. Shoulder or middle rib was only 14 and 15 cents a pound and flank or neck 10 cents a pound.

Consequently it will be seen that the middle class in New York were paying 1 to 3 cents a pound more for their beef than the lords and dukes of London.

The beef sold in London so much cheaper than in New York is American beef, bought on the hoof in the same markets used by American packers: it is shipped to Liverpool. is slaughtered in that city, and then shipped as meats throughout Great Britain, adding to the prime cost in America the cost of two shipments and two handlings.

AMERICAN "HURRY"

The high stimulation of will power in America has had the effect of quickening the general pace of life to a rate that always astonishes and sometimes annoys the European visitor. The movement of things and people is rapid, incessant, bewildering. There is a rushing tide in the streets, a nervous tension in the air. Business is transacted with swift dispatch and close attention. The preliminary compliments and courtesies are eliminated. Whether you want to buy a paper of pins or a thousand shares of stock, it is done quickly.

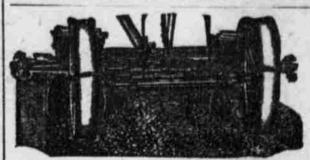

The American moves rapidly, but if you should infer from this that he is always in a hurry you would "How much amused Mrs. Pinkle- make a mistake.
