J., to drop the prosecution of the meat packers, according to a statement made today by an official of Mr. Garven's office in Jersey City. The allegation is that two men from Chicago had approached an acquaintance of Mr. Garven's and indirectly suggested that the prosecutor could retire a rich man if he would drop the prosecution of the packers. The official declined to give the name of Mr. Garven's friend who was approached. When the report of the alleged attempted bribery was brought to Mr. Garven's attention he made no statement regarding its truth or falsity, but remarked: 'No bribe will go, and I will push the beef trust to the limit.'"

Judge Wood denied the decree on the grounds that the plaintiff did not legally establish a residence in Idaho but came for the purpose of invoking the aid of the courts in securing a divorce. Judge Wood not only denies the decree because of the non-residence of the plaintiff, but finds that the preponderance of

He graduated from the University of the South, at Sewanne, Tenn., and is also a graduate of law of the University of Virginia. His post-graduate course was at Princeton University. After his collegiate course Mr. Percy returned to Greenville and engaged in the practice of law, in connection with the management of extensive land interests, and since early manhood has taken an active part in the political and other affairs of the state, although he has never heretofore held public office.
